Field Hockey Team Wins First Game

by Matthew Beardsley

If at first you don't succeed, try, try again. It's an age old phrase that has been spoken time and again in connection with sports.

It finally came true for the UPEI Field Hockey team, when on Sunday, they defeated St. F.X. 4-0. Their first regular season win in over three years.

They not only recorded their first win but all amounts they scored more goals in the game then they have in four years.

The Lady Panthers won in impressive fashion as well. The totally dominated St. F.X. in every facet of the game. Heather Morrison put the Lady Panthers on

the board when she converted a crossing pass from Kellie Shaw at the 19:02 for an easy tap in.

UPEI was then awarded a penalty stroke when a St. F.X. player covered the ball in close to the net. Patricia Shields was chosen to take the shot and she made no mistake with it, firing the shot high to the left corner.

Then just five minutes later rookie Francis Moffat moved in from outside and fired a shot to the mow corner to up UPEI's lead to 3-0.

The Lady Panthers finished up in the second half where they left off in the first. Francis Moffat scored her second goal of the

game and third of the weekend when she tapped in a goal mouth pass.

UPEI goalie Sandy Jardine recorded her first shutout of the season with little trouble. St. F.X. had very little penetration and only three short corners.

On Saturday UPEI played a lackluster game, really only pressuring Saint Mary's after Francis Moffat scored with three minutes left. Saint Mary's took advantage of some sloppy defensive play to edge UPEI 2-1.

Head coach Simone MacKenzie said she used a special speech to get her team up for the game. "I told them I have a special need or want to beat my former alma matter."

"I told them to be just in ev-

erything they did. First to the ball on offensive, defensive everything. Just to be more aggressive. yesterday we were barking off. We had to take it to them."

Mackenzie singled out Heather Morrison as one of many who played well. "She played extremely well. It's quite possible she's playing with a hairline fracture in her hand." Dawna (Stevenson) and Debbie (White) really controlled the tempo.

Debbie White said are of the the keys was the teams ability to play as a unit. "We played as a team today. We really played up to our potential."

Third year player Hellayh Noonan said the loss brought the team back down to earth. "We were a bit cocky, after our pre-

season wins. The loss made u work more as a team as oppose to working as individuals. It's just fun to win."

Heather Morrison said th team came out determined to win. "We wanted to win. Right from the whistle we played hard. We want to be first in everything. We were in a much better frame of mind. We showed a lot of offensive power today."

Simone MacKenie hopes now that the team can build on this win. "We'll go from this game to the next. Try and live on it. We want to be consistent in every game."

If the Field Hockey Panther play as well as they did on Sunday, they can be expect some good things this season.
