Suffolk Accidents When Car Rolls

Mrs. Albert Zehr, 29, Suffolk, P.E.I., died last night as the result of injuries received in a highway accident on St. Peter's Highway a short distance east of the York Road intersection of By her to Halifax.

The accident occurred about 8 o'clock last evening when she was apparently in the process of passing another vehicle on the highway.

The car is said to have gone out of control and rolled over in the ditch. As the vehicle rolled the loose concrete was thrown out and became pinned underneath.

The injured woman was taken to hospital by MacLean's ambulance. It was reported that she suffered only minor damage to her skull and an Albatross aircraft from Greenwood, N.S., was called to fly her to Halifax.

She died before they were able to get her to the plane. Despite the fact that the car was rolled police reported that she suffered only minor damage.

The accident was investigated by the Charlottetown detachment RCMP.

Dr. L. E. Prosew, chief coroner, said an inquest will be held.

Men Arrested As Terrorists Can Challenge Coroner's Act

MONTREAL (CP)—Two men arrested in connection with the terrorist bombings by the Front de Liberation Quebecois got permission Friday to challenge the Quebec Coroner's Act.

Mr. Justice Rene Duranceau of the Quebec Superior Court said that the act is unconstitutional, whether the act is constitutional, whether the act is constitutional.

He said the case will be heard in the autumn. A student was issued on behalf of the two requiring coroner Marcel Trépan to submit a report on the court for review a record of the inquest he conducted into the death of a student, a student named Wilfred O'Neill.

Hudon, an industrial draughtsman and Groulx, a student, were among 21 persons found criminally responsible for the coroner's jury for the death of O'Neill in a bomb blast.

If a court subsequently was charged with non-capital murder, and Groulx with a variety of other charges.

VIOLATES LAW

Lawyers for the defendants in the trial case complained that the Coroner's Act, which allows a coroner to hold a material witness in cases of violent

death for indefinite periods, violates federal laws which forbid that formal charges be laid against a person within 24 hours of arrest.

An accused court, four other FLQ suspects sought their freedom on bail pending trial in the case.

Chief Justice Georges S. Charle of superior court reserved decision until next week on the bail applications made on behalf of Pierre Schmeiss, Denis Gagnon, Gilles A. Brunet and Francois Gagnon.

All an accused of having taken part in the time-bombing of mail boxes in suburban Montreal, and the sergeant-major was badly injured.

Groulx and Roger Tetreault, 22, unemployed reporter who formerly worked for the Montreal Gazette, and the Canadian Press, were and have appeared in preliminary hearings in connection with the terrorist cases, but the hearings were of other charges.

Crown prosecutor Jacques Bellemare said he was unable to proceed because his witnesses, Richard Bizer, another accused who is on bail, another witness in cases of violent

Social Club Said Operated With Charter Flight Fees

TORONTO (CP)—The managing director of the bankrupt Piccadilly Club told reporters Friday he operated the social club with charter flight fees.

Donald Peters, 48-year-old London-born radio and television performer, told a press conference he used the fees as well as other means, possibly as much as \$85,000, without the permission of club members.

Mr. Peters, whose legal representative is Saunders, said the club in 1955, primarily as a haven for newly arrived Britons.

His relationship with Pro-gram and Ivonny, who resigned as war minister last month, an uproar in Parliament and launching of a new investigation of British ownership.

Mr. Peters, whose legal representative is Saunders, said the club in 1955, primarily as a haven for newly arrived Britons.

He also said he had operated charter air routes to Europe for persons who had not been members of the club for six months, but had been members of other charter regulations. He said a few joined the club to get a better price on his charter flights.

Mr. Peters went into interim receivership Wednesday.

By Friday, his financial woes had become a complicated legal single line, with the club's assets and as much as \$300,000.

About 170 persons have been stranded on both sides of the Atlantic. About 85 are Canadian citizens, the rest are British citizens in Canada. The two groups left simultaneously July 15 aboard Canadian Airways Limited planes, a Scottish carrier, and were scheduled to return Aug. 5. Each paid \$275 for return fare. FLIGHT CANCELLED

Another 32 residents of Metropolitan Toronto were told their group flight scheduled for Aug. 15 had been cancelled by Pan-American Airways. They were given little hope for recovery of \$33 in return fares.

The Piccadilly Club's debt was estimated at between \$150,000 and \$200,000.

