

A NOVA SCOTIA CASE

Significant Praise of Dodd's Kidney Pills by a Meteghan Citizen.

METEGHAN, N.S., Aug 22.—No man is better known to the travelling and commercial classes, in this province than is Mr. William German, proprietor of the Bay View Hotel here.

An interesting statement is made by Mr. German, and reads thus:

"I take pleasure in testifying to the merits of Dodd's Kidney Pills. Two years ago, I was suffering from severe pains in my back caused by Kidney Trouble.

"I got two boxes of Dodd's Kidney Pills and used them, and my complaint was completely cured. I have not had the slightest pain since."

"To all victims of Kidney Complaint there is one way of escape from their suffering. That is only by using Dodd's Kidney Pills. They always cure."

A refreshing beverage.

Water doesn't seem to quench the thirst these hot summer days. What is more, it is hard to get good drinking water. A most refreshing and invigorating beverage for the warm days is a teaspoonful of

Abbey's Effervescent Salt

in a tumbler of water. It braces you up, and fits you to stand the oppressive heat—makes you feel like work even on the hottest days. It is health-giving, too—regulates the system and tones the appetite.

Sold by druggists everywhere at 60 cents a large bottle. Trial size, 25 cts.

The Canada Lancet says: "This preparation deserves every good word which is being said of it."

The Southern Cross.

After you have known the Southern Cross for awhile and get on speaking terms with it your respect for it grows. When we first met it, writes E. W. Harden to the Chicago Post, we were at sea and were keeping good hours. By 9 o'clock all of us would have turned in. When the Southern Cross first comes above the horizon, it lies over on its side, and it is not straight in the heavens until midnight. Of course none of us would sit up three hours to see the cross right itself in the heavens, and so we did not see it as it should be seen until one night in Colombo.

We had been out to dinner and did not go on board our ship until midnight. The moon had set, and we were rowed out from the landing wharf in one of those ethnological exhibit boats which the Ceylonese had at the World's fair, the outrigger kind. A big Peninsular and Oriental passenger ship was weighing its anchors as we passed, and as we got on the quarter deck of our ship the liner went by with hundreds of electric lights gleaming over the water. When it passed out of sight, we caught sight of the Southern Cross, high in the heavens, standing straight with our horizon, and it was as brilliant and as beautiful as we had been led to expect.

"All Hands Abandon Ship!"

A naval officer thus describes the realistic "All hands abandon ship" drill: "Two minutes after the word has been passed every ship's boat has swung from its davits into the water, and a minute later every boat is thoroughly provisioned and watered. Within four minutes, and often in much quicker time, every man of the ship's company, from the commanding officer down, is occupying the station in the boat called for by his ship's number, and then the command 'Sheer off!' is given. The boats are hauled away a couple of hundred feet from the deserted vessel, and she rides without a human soul aboard her, often, when the drill is gone through in midocean, in a sea that the landsman would account terrific.

"Then the word 'Board!' is passed, and within eight minutes at the most all hands are not only on board again, but every boat has been relashed to the davits, all of the provisions, water, instruments and other gear have been removed, and the ship's company is in a fair way to get to sleep again."

Every household should have on hand a box of Dr. Chase's Ointment. The diversity of uses to which it can be put and the many doctor's bills it saves, warrant it in taking first place in the family medicine chest. All dealers sell and recommend it.

A Curious Fact

It is really remarkable the number of cheap plated watch cases that are made and sold these days—cases that will wear anywhere from six weeks to three years, and most of them containing a guarantee warranting them to wear for 20 years. A good filled case, one that will wear for 20 years, costs within a dollar of what it did seven years ago. That dol-

lar represents the reduced cost of making—the gold costs just the same.

I sell gold filled cases, cases that have stood the test of years, and personally guarantee every case that I sell in addition to the manufacturers warrant.

I have some of the latest and most desirable patterns in stock, also silver. Any make of movement you want.
