**Dodd's Kidney Pills Have Proved Their Right to the Name.**

Mrs Hattie M Morris, of Burr's Corners, N B, Experiences Their Wonderful Power—She Was all Run Down  
Dodd's Kidney Pills Cured Her

BURR'S CORNERS, N B, Jan 13—That Dodd's Kidney Pills are the best, safest and most reliable tonic and health restorer for women has been proved hundreds of thousands of times, in all parts of the world.

But we need not leave home to search for proof. We have it right at our doors. The case of Mrs Hattie M Morris, of this place, furnishes all the evidence we need to settle the question.

Some months ago Mrs. Morris was completely "run down." She was dull and languid, lost nearly all interest in life, felt drowsy and low-spirited, and was fatigued by the least exertion.

Conversing with a friend one day, she spoke of her trouble, and was advised to try Dodd's Kidney Pills. She did so. For a few days after she began using the pills change was apparent. But in about a week she began to feel better. The dull and oppressed feeling, vanished and was replaced by one of buoyancy and vigor. Her eyes became bright and sparkling, her complexion clear and pure, and her kidneys began to work naturally, separating the poisons from the blood, and sending them to be expelled from the body.

To-day Mrs Morris is a strong healthy, vigorous woman, and she emphatically asserts that Dodd's Kidney Pills made her so. What they did for her they will positively do for others.

Dodd's Kidney Pills are sold by all druggists, at fifty cents a box, six boxes \$2.50, or sent on receipt of price, by The Dodds Medicine Co., Limited, Toronto, Ont.

**Wet and Damp.**

The sudden application of a wet sheet is a stimulus to which the system responds with a reaction which sets up a brisk circulation, resulting in a healthy glow and general activity of the organs. In addition to this, it is probable that some of the evil "humors" of the body may be dissolved out through the pores of the skin.

All this is healthy, provided the system can withstand the shock and the heat is kept in by blankets outside the sheet. In the case of damp sheets, however, there is no stimulus, and the body merely loses heat in absorbing the moisture.

This loss contracts the surface vessels and drives an excess of blood back upon the internal organs. Added to this disturbance of the blood circulation there is also a congestion of the lubricating fluids of the surface muscles and joints, which produces stiffness and in serious cases rheumatism, complicated through the other causes with fever.

**Bishop Buffalo Bill.**

A rather good story is told about Bishop Doane and another member of the Episcopal house of bishops from the middle states, who is fond of a joke, as many of the venerable gentlemen of the church are. Bishop Doane addresses his colleagues with whom he is on especially familiar terms by the name of their dioceses instead of by their surnames, and in correspondence frequently makes use of his own and other titles, relates the Washington Times.

It is related that on one occasion he wrote a letter to the other bishop referred to and in signing it used the term "William of Albany" instead of his name. His correspondent promptly replied to the letter, and in his answer said:

"It is really too bad, bishop, that you are not of the western diocese of your state instead of Albany. If you were, you might very appropriately sign yourself 'Buffalo Bill.'"

**Death Pulls the Trigger.**

A man doesn't have to pull the trigger himself in order to commit suicide. He doesn't even need a gun or any kind of weapon. All he need do is work hard and at the same time neglect his health. Death will do the rest. Men nowadays are all in a hurry. They bolt their food, and get indigestion and torpid liver. The blood gets impure. When the blood is impure, sooner or later something will "smash." The smash will be at the weakest and most overworked point. In a marshy country it will probably be malaria and chills. A working man will probably have a bilious attack. A clerk or bookkeeper will have deadly consumption. A business, or professional man, nervous prostration or exhaustion.

It isn't hard to prevent or cure these diseases if the right remedy is taken at the right time. Dr. Pierce's Golden Medical Discovery makes the appetite keen, digestion and assimilation perfect, the liver active, the blood pure and the nerves steady and strong. It drives out all disease germs. It makes rich, red blood, firm flesh, solid muscle and healthy nerve-fiber. It cures malaria and bilious attacks. It cures nervous prostration and exhaustion. It cures 98 per cent. of all cases of consumption, bronchial, throat and kindred affections. Dr. Pierce's Common Sense Medical Adviser contains the letters of thousands who have been cured.

