P. W. C. NOTES

Basketball Squad Really Sticks Together As A Team

BASKETBALL SQUAD sports were still first at P.W.C. last week. The basketball and hockey teams continued their lead on the student popularity, with lots of close competition in both sports.

The boys' first team basketball squad chalked up their initial victory in the late evening game with a decisive win over the S.D.U. Team. This came as a bit of surprise to sport writers, as they predicted a defeat for the Weichman, but it is said to take very little practice to bring old teammates back into the groove.

The first team from P.W.C. may well be called old teammates, for the line up looks almost like an Alumni meeting of old Queen Charlotte grads. The squad played their first game together, in competition, 1 1/2 or 2 years ago, when they carried the black and gold of the High School to an initial victory. If memory is true Jim White, who holds the captain position on the team, walked away with the scoring victory of that league of old. He is not known, but memories of previous years give promise of a lot of fun in any league that this graduation team may play.

THIRD GAME

Friday night this team will play their third game in the league against the R.C.A. F. squad, that has made them one of the top teams of past leagues. The second team leave Saturday for their first game, at Souris, when they meet the local high school team. As yet not to match is known about either team, but the boys from Souris will have to do some hard work to meet the boys from Souris will have team boys have set at practices. Hockey, still an inter-mural game, has been an average popularity getter. With about two
