Engineering is one thing. Engineering for us is quite another.

There's nothing dull about engineering your own challenge. And that's where your Engineering career in the Canadian Armed Forces begins. From there, your career possibilities are unlimited. In the Canadian Forces, the different engineering disciplines are divided into 5 major classifications:

Maritime Engineering
Military Engineering
Land Ordnance Engineering
Aerospace Engineering
Electronic and Communications Engineering.

You'll work with varied and sophisticated equipment on challenging projects in many parts of the world, face the responsibilities of leadership entrusted to you as an officer in the Canadian Armed Forces, and you'll enjoy the opportunity of working in all fields of engineering without being overly limited to any one.

Accepted qualified applicants will be given officer rank on entry, and an excellent salary along with many benefits. Security, promotions and opportunities for post-graduate training all add up to a worthwhile and personally rewarding career. If that's what you're looking for, it's time we got together.

Write, including your engineering qualifications to date, to the Director of Recruiting and Selection, National Defence Headquarters, Ottawa, Ontario, or visit your nearest Canadian Armed Forces Recruiting Centre, listed under "Recruiting" in the Yellow Pages.

jock talk

posed by our mobile hospital ward squad many players put in a lot of overtime and we specially noted Wilfred MacDonald (over 16 minutes in the 2nd period of the Dal game) and the Mitchell boys who seemed to be on the ice incessantly.

Our season's record is now 5-5-1 and we are in 4th place where, a study of the schedule would indicate, we are liable to end up unless disaster hits. That would give us a playoff spot and, once there, anything can happen as the four teams start from scratch at that time.

Our team goes to Fredericton this weekend

for two games against last place U.N.B. (1-12-0) but we should not count these games in the bag as they have lost several close games. We have but three home games left, Mount A, will be here for two on the 29th and 30th and Moncton will be here on 9 February. Wouldn't a win on the last date be a wonderful way to start Winter Carnival?????

Since writing the above we showed a rough draft to Gary Heald who asked us to quote him, "ONE THING I WANT TO EMPHASIZE-WE WERE NOT ROBBED IN ANTIGONISH-WE WERE NOT THE VICTIM OF A BAD DECISION-WE WERE BEATEN BY A GOOD TEAM IN A GOOD GAME BY ONE POINT."

You Know It's

a New Term When :

1. You just can not wait for WINTER CARNIVAL to begin.
2. They find a new way to get you drunk by leaving the barn open every night.
3. You realize you're broke.
4. All the people who owe you money drop university to set up there own buisness on your money.
5. Your still trying to figure out why you came back.
6. Everything you left in your room is gone.
7. The PROFESSORS are smiling again.
8. You begin to study hard the first night but then forget it for the rest of the term.
9. The RATS already bred in your room while you were away. (NOW YOU CAN TRAIN TEN.)
10. You have to spend another 100 dollars on books.
11. You go to more parties during the week then you do classes.
12. The CADRE comes out as good as EVER.

THAT THERE ARE NO ANNOUNCEMENTS. FOR