It is reported that many of the club's 700 current members had a peak July had 6,500 members—have invested in the or-

ganization, some as much as \$10,000.

Mr. Peters, who said he himself did not profit from the association with the club, said it was saved from bankruptcy several times by loans from friends. He had invested \$25,000 in himself, he said.

Mr. Peters said he is hopeful of raising the money for the club's debts, but he added "I don't know that, that," he added.

Convict Youths Of Money Theft

SUMMERSIDE — Convicted of the theft of money, Michael Joseph Sonier, 16, Summerside, was sentenced to one month in jail, while David Allen Williams, 18, St. Eleanor's, was released in the custody of his mother on until Monday when sentence will be handed down by Magistrate J. H. Hunt QC.

The two were charged yesterday in police court with the theft of \$333 in cash from the home of Robert Banks, Millton Avenue, Summerside.

The along with a juvenile who will appear later in juvenile court, were arrested in Kensington Thursday night.

He said playgirl Marilyn (Marilyn) Batters, 18, was living off him, rather than the other way around.

He testified he had a "divorced" woman in the courtroom when she said his defence must depend on proving that a prostitute, Vickie Barrett, was lying when she testified he took her to his fashionable apartment for the purpose of prostitution and that she whipped them.

"I am merely saying if this girl is telling the truth, then I am in jail," he said.

He also testified that he was lying on saying that this girl is lying, and why she is lying we must find out.

Ward also accused both Christine and Mandy of telling untrue about him.

Ward was released by the judge and handed money from the home of Robert Banks, Millton Avenue, Summerside.

The along with a juvenile who will appear later in juvenile court, were arrested in Kensington Thursday night.

the divorced son of an Anglican clergyman.

At this several women spectators smiled and there was a buzz of voices.

JUST A BYSTANDER

Ward also represented himself as strictly a bystander in the relationship with Mar. Minister John D. Profumo in Ward's apartment in Miss Keeler's trial.

Ward returned he did not believe the pretty play girl, Novy 21, ever had intercourse with Soviet naval attaché, Yevgeny Ivanov, whom she was seeing at the same time she was seeing Profumo.

Of if she did, he said, "there can be only one man, one isolated incident."

SIDE SURVEY SHOWS Council's Move To Arm Police Receives Support

SUMMERSIDE — With 70 per cent in this town reaching its peak last week with a stabbing and rock-throwing incidents, five out of seven citizens interviewed on the street supported the Town Council's proposal to arm the police.

The majority of those interviewed voiced the opinion that the town citizens themselves should do something to help defuse the situation before it becomes too demanding a word.

As one lady saw the situation: "I know it's difficult to get them to join the youth and police boys clubs, but a qualified person should help them to a great deal."

Five of the seven persons interviewed were in favor of the police being armed and said they thought trouble would gradually slow down as a result.

RUSSELL MACDONALD, 106 Cambridge St., said that town police should be armed. "A young man in trouble will be caught for sure and as far as being shot, they're not guilty they are caught by the age group that society is troubled most with by Mr. MacDonald is "The lunch from age 20 to 25. They're not brave, and they know now if they step out of line they will be caught."

He expressed total confidence in the officers of the town police force and said he thought they would have the best possible judgement when it came time to use the bullets.

ALEX CAMPBELL, 215 Maple Ave., said he would rather see Summerside police carry 111y sticks than guns. "I would hate to be the person who act as a judge to make the decision to use the weapon." The gun, he said, carried as a symbol of authority.

Mr. Campbell said that more youth work could be done for the town's young people. He said a police sponsored youth club might help solve the problem.

Active police boys' clubs have done wonders in Halifax as far as law is concerned, he said.

MRS. JAMES DAVIS, 222 MacEwan Rd., said: "The only way to get out of the arm, is to get the police to be more active. It's not that simple, it doesn't make anyone feel very good, and I feel quite sure the police are being armed, they carry knives, chains and brass knuckles now." Having strong police, he said, "It wasn't so important she said, "That guns should be carried all along at all times."

JOHN WARD, St. John's, Newfoundland, a visitor to P.E.I. for the first time, was very much in a state of mind being armed. "It's a fact that the police should be armed, it's not that simple, it doesn't make anyone feel very good, and I feel quite sure the police are being armed, they carry knives, chains and brass knuckles now." Having strong police, he said, "It wasn't so important she said, "That guns should be carried all along at all times."
