Very Becoming

is the invariable comment passed upon our Spectacles. The glasses look well, and their possessors look and see not only well but much better than they could without them. It is prudent to look well to your eyes, and correct at once any defect or peculiarity of vision by the use of properly fitted glasses that relieve the sight from being overstrained and impaired. The eye often needs the rest that glasses afford, and delay in the matter may entail serious consequences. It pays to save money, but it pays far better to save your sight. Besides Glasses, we also have some very handsome Opera Glasses that would make a nice present for Xmas.

REVISION OF THE VOTERS LIST IN KING'S COUNTY.

Mr. J. S. Macdonald, Revising Officer in King's County for the Dominion Electoral List, has completed his work of taking evidence with respect to the qualification of electors in that riding, and has won most flattering expressions of approval from both sides of politics. His demeanor at the court was characterized by the most rigid impartiality; and his painstaking enquiry into every case brought before him well merited the praise he received.

The result of the revision cannot but prove gratifying to the Liberal-Conservative party. It showed that the solid manhood of the County is in favor of the policy and the Government that tend to make Canada a country to be proud of to live in. The Liberals as of yore were loud in their assertions of what gains they were making and the losses that their opponents had sustained. But when it came to solid work, as usual, they were found wanting, and to-day many of their supporters are regretting the fact that they ever allied themselves with men who have proved unable to look after the interests of their friends. Besides the larger number of new applications put in by the Conservatives, scores of Liberals have been removed from the voters list on account of change of polling district or of their qualification; and the Liberals were so badly organized and displayed such ignorance of the law that these men found when it was too late, that the Grit party leaders had neglected to look after their interests and they were disfranchised. As one of these disfranchised electors remarked "If the Grits cannot or will not look after the interests of their own supporters at the Revision Courts, how can any sensible man trust them to look after the interests of the country at Ottawa? Dr. McIntyre of Souris attended the Courts in the Eastern and Northern Sections of the County; but the Doctor's ill-health handicapped him to a great extent, and, consequently, the Liberal party did not do so well as formerly in those sections." Mr. John McLean, M. P., represented the Conservatives and, as usual, made a good fight, winning at almost every poll. But it was when the Southern and Western section of the County was reached that the Grits met their most galling defeats. Here Mr. A C Macdonald, assisted by Mr Geo. F Owen won their greatest triumphs. Besides putting on over one hundred new applications more than their opponents, they struck off hundreds of names that were incorrectly entered on the lists. Many of these were Liberal supporters who could have been registered had their party leaders looked out to have it done; but, through supineness and ignorance of the law, these men will not be able to vote at the next Dominion Election. And so is it all through. While Laurier and Davies and Fraser and the other leading grits are spouting at meetings and finding fault with the Government; Conservatives are working quietly but faithfully for the good of their supporters and the benefit of the Dominion.

GENERAL TELEGRAPHIC NEWS.

WASHINGTON, Dec. 28.—Ex-secretary of state, John W. Foster, was requested by the Chinese Government to go to Japan and meet plenipotentiaries of the former government to aid them in negotiating for peace. He accepted the invitation. The Japanese Government is advised of the appointment. Its minister in this city expressed satisfaction with it. Mr. Foster goes to Japan purely in a private capacity.

COUNCIL BLUFFS, Ia., Dec. 28.—At the door of the city jail here, yesterday, George A. Carson asked to be imprisoned for forgery. On last Saturday he fled from Marengo, Ia. He forged the names of John Englebert, of Marengo, ex-sheriff, and of his brother, C. N. W. Englebert, to eight checks and had them cashed. He said the amount was $70. He went to Omaha on Sunday and spent two days in dissipation, arriving here this morning with one cent in his pocket. The authorities at Marengo were notified, and answer came to hold him until an officer should arrive.

BROWNSVILLE, Neb., December 28.—James May, who lives two miles from here, recently began digging a well on his farm. At a depth of twenty-five feet he found what he believed to be a gold-bearing ore, and had it assayed. The test confirmed his belief and he continued digging until a depth of seventy feet had been reached. The specimens assayed proved to be rich in gold and contained some silver. A syndicate has been formed and preparations are being made to work the lead.

HASELTON, Pa., Dec. 28.—The reappearance of the Klu Klux gang in the vicinity has caused great apprehension on the part of citizens. James Carr and Cornelius McGee, Janesville residents, were notified some weeks ago that they would have to leave town. They paid no attention to the warning. McGee was waylaid by unknown persons last Saturday and beaten into insensibility. Carr suffered a similar attack on Monday night. Both were robbed by masked men. This caused the greatest excitement in the vicinity of Milnesville and Coleraine. The band of cut-throats who have been holding up pedestrians in the highway and robbing them are suspected. The notice has aroused the citizens, and there is a big run on the gun stores in consequence. This band has also been known as the "Sheet Iron Gang," and only a few months ago tortured an old man to death. A riot in Janesville on Christmas was inspired by them, and the gravest fears of outbreak are entertained by authorities.

PITTSBURG, Pa., December 28.—John Burns attacked Andrew Carnegie last night in an address. "England," he said, "would have none of Carnegie's philanthropy. The steel king is robbing his workmen to erect libraries to stand as monuments to his memory." Mr. Burns referred to the Vanderbilts and Rothschild He said charity in America is the privilege of the rich. It is given to the poor only to be stolen from them next day.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

LETTERS TO THE EDITOR.

"BOILER RIVET" HEARD FROM.

SIR,—"Boiler Purge," in THE EXAMINER of the 26th inst., was plain, pointed, and purgative, to an extent that caused the Patriot to squirm partially out of the statement made in re the closing down of McKinnon & McLean's machine shop and foundry for repairs, which when possible, takes place always during the holiday season in this as well as in all industrial establishments where steam is used and machinery run. He confines the statement about the signs of the times to the P. E. I. Railway discharging four men. That in itself is no sign of dull times, because where large numbers of men are employed they are continually going and coming. The Patriot, like most of the Grit papers of the same stripe throughout Canada, is so anxious to score a point against the Government of Canada and its fiscal policy, that it cannot let a private firm do their repairs without crying out about the N. P. failure and the signs of dull times, and hard times ahead for the workingman. If the Patriot was anxious for the truth to be told it could easily inform its readers of the towns and cities that have increased their population, of the new industries that have sprung up, of the many thousands more men employed, of the increased hundreds of thousands of dollars paid out for wages, of the large increase in the consumption of farm produce which have taken place in consequence of the general prosperity of the whole of Canada resuting from the trade policy of the present Government. Also, of the few people in our own province that are really in want of the necessaries of life, instead of such an article "Boiler Purge" treated so scathingly and justly, that the Patriot took refuge in a quibble.