"I have been one of your many patients," writes Mrs. Perla Cook, of 120 W. 31 St., Covington, Ky. "Your 'Favorite Prescription' and 'Golden Medical Discovery' have saved my life when it was despaired of."

Send 3 one-cent stamps, to cover cost of customs and mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a paper-covered copy of Dr. Pierce's Common Sense Medical Adviser;—cloth binding 50 stamps. A whole medical library in one 1000-page volume.

**Former Parliamentary Privileges.**

The privilege of freedom from arrest enjoyed by members of parliament is confined to civil matters; but, since the abolition of imprisonment for debt, this immunity has been shorn of most of its utility. Formerly it was a very useful privilege. Disraeli says of one of the characters in his first novel, "Vivian Grey," that "the only way to keep him out of the house of correction was to get him into the house of commons." Parliament was then a convenient haven of refuge for "splendid paupers."

In one case an English member named Mills, who owed £23,000 and for whose arrest a warrant was in the hands of the sheriff, avoided imprisonment by purchasing a seat for one of the old "rotten boroughs" in 1807 for the sum of £1,000. In another case an Irishman named Bourke was confined in the King's Bench prison about 70 years ago in execution for a considerable debt. His friends got him elected for an Irish constituency, but he never entered the house. On his release after election he fled to the continent and remained there.

Again in 1825 the year before Disraeli published "Vivian Grey," a man who was in prison for debt was returned for Bererley, a small English borough, and was forthwith released on a warrant issued by Mr. Speaker. It was a case in real life of from the house of correction to the house of commons.—Good Words.

**The Flanking Movement.**

No battle plans have been more generally used than the flanking movements intended to overwhelm one end of an opponent's fighting line, to the great and probably fatal weakening of the rest of his position. The Confederates used these tactics in their most successful battles of the civil war, and it is worthy of notice that their attacks which were particularly daring and successful were almost invariably made against the Federal right wing.

The troubles peculiar to that unlucky part of the northern armies began at Bull Run, and continued, east and west, for over two years. At that battle the Federal right wing made a well planned movement against the Confederate left. Both sides fought well for new troops, "Stonewall" Jackson earning his battle name by the resistance he and his men made to the attack against them, but the Federals had gained ground and were still advancing, when fresh Confederate forces fell on the regiments at the right end of their line of battle. The historical stampede that followed was an unfortunate but perfectly natural result.—"The Unlucky Right Wing," by Gilbert Tompkins, in North American Review.

**ASTHMA CAN BE CURED**

And is being Permanently Cured Daily by Clarke's Kola Compound—Here is What a Hamilton Lady Says:

Mrs. Gilbert, 105 Rebecca street, Hamilton, writes: "I suffered from a bad form of asthma for over nine years, and, notwithstanding all the doctors could do for me, got worse and worse, so that my neighbors looked for my death at any time. I spent money lavishly in the efforts to get relief, but all to no purpose. For six weeks at a time I could not get up or down stairs, and was in a miserable condition. My daughter, who clerks in a drug store, had heard a good deal of Clarke's Kola Compound, and urged me to try it as a last resort. I paid \$2 for a bottle, but that is nothing, for it is worth more than that for every teaspoonful. Two doses gave me splendid relief, and, after using but one bottle, I am a marvel to all who know me. I am doing my own work, can get around as well as ever, and feel like a new creature. Clarke's Kola Compound has been a Godsend to me, and I look upon it as a marvelous remedy. You may use this testimony as you see fit, and I shall be glad to give fuller particulars to any one inquiring. I gratefully endorse Clarke's Kola Compound."

Sold by all druggists. A free sample will be sent to any person troubled with this disease. Address The Griffiths & Macpherson Co., 121 Church street, Toronto, Ont.
