Tow-Rope Parachutist Ends Up In Hospital

LETHBRIDGE, Alta. (CP)—A man who flew aloft—briefly—in a parachute at the end of a tow rope squinted through a black eye from his hospital bed and said: "I don't think I'll try it over land again."

The airborne adventure of George Sinclair, 36, of Coaldale, Alta., landed him in hospital with a broken pelvis, black eye and skinned arms.

"My career is ended for this year," he said rejectedly. "But watch out next year."

The parachute flip Sunday which saw him soaring up to 20 feet above the earth was just another in a series of daredevil escapades for the Coaldale fireman.

The day before the accident George was soaring around the Coaldale ball park. But he has made most of his flights over water, at the end of a top rope.

LIGHT AS FEATHER'

"You feel light as a feather up there. Real nice. It's a great sensation," he said in an interview.

His Sunday flight plan called for a friend, Edward Smith of Lethbridge, to drive a car with George and his parachute in tow.

As the tow rope tightened, George began running, his specially designed parachute trailing. He leaped into the air at about 10 mph. Nothing happened.

He ran a little more, leaped again and this time the wind hit the open 'chute. In his rear view mirror, Ed could see George's feet dangling. Then Ed wondered:

"Where did George go? He's not up there, where he should be."

He found the parachutist piled up on the ground. He gave mouth-to-mouth artificial respiration. Then the ambulance took the low-flying aviator to hospital.

N.S. Woman, Two Children Hitch-Hike Across Canada

VANCOUVER (CP)—A Nova Scotian woman has hitch-hiked across Canada with two of her children while her husband stayed home to baby-sit for two other youngsters.

Mrs. Mary McKenna, 32, six-year-old Stephen and Margaret, 4, used their thumbs to make the 4,000 - mile trip from Digby, N.S., to Vancouver.

They plan to thumb their way back after visiting relatives in Salmon Arm, B.C., where Mrs. McKenna was born.

The trip west cost Mrs. McKenna $125 for accommodation, meals and souvenirs.

Mrs. McKenna said she decided to hitch-hike because she thought it would be more interesting than travelling by conventional means.

"I knew we'd meet a lot of interesting people along the way and I thought it would be educational for the children," she said.

She said her husband Frank, at home looking after the other McKenna children, Anne, 3, and Maureen, 18 months, wasn't worried about them because he's done a lot of thumbing himself.

She said she found motorists in Western Canada friendlier than those in the East. Many families on picnic outings insisted on taking the McKennas along. Others took them on sight - seeing trips to waterfalls and parks.

BEDEQUE

Mr. and Mrs. Paul Vinden and two children of Timmins, Ont. are spending their vacation at the home of Mr. and Mrs. Douglas Affleck, Lower Bedeque.

Mr. J. C. Reid and Miss Louise Reid, Wolfville, N.S., are guests of Mr. Reid's parents, Mr. and Mrs. W. J. Reid, Middleton.

Mrs. K. Evans, Ontario, spent the weekend in Bedeque. Mr. and Mrs. Kenneth Archibald and children from Ontario, are vacationing with Mr. Archibald's parents, Rev. Dr. L. P. and Mrs. Archibald, this village.

There was a large congregation at the United Church here on Sunday morning, August 5, when the guest speaker was Rev. G. A. Cowper-Smith of Palgrave, Ont.

There was a special missionary service in the United Baptist Church, Central Bedeque on Sunday evening, August 5 when the guest speaker was Rev. Bruce Moore, associate minister at Highfield Baptist Church, Moncton. Mr. Moore is a native of Pownal, P.E.I.

Mrs. (Dr.) Ernest P. Weeks, Ottawa, is expected to arrive on the Island on August 10 for a two weeks visit with relatives and friends in Crapaud and Bedeque. She will be accompanied by her step-son Andrew Weeks.

Dry Weather Is Needed On Prairies

OTTAWA (CP) — Warm, dry weather now is required to hasten maturity of western grain crops, the Dominion Bureau of Statistics said Wednesday.

Rainfall during the last two weeks has maintained or improved crop prospects in most parts of the Prairie provinces and moisture supplies now are sufficient in most areas to carry crops to maturity.

