Scarlet Tanager

Wilson's Warbler

In addition to the above, Scott Makepeace seen the following birds at Strathgartney during the Department of Energy and Forestry's forest bird migration study. Warblers: Black-and-White; Tennessee; Nashville; Yellow; Magnolia; Cape May; Yellow-rumped; Black-throated Blue; Black-throated Green; Blackburnian; Common Yellow-throat; Chestnut-sided; Palm; Ovenbird; Mourning; Canada; American Redstart.

My apologies to Thelma Murchison for the error on the Kingfisher sighting reported in the last newsletter. It was not seen "feeding on suet" as noted. Thanks to all those who contributed their bird and mammal sightings. This issue's contributors were: Bill Bowerbank; FRC - Rosemary Curley; RC - Raymond Cook; DG - Diane Griffin; TG - Terry Gauthier; DK - Don Kimball; TL - Todd LaFrance; BM - Blake Maybank; BaM - Barry Martin; DM - Danny Murgnahan; JDM - Dan McAskill; SM - Scott Makepeace; DS - Dwayne Sabine.
