We have a lot of children's ulsters which we have put upon the counter to-day at 75 cents each. Harris & Stewart.

FAST HORSES.—The Enterprise claims that New Glasgow, N. S., has a larger number of fast horses than any other provincial town. Sixteen can do the mile under three minutes. Javel of course comes first with a record of 2:28.

WE wish this slip was a sample of any one of the 155 patterns of embroidery Stanley Bros are showing. Every lady who would see at a glance the value there is in them.

NEW HALL OPENED.—The new mission hall at Royalty Esq., built by Benj. Hearz, Esq., was formally opened yesterday afternoon with preaching by Rev. Mr. Brewer. The opening was very successful. The services in the hall will be conducted by the clergymen of all the city churches.

PREPARING FOR SPRING.—The large Bazaar over the Diamond Bookstore is being fitted up as a roomy paper show room, and will be a great advantage to the numerous patrons of this old establishment. The stock for the ensuing season is greater than ever and embraces varieties both English, American and Canadian.

JUMPED INTO WEALTH.—J. W. Sandison, the wheat king of Brandon district, Manitoba, has left for Glasgow, Scotland, accompanied by his wife. Before departing he ordered thirteen new binders, and also paid the land commissioner of the Canadian Pacific \$22,000 for land which he proposes to add to his extensive farm. Eight years ago Mr. Sandison went to Manitoba as a farm labourer.

A STRANGE FIND.—A portion of a man's leg from below the knee was picked up on the Low Point, C. B., shore on Thursday last, having been washed ashore by the heavy gale. A short knee boot, about size 8, and a red sock, covered the foot. The people of the district suppose it to be the leg of the man lost overboard from the ship "Breanda," which left North Sydney for Victoria, B. C., in October last.

W. M. S.—Through the kindness of Mr. Unsworth, arrangements have been made for the issue of return tickets at one first class fare from all railway stations on Wednesday, 24th Feb., good for return up to and on the 29th inst., to delegates attending meetings of Women's Missionary Convention. Delegates will require to be furnished with certificates of attendance, signed by the Secretary of the Convention for presentation to conductor on return trips. Feb. 12 dy & wky.

TEACHERS' ASSOCIATION.—Another very interesting meeting of the Teachers' Association was held in the Y. M. C. A. on Saturday evening, nearly all the city teachers being present. Principal McSwain, of Queen Street School, presided. After a very interesting and instructive discussion on the pronunciation of words of this pronounced, the subject of the evening, "Discipline," was taken up. Two very instructive papers on the subject, written by teachers in Prince Street School, were read, and an animated discussion followed. The discussion proved so interesting that it was decided to resume the subject at a future meeting, when the Rev. James Simpson will read a paper. "Arithmetic" will be discussed at the next meeting of the Association.

A COOL ONE.—One remarkable incident in connection with the recent disastrous fire in the Hotel Royal, New York, is given by the papers. One of the guests a Mr. Thompkins roomed on the third floor. The cry of fire made him jump from his bed in a hurry. He went out in the hall, saw that the whole building was in a blaze, and saw a lot of guests rushing about. He went back into his room and shut the door. Then he deliberately dressed and began to pack his trunk. The flames were eating their way through the floor of his room, but Mr. Thompkins put everything into his valise, even to his tooth brush. He appeared at the window fully dressed, even to his silk hat and his cravat. In one hand he had the valise and in the other the rope fire escape that had been placed in his room. He shouted to a man in the street "catch this," and down went the valise. Then he threw the rope fire escape and began to descend. He actually stopped in the middle to adjust his silk hat, which had become displaced. Mr. Thompkins reached the ground with his hands blistered and burned, got his valise and remarked calmly to the men who gathered around him: "Whew! That place burned so quick I hardly had time to get out." Then he walked off.

"LANGUAGE" from a physical standpoint will be the subject of Dr. McLeod's lecture in St. James' Hall to-night. An excellent basis for an instructive and entertaining lecture, especially when in the hands of a master.

BROOMING A NUISANCE.—The ash bin recently placed at the north corner of the Market House is overflowing and the refuse flows along the sidewalk front. It is not in any sense a thing of beauty and should be removed.

TO-MORROW.—The programme of the Firemen's Concert, which is to be held in the Lyceum on Tuesday evening, March 1st, will appear in THE EXAMINER to-morrow. Look out for it, as the committee intend making this the Concert of the season.

BY-ELECTION.—The contest in West Huron takes place to-morrow. Hon. J. C. Patterson, Secretary of State, is the Conservative candidate, and M. C. Cameron leads the party of blue rain. At the general election the G. P. majority was 379—a large vote to overcome—but the government are hopeful of redeeming the constituency.

LECTURES ON BOTANY.—It is hardly necessary to again call attention to Mr. Bain's course of lectures on Botany, or to the first lecture of the course—which will take place to-morrow evening—on "The Seed and its Germination." We feel sure that Mr. Bain's lectures will be attended by a large number of students and citizens.

Remember the clearing out sale of boots and shoes at Paton's Corner. The shoes have to be cleared for building purposes. Now is the time to get bargains in fine boots, over shoes, slippers, &c., as the stock must be sold.—E. K. Jost.

STREET REGISTER BOOK for complaints of citizens, re dangerous platforms and other nuisances adjacent to the city. This book is open in the office of the City Clerk, where citizens are requested to enter any complaints which may require the immediate attention of the City Surveyor.

POLICE COURT.—This morning, a man for fighting on the streets was fined \$3 or 14 days; a drunk was discharged upon his promising to behave better in the future; and a vicious dog case was adjourned owing to the absence of the complainant. The case against a young woman charged with keeping a house of ill-fame and a young man for frequenting the same, was dismissed. The Magistrate said the evidence before him was not sufficient to convict the woman of the charge against her. She and the "man in the case" had entered the married state since their arrest, and he hoped they would lead better lives in the future.

ENTERTAINMENT.—The members of Mr. S. F. Higgins's bible class intend giving an entertainment, under the auspices of the Epworth League, in the basement of the First Methodist Church, on Monday evening next, 29th inst., commencing at 8 o'clock. They are now preparing a splendid programme, consisting of choruses by the class, vocal solos, vocal and instrumental duets, male quartettes, readings, etc. An interesting feature of the entertainment will be that only young men will take part in it. The choruses will be accompanied by the violin, cornets and piano. A silver collection will be taken at the door. Give them a full house.

"I am going to enlarge my paper," remarked the editor of the Farmer. "So am I," was the response. "Why, you have no paper to enlarge," exclaimed the puzzled editor. "Not like yours maybe, but I have got a note out for \$250 and I've got to enlarge it to \$500, or sell half my farm." This man did not buy his children's clothing at Prowse Bros., or it would have been different with him.

A REMEDY that is endorsed by physicians must have some merit, for no physician of any standing will place his seal of approval upon a preparation unless he knows it to be good. Now Evey's Emulsion of Cod Liver Oil is not only endorsed by physicians but largely used by them in their practice.
