FOR SALE.
That valuable freehold farm, situated on the St. Peter's Road, eight miles from Charlottetown, which was owned by the late Henry M. McLeod. This is one of the most desirable farms ever offered for sale in this province. It is situated in the nicest farming section in Queen's County. It consists of 125 acres, 95 of which are in a high state of cultivation, the balance being covered with hard and soft wood. It is well fenced with spruce hedges and has a large orchard, Railway Station, Queen's County Court House and School House all on the premises; wharf and cheese factory are within easy reach. The dwelling house and barns are all that can be desired and are in good repair. Intending purchasers must see the property to appreciate the many advantages it offers to the aspiring agriculturist. The property may be inspected any day up to the first of September, when to parties interested full particulars and terms will be given by the undersigned.
Another farm of sixty acres half a mile from the above with three never failing springs of water will be sold separately or in connection if desired.

EDUCATION OF THE BLIND:
DEAR SIR,—Having seen in different publications articles speaking highly of Mrs. Fraser, teacher of the blind, in Halifax, N. S., I had the pleasure a short time ago to see and hear some of the fruits of her treatment in the person of a son of Angus McDonald, Queen Street, who has been in that institution for the last two years. His father asked me to his house to see his boy's performance I was received kindly by Mrs. McDonald, and after partaking of tea and cake we were shown into a spacious room where sat the noble boy at the organ and played most beautifully. There was a party of finely-dressed little girls invited to do honor to Mrs. McDonald's youngest daughter's birth day.
The organist played some smart tunes and the ladies went through the fashionable dances in beautiful style. The reading came next in course and caused me to wonder with admiration. To see that boy run over a large sheet of paper with such rapidity with his fingers was a sight not to be forgotten. I must say I spent a most enjoyable evening for which I return my sincere thanks to Mr. and Mrs. McDonald for their extreme kindness.

"A GROWING TIME."
"Yes, it's a growing time in Canada, a growing distrust of Liberals, who promised, when in opposition, to reduce the national expenditure, but who instead increase it by over fifteen millions. A 'growing time,' yes, the expenditure is growing, and growing very fast."
"A growing time—for ballot-stuffing, bribery, fraud, and impersonation. West Huron, West Elgin, South Ontario, etc."
"A growing time—Mann and Mackenzie like it; two millions for them is the kind of growth they appreciate."
"A growing time—yes, contractors and political wire-pullers are 'growing' fat at the public crib."
"A growing time—for scandals which the Government dare not fully investigate."
"A growing time—the fear of issuing a writ for Winnipeg is 'growing' every day."
"Six millions show that the expenditure is growing."
"A growing time—for the public debt."

WELL DEVELOPED MUSCLES
STRONG NERVES AND PURE BLOOD MAKE THE STRONG AND HEALTHY
PAIN'S CELERY COMPOUND
Bestows all These Blessings
Well developed muscles and strong nerves belong only to healthy and vigorous men and women.
Paine's Celery Compound will give the weak and the sickly full muscular power, strong nerves, pure blood and digestive vigor. It will do more to counteract the on-coming of ill-health, sickness and disease than any other medicine in the world.
In an untold number of cases where other remedies have failed, Paine's Celery Compound has brought about the wished-for result, making old and young happy and joyous in the possession of sound health. It is criminal for any intelligent man or woman to continue suffering from disease that Paine's Celery Compound is able to banish. Honest and able physicians, the truest family druggist, clergymen, members of Parliament and the best people of Canada, recommend Paine's Celery Compound with pleasure and satisfaction.
The words of praise bestowed upon Hood's Sarsaparilla by those who have used it prove the merit of the medicine

ST. JOHN, N. B.,
Mr. W. H. Bowser Found the
Only Cure for Back Pains—
Dodd's Kidney Pills.
The Discovery not Confined to one Person or District—People all over Canada know that Backache is Kidney Ache—and that Dodd's Kidney Pills will Remove it
St. John, N. B., Aug 25.—All classes in all districts of this great Dominion have long since recognized the fact that Backache, so called, is nothing else but Kidney ache. In the Maritime Provinces this is especially well known, Fishermen, of the Gulf; Sailors of the Bay of Fundy and the Atlantic; Ratsmen, of the Restigouche; Lumbermen, of the St. John; Farmers, of the apple orchards of the Annapolis Valley; people in every walk of life in New Brunswick, Prince Edward Island and Nova Scotia, men and women, all know that when the back pains or aches, the kidneys are affected.
That this is so is proved: they have taken Dodd's Kidney Pills to cure themselves. Dodd's Kidney Pills act on the kidneys. If these people cure themselves of Backache by Dodd's Kidney Pills they must know Backache is really Kidney ache. And they have been cured as their published letters to that effect show.
Mr. W. H. Bowser, the well known and popular commercial traveller of St. John, N. B., writes:
"Re Dodd's Kidney Pills, I beg to state that I have used them for pains in the back and have found them to be all you recommend, viz., a positive cure for Kidney troubles. I believe them to be a splendid tonic—good enough for me anyway."
Dodd's Kidney Pills are for sale at all druggists at fifty cents a box, six boxes for \$2.50 or will be sent on receipt of price by The Dodd's Medicine Company, Limited, Toronto.

