A New Grit Scheme

SAID TO HAVE BEEN DEVISED FOR USE IN QUEBEC PROVINCE.

A gentlemen from Three Rivers, in conversation with the *Empire* correspondent, related a very peculiar device just now being adopted by the Liberal Opposition in that district for the purpose of crying down the country and spreading more or less uneasiness amongst the French-Canadian farmers of that locality. On the north shore of the St. Lawrence, and especially in the vicinity of the trifluvian city, a great deal of hay is sold, and consequently when the crop is good a great many thousand dollars came into the pockets of the farmers from this product alone. The district in question went almost solid for the Conservative party at the last local election, and, let the Dominion election come when it may, Sir John, in a fair fight, will certainly carry the several divisions in question. Thinking that an appeal to the people was near at hand, it is alleged that the Grit wire pullers have despatched runners throughout the entire province, and especially in the hay-producing sections of Quebec, for the purpose of making the most ridiculous offers possible for all sorts of farm produce, and more particularly hay. In the county of St. Maurice $5.50 per ton is the figure tendered for the last-named article. Of course the farmers indignantly refuse to sacrifice their property in this manner, and here follows a lecture from the alleged agent upon the hardness of the times, the very low price of agricultural products, and the certain rise if unrestricted reciprocity could be secured with the United States. These carpetbaggers represent themselves as buyers for large American and Canadian establishments, but those who know say that they are no other than paid emissaries of the Longley-Wiman combination, and that this is the advance guard of the grand army that will be sent over later on. The Conservatives of Three Rivers have, however, put the farmers upon their guard in more localities than one, and it is said that several of the runners referred to have come in for exceedingly warm receptions.

Canada's Duty.

LORD ABERDEEN ENDORSES SIR JOHN'S REMARKS AS TO CANADA'S DUTY RE THE M'KINLEY BILL.

A special to the St. John *Sun* from Ottawa (Sept. 26) reports: Lord Aberdeen visited the exhibition to-day, and in a short speech gave his views on the current trade questions. As he is considered Gladstone's right bower, his opinions are considered important, and it is gratifying to find they are in perfect accord with those of Lord Stanley and the Canadian ministers. In referring to trade matters he said: "I have read with interest and pleasure the speech of your eminent and illustrious premier, in which he spoke in very sanguine terms of the trade prospects of Canada, notwithstanding what is threatened on the part of your southern neighbors. That speech was well calculated to remove some uneasiness which has naturally been expressed. Speaking as one more directly connected with the Old Country, I may say that we look with anything but approval upon the McKinley act, not any selfish alarm, but because we realize that we have an identity of interest and sympathy with Canada and the other colonies in this matter. I have heard it stated that the prosperity of Canada depends largely upon the Canadian hen and that the egg market is destroyed, but I believe from what I have seen here that the Canadian hen is quite able to feather her own nest." Lord Aberdeen advocated the procuring of fast Atlantic steamers with refrigerator compartments adapted to the necessities of trade in all such perishable articles as eggs and fruit.

The McKinley Bill.

CHANGES MADE BY THE CONFERENCE COMMITTEE.

A Washington despatch reports that the McKinley Bill is to take effect October 1st, and February 1st next is fixed as the ultimate date upon which goods deposited in bond before Octobr 1st may be withdrawn at the old rates of duty. In case fresh or frozen fish from American fisheries are made free by both houses, the conference imposed the limitation they must be caught by American vessels in fresh water. Other fish are made dutiable at three-quarter cents per pound. All paragraphs inserted by the Senate providing for a customs commission were stricken out by the Conference. The conference agreed to the Senatereciprocity and retaliation amendment changing the date to January, 1892, instead of July next. The aggregate reduction of revenue by the bill is estimated at $66,000,000.

DIED.

At her home, New Perth, Sept. 20, 1890, at the early age of 23 years, Edith Mary, beloved wife of Geo. M. McDonald, and daughter of William Moar, Esq., New Perth. Short but happy was the married life of Mrs. McDonald, and sad the loss to her stricken husband and baby boy (only a few hours old) when death claimed the young wife and mother. The deceased was a woman of a deeply religious tone of mind. She loved Him who first loved us. She endeavored to serve Him, and always encouraged her young husband in attending to the reading of God's holy word, and committing themselves to the care of the Heavenly Father before retiring to rest. She rests now from her labors; her works will follow her. Nothing is lost in the service of our loving Father. The seed sown in her labor and love will bear fruit. May God preserve the innocent babe, the sorrowing father and many friends. They sorrow, but not without hope.

The Guernseys Win Again.

At the New York State Fair, held at Syracuse, Sept. 11-18, the special butter prize of $100, open to all breeds, was captured by Hon. Levi P. Morton's Guernseys. This is more noteworthy from the fact that Mr. Morton's Guernseys had competing against them animals selected from the herds of Messrs. Ayer & Kinney (who own the largest herd of pure-bred Jerseys in America), and from the celebrated herds of Holsteins owned by Mr. Henry Stevens of Tacoma, and Mr. Robinson of Barre Plains, Mass. The following is a summary of the result of one day's milking of four animals of each herd competing:

Owner.	Cream.	Butter.	Lbs. Milk to 1 lb. Butter.
Morton	32lb 10oz	7lb	19.22
Robinson	44lb 6oz	6lb 11oz	32.57
Stevens..	53lb 11oz	6lb 4oz	33.15
A & McK	26lb 1oz	5lb 9oz	18.23

In depth of color of the butter, the Guernsey came first, Mr. Stevens' Holsteins second, Mr. Robinson's Holsteins third, and Ayer & McKinney's Jerseys fourth.

3000 Killed and Wounded.

TROOPS IN GOA COMMITTING THE WILDEST EXCESSES—WOMEN AND CHILDREN BAYONETTED.

The Sunday *Chronicle's* Calcutta correspondent says it is reported the troops in Goa are committing the wildest excesses and shooting the people indiscriminately. Several popular leaders have been arrested and shot in their residences. The residences of others are beseiged and a lively fusilade proceeds between the besiegers and besieged. Numbers of people have fled to the sanctuary of the cathedral in Olf. It is rumored that the Governor-General is hiding in the palace and is deaf to petitions from the inhabitants. Many women and children who fled thither for protection have been bayonetted by the palace guard. Several dynamite bombs have been thrown into the palace by a band of citizen soldiers. The Governor justifies the acts of the troops on the ground that a revolution has been declared. It is estimated that 3,000 persons were killed and wounded in two days fighting.

News Notes.

Heavy rains have damaged the cotton crop in the Memphis, Tenn., district.

The miners' strike at Troppan, Austrian Silesia, continues. Troops are guarding the pits.

Texas fever has attacked the herd of prize cattle exhibited by Messrs. Sotham & Stickney at the Detroit exhibition, and the bull Perfection, valued at two thousand dollars, is dead.

This season to date 208,5000 bushels of Canadian barley have been received at Chicago. Last year there were only 37,586. The present price for bright cargoes is 90 cents.
