The Barn

Fri. Feb 3 5:00pm Rocky Horror Picture

Wet/Dry  
The Barn

10:00 Campus Comedy

(contestants still required. Inquire the Student Union!)

## Attention UPEI SU Shoppers!

By: Laura Leigh Kilfoil

As a service to the students of UPEI the Student Union Inc. is investigating the possibility of opening a clothing store featuring articles with the UPEI SU logo. The clothes will be casual wear such as sweatshirts, t-shirts, gym pants, tuques, scarves, caps, and also items such as beer steins, mugs, etc... All with the Panther Lounge emblem and/or a Student Union Logo which is to be designed.

In the planning process now is a contest for a logo which will depict the Student Union, involve panther and have originality and creativity.

The Student Union "superstore" of course will start off small and hopefully develop. As early as next fall, students will be able to order Student Union T-shirts or sweatshirts from the Barn/Panther Lounge similar to

the way other bars such as "Thirsty's" sell their clothing. This will be a good indicator of student interest in the product. Says Rob Coffin, a member of the Student Union merchandising Committee... "Students who are proud of the Student Union will want something to commemorate their years here, something different from what you would get at the Bookstore."

This will be a slightly different merchandising from that sold at the Bookstore so as not to overlap on products. The Student Union merchandise will gain customers from everyone who is part of the Student Union (all those who pay registration fees) and not necessarily from the Island community at large, like the Bookstore does. Student Union items will not be sold in the Bookstore. Initially they will be sold at the Barn

However if a new University Centre is built there will be a space for such a store. The line of products will be expanded and possibly include the more trendy items such as sunglasses or whatever is the latest rage at that time.

The prices of items will depend largely on which company they are ordered from and will have a minimal mark up to cover basic costs only. The idea is to provide a service to students so the few dollars profit will go back into the Student Union events or more funds to class (executives) for events, for example. This operation will also Create a few more student jobs on campus.

In late October S.U. president Dean McMillan called for a committee to be setup to pursue this topic. Thus the Student Union merchandising was made up by Rob Coffin. VPO Marvanne

Fritzpatrick, and Shannon MacDonald. They have already researched from other examples such as the U of Acadia's store "Cajun's".

Cajun's clothing store is a student run clothing store owned by Acadia Student's Union. It's goals are to be a competent custom order outlet for various residences, organizations and clubs both on and off campus; as well as a retail outlet for quality student clothing. Cajun's offers a limited number of gift certificates worth \$20.00 that may be bought. These certificates can be purchased by residences to be used as prizes for various events. Cajun's is managed by a qualified student and fully staffed by students. The revenue throughout the year is used to help subsidize the non-profit generating services the A.S.U. offers.

## Student Union Crest/Logo Contest

The Student Union is offering a twenty five dollar prize for the student who produces and submits the best Crest/logo for the UPEI Student Union. Submissions will be accepted up until Friday, February 10th at 4pm at the Student Union Offices.