NOTES AND COMMENTS.
—The keynote of the prohibition campaign was sounded by Mr. Duncan Marshall: "Vote them down." Is it strange that the discreet Guardian hesitates to sound it? Is the Guardian in earnest for prohibition, or is it simply playing with the question, as an actor does, to rake in the prohibitionists' dollars.
A Guaranteed Asthma Cure.
Clarke's Kola Compound Cures.
Some years ago this would have been considered an impossibility, but Dr. Clarke has solved the problem since completing his experiments with the wonderful Kola plant in England. In December, 1893, he found, that by combining extracts from the Kola with other extracts from the ground-gum plant which grows in California, that the compound would cure the severest cases of asthma. Upon experimenting on one of the leading London hospitals he found that 86 per cent. of the cases were cured in from 90 to 90 days' treatment. Since the introduction of this medicine into Canada in 1895 there have been over 500 cases cured in Canada alone. Mr. R. N. Plume, C. P. E. engineer, Weston, British Columbia, writes: "I have been a great sufferer from asthma in its worst form for over twelve years and never succeeded in getting anything to help me permanently." In the winter of 1898 he was cured by Clarke's Kola Compound for me in December, 1898, when two bottles entirely cured me; at least, I have not since had any return of the asthma. I am personally acquainted with at least six persons who have been cured from asthma by Clarke's Kola Compound, and feel it my duty to recommend it to all who may be troubled with this disease."
Three bottles are absolutely guaranteed to cure. A free sample bottle will be sent to any person troubled with asthma. Address The Clarke & McClelland Co., sole Canadian agents, 121 Church Street, Toronto, Ontario. Sold by all druggists.
Others may relieve, but Clarke's Kola Compound for asthma permanent cures.

ESTEEMED EXCHANGES
Montreal Star: If the Liberal party of Canada has got rid of the free trade and unrestricted reciprocity rubbish that kept it in the cold shades of Opposition so long, there is no reason why the political parties should not alternate in office here as they do in England, with advantage to both parties and to the country. At any rate both parties should be taught that they will be held to strict account by the electors; that the breaking of pledges and the squandering and plundering of public money will not be condoned.
Esterhazy Hooted.)
LONDON, August 24.—The Daily News says that ex-Mayor Esterhazy, who is a fugitive from France, was recognized on Oxford street today by a few persons. They began groaning, and their actions soon attracted other persons, and in a short time a well dressed crowd was following Esterhazy along the street hooting him.
The police interfered and dispersed the crowd, while Esterhazy made his escape in a cab.

With Years WISDOM.
The answer to that old query, "What's in a name?" was not hard to define in the case of one justly celebrated Family Remedy that had its origin away down in Maine, which proves that with age comes wisdom about
JOHNSON'S ANODYNE LINIMENT
An old lady called at a store and asked for a bottle of Johnson's Anodyne Liniment; the clerk said "they were out, but could supply her with another just as good." The engaging smile that accompanied this information was frozen stiff when she replied: "Young Man, there is only one Liniment, and that is Johnson's."
Originated in 1810 by an old Family Physician. There is not a remedy in use which has the confidence of the public to a greater extent. Could a remedy have existed for nearly a century, except that it possess extraordinary merit?

"Let the Searchlight of Practical Illumination the dark places of Theory"
A THOROUGHLY Progressive, Practical Institution, in which young men and women are not only taught Bookkeeping (in all its applications to Commerce) both by single and double entry, but are trained how to do business by actual business transactions. The students act as buyers, sellers, traders, bankers, book-keepers and accountants in actual business operations, and the currency issued by the College Bank and the notes issued from the Emporium are used in bona-fide business transactions just the same as in mercantile and banking houses. Book-keeping in itself may be learned at home, but a knowledge of how to transact business cannot be thus acquired. That our course and system of training is eminently practical for test months from a business man and from students who are now holding lucrative and responsible positions.
SUBJECTS:
Book-keeping by single and double entry (theoretical and practical) Actual Business Practice, Business Penmanship, Business Correspondence, Commercial Arithmetic, Commercial Law, Railroading, Steamboating, Banking (actual practice in the College Bank), Typewriting, Shorthand, and Navigation.
FACULTY:
J. B. Miller, Principal, Teacher of Book-keeping, Arithmetic, Business Practice, Business Correspondence, Typewriting and Navigation.
A. C. McMillan, Vice Principal, Teacher of Railroading, Steamboating, Banking, accounting and Actual Business Practice.
J. Harry Williams, teacher of Business Penmanship.
Wm. Moran [license] Teacher of Shorthand.
George S. Enman, Esq., [Law Firm McDonald & Inman] Lecturer on Commercial Law.
