BRISTOL

Walter O'Brien, who was to enter the Charlottetown Hospital Feb. 15 did not go in until a week later owing to a waiting list at the hospital.

Mrs. Ted Anderson and her sister Mrs. Herb Hawbolt, were business visitors to the city last week, also visiting their sisters and other members of the family.

Mrs. Nettie Ranaghan, who was visiting her daughter Margaret Bradley and family in the city for two weeks, has gone on to Moncton, to spend a few weeks with her niece the former Imelda Rossiter, who is married in that city.

It will be 71 years next month since the great John Lapierre skated from St. Andrews to Charlottetown on the east river ice in 35 minutes on a pair of home made stock skates made from two old blacksmiths rasps by the late John O'Brien in his shop away back in 1894. Today his brother Stannis likes to tell of the great skating feats of his brother John, and a daughter of the late John O'Brien, who made the skates, Mrs. James A. Addie O'Brien, residing in Sacred Heart Home now recalls the great John Lapierre as going like a bird. His skating feats were beautiful along with his speed. His river skating feat still stands today a record never broken and his old home is still here where a son Anselm resides along with his wife and family.

This vicinity learned of the passing last week of Dan McDougall, so well known in the store business in Mount Stewart where he served for many many years.

Lloyd McEwen, has gone to the city where he will fill his position in the house on the staff while the sessions are going on as-in years past.

The sports writing of Bill Ledwell was read with interest last week on the necessity of artificial ice in rinks to make the season longer. The managers of the \$75,000 rink here will scratch their heads as they try to think up ways and means of digging up the funds to make the big new rink what it should be—an all-season rink. The days of depending on the weather for ice are gone forever, and as Mr. Ledwell said, the seasons are too short.

Agatha MacDonald, who lost all her personal belongings including her furniture and two fur coats in the Cudmore apartment fire recently said she also lost a large sum of money in her haste to get out. The money was locked in her trunk.

The smelt fishing season that really never started here has closed again. In years long since gone, smelt fishing with bag nets was a big business and the late Ronald Drake, the big man of this day in that line landed 74 30-pound boxes of smelts on one morning and it is reported as shipping over 500 boxes in a week. One morning when Mr. Drake was unable to get the net up he hooked his horse onto the net and it burst. It was never known how many fish were in it. Many believe several hundred boxes had streamed in on the running tide.

Y.B. Yates, Chief, Engineering Division, Northern Administration Branch, Department of Northern Affairs and National Resources, Ottawa, Ontario.
