

an explanation

The B.I.P. YEAR II, this second issue of the 'Benevolent Irish Paper' marks a turning point in student life at U.P.E.I. This issue has been produced and distributed by an involved group of students on campus, calling themselves the Student Social Society. These people have taken the initiative upon themselves to get out and achieve something for the simple feeling of accomplishment - not because the Student Union paid them or the student

body demanded it.

This paper is the first in a series of efforts to increase and improve the social life of the members of the Society and also the entire student body of UPEI. The society is independent of the Student Union, but hopes to work closely with the Union to accomplish objectives desirable to both organizations. Our motto is simple but describes our ideals: "To accomplish, one must contribute." PAX.

A fellow comes in to see the doctor, the doctor, with a very straight face says, "Brain Tumor". "What? oh Good Lord, is there any cure?" replied the man. The Doctor says, "I'm afraid not, it's fatal."

"Well, what can I do?" says the fellow.

The Doctor says, "It's a very secret thing but I am authorized to tell you that they are pre forming transplants and mind you it is a very expensive operation."

The man replied,

BLURPS FROM BIPPY

Dear Bippy,

I have a problem. My heart may be broken. I'm not sure. It's hard to tell. You see, I'm awfully shy. I'm in love with this beautiful senior in Bern-

adine Hall. The problem is that I can't attract her attention. I want her to see the real me. Please help me.

Dear Bippy,

I'm in love with a fourteen year old. I'm eighty-five, and my husband died fifteen years ago. I'm awfully lonely, but I'm not sure what to do. What

PAT'S NOTE

I have recently been informed that to be Irish, one must write for the B.I.P. I can't pass up this magnificent opportunity to say Hi to all my fellow Irishmen; in particular:- Mom, Dad, Pat & Mike English, John & Nan Looney, and a special hi to Sir Thomas Kelly Donnelly from Pretty Partick. Have a happy St Paddy's and keep the flag flying.

"I will pay anything, just name the price."

"I do know that there are two brains in the organ bank at the moment, but it is a very expensive operation" the Doctor said.

The man replied,

"I will pay anything, anything!!"

The Doctor explained,

"We have a Jewish brain for \$2,500, and an Irish brain for \$17,600.50."

"Why so expensive for the Irish brain?" the man asked.

The Doctor replied,

"COMPLETELY UNUSED!!!"

MICKEY SAYS

Sitting on the subway, Cohen said to Isaac, "Never again will I go to Far Rockaway, all there was, was Irish here, Irish there, Irish everywhere", to which his friend Abie replied,

"I understand, never again will I go to Atlantic City, Irish here, Irish there, Irish everywhere."

Hanging on a strap above them, a livid Pat McCarthy leaned over and shouted at them,

"Well, youse can both go to Hell, 'cause you'll find no Irish there."

On the other hand we like the story of Pat going fishing, seeing the sign "ALL THE BAIT YOU WANT-\$1.00". Pat said,

"By golly that's such a good price, give me \$2.00 worth."
