The Easy Way to Gift Shopping

Have Santa Call Daily!

There is one gift that stirs renewed appreciation daily—that expresses the good wishes of the sender continuously throughout the year—the gift of a fine daily newspaper.

And on the Island it is particularly easy to make the newspaper you send exactly the right gift, the one that will be appreciated above all others, with a choice between two outstanding papers, each with distinctive special qualities.

THE GUARDIAN
Covers The Island
Like The Dew

The whole province is the community served by this favorite family newspaper. It's own staff writers, working in its own news bureaus across the Island, linked with its own private-wire telegraphic network, cover province-wide news in a way that is unmatched anywhere.

The completeness of The Guardian in its Island news and world news is its great distinction. The responsibility and incisiveness of its editorial page, and the understanding and authority with which it discusses Island affairs, serve to cement its position of leadership as it truly "covers the Island like the dew."