The bureau's report—seventh in a series of nine telegraphic crop surveys covering all of Canada — was based on information received up to Tuesday night from field correspondents.

In the Maritimes, crop prospects have changed for the better with the end of wet weather which had prevailed since early July.

HAYING UNDER WAY . . .

Haying on Prince Edward Island and in Nova Scotia now is in full swing with 40 to 50 per cent of the crop bailed or stored in barns. But haying operations in New Brunswick are only 25 to 30 per cent completed.

Pastures are in excellent condition throughout the maritimes and grain crops are developing well. Potatoes are progressing favorably but there are reports of late blight infection. Excellent vegetable crops are in prospect and tree fruit development is satisfactory.

In most parts of Quebec haying has been retarded by wet weather and quality and yield has been adversely affected. However, cereals and pastures have improved as a result of recent rains.

HOWLAN

Mrs. Frank Gallant left on July 27 to visit members of her family in Montreal and Toronto. She left by car with Mr. and Mrs. Mark Griffin.

Lyman Arsenault, Howlan, and G.J. Gallant, Woodstock, left Friday morning on the pilgrimage to Ste. Anne de Beaupre, P.Q.

Mrs. Jerry Arseanult and Mrs. Jerry Gallant were delegates to the St. Thomas Aquinas convention in Rustico.

A miscellaneous shower was held in the Bloomfield Corner Legion Home in honor of Mr. and Mrs. Albert Finnan.

Mr. and Mrs. Carl Thibedeau and family, Ebbsfleet, visited Howlan Sunday.

Fire on July 29 destroyed two barns belonging to Earl Perry, Fortune Cove. Cause of the fkre is unknown.

Mr. and Mrs. Vincent Gallant, and family, Toronto, visited Holan recently.

Miss Elizabeth Arsenault is spending some time here with her parents before going to Toronto.

SENTENCED TO DEATH

JAKARTA (Reuters) — A closed military court Wednesday sentenced to death three more men accused of being involved in a plot to murder Indonesian President Sukarno at a religious ceremony here last March. Two men were condemned to death last month. A man fired pistol shots at the president, missing him but wounding five other persons, March 14.

CONTRACT BRIDGE

By B. JAY BECKER

South dealer.
Both sides vulnerable.

NORTH
♠A984
♥Q7
♦K95
♣9762

WEST
♠65
♥AKJ932
♦82
♣J86

EAST
♠QJ73
♥1086
♦74
♣Q1053

SOUTH
♠K102
♥54
♦AQJ1063
♣AK

The Bidding:

South	West	North	East
1♦	2♥	3♦	Pass
3♦	Pass	4♠	Pass
4♦	Pass	5♦	

Opening lead—king of hearts.

Lets say West cashes two heart tricks and shifts to a low club, which you win with the ace. How would you go about making five diamonds?

The situation is similar to many you've encountered before. There you are with all the rest of the tricks except one—in this case, a spade loser. The very fact that you have all the tricks but one should ring a bell in your mind—it should tell you there is a possibility of a squeeze.

You can't be sure the squeeze will operate perfectly, since it depends on how the adverse cards are divided, but it costs nothing to try. What you hope is that the defender who has the majority of the clubs also has the majority of the spades. If this is the case, the squeeze will work because that defender will be unable to keep both suits guarded.

Accordingly, you cash the A-Q of diamonds and king of clubs and enter dummy with a diamond in order to ruff a club. Then you cash another trump and that brings about this position:

West	North
♠65	♠A98
♥J9	♥9
	East
	♠QJ7
	♥10
	South
	♠K102
	♥10

Now you lead your last trump, discarding a spade from dummy, and East cannot prevent you from winning the rest of the tricks.

When you get right down to it, there was nothing really difficult about the play of the hand. The squeeze operated naturally and required no great flourishes. That's the way most squeezes work, even though you may hear people say that a squeeze is difficult to execute.

All you have to do when you have all the tricks except one is lead out your winners and hope, when the critical point comes, that somebody will start to squirm because he is squeezed.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation
