Who Get There

The constant drop of water
Wears away the hardest stone;
The constant gnaw of Towser
Masticates the roughest bone;
The constant cooing lover
Carries off the blushing maid;
And the constant advertiser
Is the man who gets the trade.

The Ubiquitous Scot.

HOW HE LOOMS UP AMONG ALL NATIONALITIES THE WORLD OVER

A story appeared a few years since, says a contemporary, describing the disappointment of an Englishman who went out to the east as an interpreter and whose ruling passion was a hatred of everything Scotch. Strolling through the camp with a Turkish officer and abusing the Scotch to his heart's content, to his astonishment Hassen Bey, the Turk, broke out: "I'll telly whaat, ma mon, gin you daur lowse yer tongue upon my country like that I'll gie you a cloot on the lug that'll mak' it tingle fra this till Hallowe'en!"

The thunderstruck Englishman stammered out. "Why, my good man, I thought you were a Turk!" "And sae I am a Turk the noo, me brawl chiel," said the angry Glasgow, Mussulman, "but my feither's auld leather breeks ne'er traveled further than jist from Glasgow to Greenock and back again, but when I gang hame—as I'll do or it's lang, if it be God's will—I'll just be Wully Forbes, son o'auld Daddy Forbes, o' the Gorbals, and that's come and gane!"

Presently a splendidly-dressed Hungarian came up and said to the Turk, "Wully, mon, there's a truce the noo for twa hours; jist come wi' me an' we'il hae a glass o' whusky togither." It was the same with the Russian officer, until the Englishman exclaimed, "Bless my heart, is everybody on earth a Scotchman? Perhaps I'm one myself without knowing it."

But when the Russian Gen. Tarassoff exclaimed, "Eh, Donald Cawmell, are you here?" and Ibram Pasha broke forth simultaneously, "What, Sandy Robertson! can this be you? the Englishman broke forth, "It's all over. The Turks, Russians, Hungarians, English—all Scotchmen! It's more than I can bear! I shall go home. There's nothing left for me to do here. I came out here as an interpreter, but if a'l the nations of Europe talk nothing but Scotch, what use can I be?"

It is beyond all doubt that "Myrtle Navy" is the favorite tobacco with the smokers of Canada. They obtain more enjoyment from it than from any other tobacco made, and those of them who have used it long enough to test its merits never abandon it for any other brand. The reason for this preference is that the "Myrtle Navy" is made of the very finest leaf which is grown, and that in every process of its manufacture the most vigilant care is exercised to preserve the genuine aroma of the leaf. ....

It is said that the Queen will herself write a chapter of personal recollections of the unfortunate young Prince, and that the book will be published under her express sanction and that of the Prince and Princess of Wales.

The heirs of one William Cromwell, of Maryland, claim possession of a good deal of land in Baltimore, the lease of which in 1790, they allege, has now expired. It is a matter of more general interest that these American Cromwells claim descent from Oliver Cromwell. Descent of course they cannot claim, but kinship they may, for the lineage has been traced back to Sir Oliver Cromwell, uncle of the Protector. In 1683 his descendant, William Cromwell, having emigrated to Maryland, is said to have obtained from Lord Baltimore part of the land now to be contested.

Shipments of products from the Dominion experimental dairy station are being made by Dairy Commissioner Robertson to the English markets this week. They come from stations at Perth, Ontario, Kingsclear, N B, and New Perth, P. E. I., and comprise fancy Cheddar cheese and the finest creamery butter. Altogether the quantity of cheese will be about one hundred and fifty thousand pounds and about fifteen thousand pounds of butter. These goods will be sold in sample lots mainly in Liverpool, Manchester and London, and will be used to advertise the excellent quality of the dairy products which now go in such enormous quantities from Canada. Early next month Commissioner Robertson will visit Great Britain for the purpose of addressing boards of trade in the leading cities to call attention to the excellence of the food products which Canada supplies, and to the vast undeveloped resources of the Dominion for producing food for the millions in the industrial centres of the mother country

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing syrup," and take no other kind. 1yr

How to Make Money.

The following statistics, gathered from reliable sources, are both interesting and instructive, and may be turned into money, so to speak, by farmers and poultry-raisers. The number of fowl has greatly increased in the United States during the last five years, but this increase has been larger in the New England and Middle States than in any other. Twenty-seven States report over one million each. Seventeen States report over two millions each. Thirteen States report over three millions each, while the State of Illinois, Iowa, New York, Ohio and Pennsylvania report over five millions each. In eighteen of the States the annual average product of eggs per hen is as follows:

State.	Doz	State.	Doz	State.	Doz.
Me..	7,5	Penn,	5 3	Ohio,	4 0
Mass.,	7 2	N. Y.,	5 0	Ill.,	3 6
Conn.,	7 1	Ind,	5 0	N C.,	3 6
N. H.,	6.7	Tenn.,	4 7	Ala.,	3 2
R. I.,	6 4	Ky.,	4 4	S. C.,	3 1
Vt.,	5 9	Iowa,	4 3	La,	3 0

It will be noticed that the average number of eggs laid per hen per year ranges from three dozen to over seven dozen and that those states which reported the largest number of hens did not make the most money, because, as the figures show, they only got an average of four to five dozen eggs per hen per year, while the New England States showed an average of from six to over seven dozen. The question arises then why do hens in the New England States average more than seven dozen eggs per year per hen, while in Louisiana they only average three dozen? The reason must be found in the fact that in the New England States, Sheridan's Powder to make hens lay is almost universally used, while in the west and south it is not used much. Louisiana has not gone behind but the Northern States have gone ahead. There is no doubt at all but what the extensive use of Sheridan's Powder to make hens lay and for the improvement of poultry has boosted the poultry industry more than all other influences put together. The poultry industry of this country now amounts to between five and six hundred millions of dollars annually and the profits are said to be enormous. One man in Mass., near Boston, has made twenty thousand dollars a year for the last five years and many more have from five hundred to a thousand dollars, while thousands of women, children and invalids have earned a comfortable living. All who want to know just how to make money, keeping and tending poultry, should send to I S. Johnson & Co, 22 Custom House St., Boston, for a copy of the Poultry Raising Guide, price 25 cts.

The Telephone Company
—OF—
P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.

Physicians and so-called Dyspepsia Cures failed to give any benefit.

Groder's Botanic Dyspepsia Syrup

Brought relief and a permanent cure.

To the Dyspepsia Cure Co.

GENTLEMEN: For four years, I have had a complicated stomach—liver trouble, THE blood would rush to my head causing palpitation of the heart so badly that I fainted many times. After I had tried the best physicians, and two of the leading sarsaparillas, without receiving any lasting benefit, I was recommended to try your Dyspepsia Syrup. KIND One bottle did me so much good that I determined to buy six, under your guarantee to cure me or refund my five dollars. But FOUR bottles accomplished a complete cure and I am again in perfect health; FREE FROM CONTHAT STIPATION; NO RUSH OF BLOOD TO THE HEAD; NO PALPITATION OF THE HEART AND A RAVENOUS APPETITE. I sleep nicely and am growing fleshier than I would like to. Your medicine is SWEET and PALATABLE, far more pleasant than any of the many CURES remedies I have tried, AND IT CURES. I will gladly answer any inquiry concerning this statement. Yours respectfully,

MRS. EMMA BOW.
