DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Montreal—Market irregular in light trading.

New York — Market mixed; shipbuilding shares firm.

Toronto — Market irregular in light trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar closed Thursday at a discount of 3 per cent in terms of Canadian funds, up 1-16. Pound sterling $2.72¼, up ¼.

TORONTO

TORONTO (CP) — The stock market was irregular Thursday in light trading.

The market, in general, opened narrowly lower and remained that way for the morning. At noon prices in some sections began to inch ahead with some lightly-traded stocks moving up in a moderate range. At the close, golds, base metals and western oils were narrowly easier.

Molybdenum, Toronto Iron Works and Minnesota and Ontario Paper were winners of between one and 2⅜ points but all had small volumes. Other price changes were fractional.

Coppers opened lower as the red metal price on the London Metal Exchange dipped but by the close several coppers had turned to the upside, including Campbell Chibougamau, up 20 cents to $5.80. Western oils and senior base metals were quiet with few prominent price change.

Index changes: industrials up .84 to 412.33; golds off .62 to 69.76; base metals off .07 to 153.29; western oils off .44 to 134.50.

HISTORIC ITEMS

LONDON (CP)—An exhibition of equipment carried and worn by Alcock and Brown, first to fly the Atlantic in 1919, has been opened at London airport.

MONTREAL

MONTREAL (CP) — The Montreal and Canadian stock markets were mixed to lower in light trading Thursday. Price changes extended to two points.

Refineries were down. Trans-Mountain dropped 2 points to 67½, Interprovincial Pipeline 1¼ to 40¼. The steel group was weak. Atlas lost 1¼ at 17.

Base metals were generally strong. Hudson Bay rose 1¼ to 48. The newsprint section was mixed. Banks were mixed. Beverages were fractionally firmer.

Producing metal mines were generally higher on the Canadian exchange. Campbell Chib gained 25 cents at 5.85, and Steep Rock 30 cents at 9.00. Producing western oils were mixed to lower.

The exchanges' closing average show banks off .04 at 45.12, utilities off .6 at 133.1, industrials up .1 at 234.5, combined off .2 at 200.7, papers up 8.23 at 1,108.66 and golds up .43 at 69.12.

READY FOR TAKEOFF

This is the newest in the line of vertical take off aircraft being developed for the armed forces. The Vertiplane, unlike its earlier relation, the "tail-sitting" Vertijet, may land, takeoff and fly horizontally ind vertically in typical horizontal attitude with adjustment of double retractable wing flaps. The flaps set here for a vertical takeoff, extend far below the trailing edges of the wings. (AP Wirephoto.)

NEW YORK

NEW YORK (AP) — Shipbuilding and tobacco shares ran up sizeable gains in an otherwise highly erratic stock market Thursday.

The Associated Press average of 60 stocks advanced 30 cents to $159.50 with the industrials up 70 cents, rails down 50 cents and utilities unchanged. There were 14 highs for 1957 and 33 lows.

Volume was 2,020,000 shares, the lowest since Nov. 11, Remembrance Day, when 1,540,000 shares changed hands. Wednesday's trading totalled 2,220,000 shares.

The shipbuilding shares, enjoying sudden popularity since Tuesday, were in increasing demand following Russia's launching of the first atomic-powered surface ship.

Canadian gainers on the New York exchange included Hudson Bay Mining, up ½; International Nickel, ¼ higher on 2,400 shares; Distillers-Seagrams, ¼ and Canadian Pacific, ⅛. Losers included Aluminium Ltd., off ⅜ on 10,100 shares; Dome Mines, ¼; Granby Mining, ¼ and McIntyre Porcupine, ¼.

Canadian gainers on the American exchange included Canadian Marconi, ⅛ higher on 300 shares. Losers included Richwell and Molybdenite, each ⅛ lower and Fargo Oil, off 1-16 on 1,300 shares.

VITAL MINERAL

South Africa's reserves of uranium oxide are believed the highest in the world.

Ontario Gold Production Up

TORONTO (CP)—Ontario mines produced $7,657,462 worth of gold during October this year compared with $7,159,623 in October 1956, the provincial department of mines reports.

The industry's 30 mines milled 772,383 tons of ore compared with 754,191 in the same month last year.

Production during the first 10 months of 1957 totalled $70,357,152 compared with $71,163,234 during the same period last year.

JAPANESE SPUTNIK?

TOKYO (Reuters) — Japanese rocket experts Wednesday night launched a four - foot rocket which reached an estimated height of 60 miles. Dr. Hidee Itokawa, who designed the missile, said the test was "exceptionally successful." Associates at Tokyo university said: "It should not be long now before Japan launches a Sputnik."

Mr. Fleming Defends P. M. From Criticism By Maritimer

OTTAWA (CP) — Henry Murphy, Liberal member for Westmorland, N.B., Wednesday accused Prime Minister Diefenbaker of regarding pension increases for retired workers of the old Intercolonial Railway as "of no importance."

Finance Minister Fleming immediately came to the defence of the prime minister, who was not in the Commons at the time.

Stanley Knowles, deputy CCF leader, interjected that Mr. Fleming "cannot get the prime minister off the spot."

The charge followed an exchange during the House question period earlier Wednesday.

RECONSIDER BUSINESS

Mr. Murphy had asked the prime minister whether he would reconsider the business of the House to allow for legislation providing increases for former government railway employees. He said Mr. Diefenbaker had once described the present pensions as "totally inadequate."

Mr. Diefenbaker had replied that if Mr. Murphy "did not ask so many questions of little or no importance from time to time, we would get on with the business here faster."

Later, during Commons study of an interim supply bill enabling the government to meet its December bills, Mr. Murphy said he disagrees with the prime minister that the question of pensions to railway workers is not an important matter.

RELEATED T. ORDER

Mr. Fleming interjected that the prime minister's earlier reply did not attach itself to the intrinsic importance of the matter, but was relating it to the order of business in the Commons.

Earlier, Mr. Murphy said the added expenditure for higher pensions to a few thousand retired railroaders would not be for long. Most of them were old and would soon die off.

Mr. Murphy also called on the government to launch a capital works program in the Maritimes to give jobs to the unemployed.

He listed three possibilities: A causeway between his own New Brunswick riding and Prince Edward Island; the Chignecto Canal linking the Northumberland Strait and the Bay of Fundy, and relocation or construction of railway overpasses in Moncton, N.B.

ROSY FUTURE

Another Maritime member, H. Russell MacE..n (PC —Pictou), expressed confidence about the economic future of the Maritime provinces and of the coal mining areas he represents.

He said he has hopes that the "Black Diamond" coal seam at Westville, N.S., soon will be opened, helped by the government's program to extend subventions on shipment of Maritime coal. The seam contained 15,000,000 tons of the best coal available. New government policies on subventions and power development also would help development of new industries in the area.

Through the Atlantic provinces economic council, the eastern provinces had shown they were going ahead.

"The future looks good. I believe the Maritime provinces are prosperity they have not known looking forward to an economic for many years."

REALLY OLD

Scientists estimate that tribesmen in Sweden were farming and raising cattle as early as 3000 BC.

Science Now Shrinks Piles Without Pain Or Discomfort

Finds Healing Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was promptly relieved. And while gently relieving pain, actual reduction or retraction (shrinking) took place.

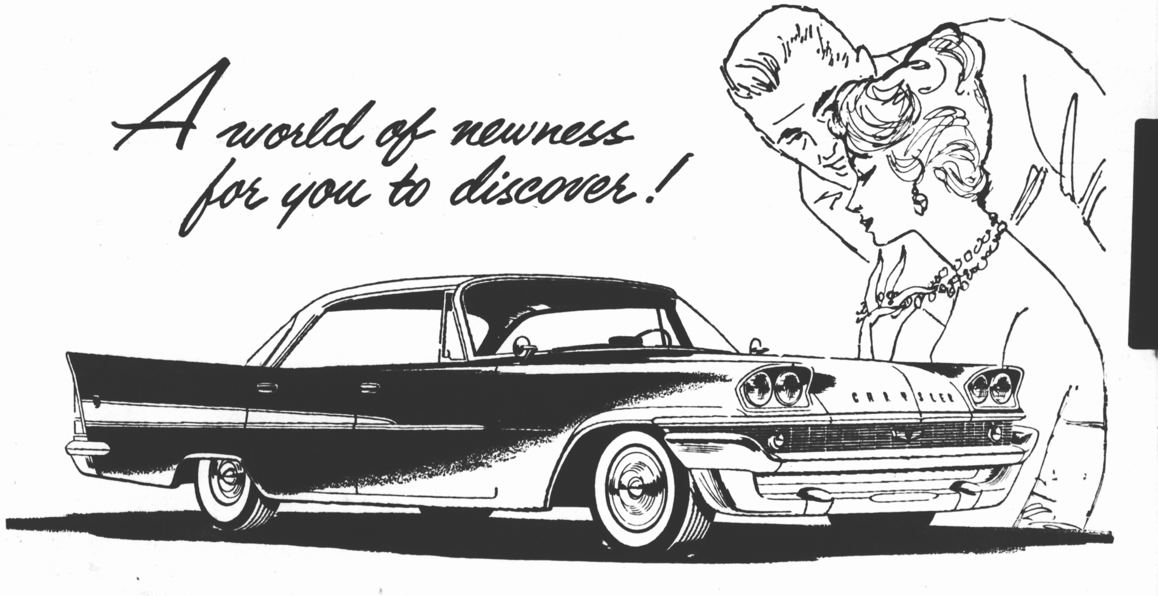
And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of even 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Crumble one Oxo cube with one tsp. flour. Add cup cold water, bring to boil. Simmer 5 minutes.



The magnificent new

CHRYSLER FOR 1958

cool beauty with a fiery spirit

With the opening of the door of this sleek, 1958 Chrysler, you enter a world of pleasurable new sensations almost without end.

The new sparkle of Chrysler's interior decor . . . the modern, lounge-like comfort of its seats . . . swank, deep-carpeted luxury . . . they all add immeasurably to your joy of discovery.

You'll take pride in the dramatic picture you make, driving this long, svelte beauty of obvious craftsmanship in every detail.

Certainly, you'll admire the splendid spirit of the new '58 Chrysler. So powerful with its great whisper-quiet V-8!—so incredibly smooth in response with its ultramodern push-button automatic drive!—and so refined in its handling and riding, thanks to its advanced 1958 Torsion-*AIRE* suspension.

We'll be happy to bring a Chrysler to your door whenever you wish. Why not telephone us now . . . and arrange to take your own discovery drive in this great new motorcar.
