MR. G. R. McMAHON RETURNS

Students' Demonstration in Montreal
—Bad Railway Wreck.]

Mr. Geo. R. McMahon, station agent at Emerald, was in Charlottetown over night, and this morning proceeded to his home. Mr. McMahon has been spending a well-merited holiday in Ottawa, Montreal and other Canadian cities, and reports having an exceedingly pleasant outing. Whilst in Ottawa he saw Mr. J. W. Hughes and many of the other Islanders residing at the capital, all of whom he reports in good health and doing well.

Mr. McMahon was in Montreal until seven o'clock on the evening of the day the news came of the relief of Ladysmith, and was an eye-witness of some of the pranks of the McGill and Laval students. He witnessed the demonstration of the McGill boys, and saw them break open the door of La Presse office and put up British flags. After the door of La Presse office was forced open by the students a fight took place inside, and two or three of the students emerged considerably the worse for their experience.

Mr. McMahon also saw the counter demonstration of the Laval boys, who pulled down the British flags the McGill students put up while they sang the Marseillaise and other French airs. While this was going on a crowd on the opposite side of the street sang "Rule Britannia" and other patriotic airs.

On his way home Mr. McMahon had his first experience of a railway wreck, and he will likely remember the circumstance for some time. The wreck occurred at a place called L'Acadia, about twenty-three miles from Montreal, on the 1st of March. It seems that an engine and caboose with snow plough attached had been sent out ahead to clear the track of snow, and at L'Acadia stuck fast in a bank. The engine and caboose were separated from the plough, and while in this position the Halifax express came thundering along and ran into the engine of the clearing train. The collision badly battered both engines, and the caboose took fire. The force of the collision was so great that it sent the engine of the clearing train on top of five or six men who were working at the snow on the track, killing two outright and fatally injuring the others. The passengers did all in their power to extinguish the fire, but the wind was so high that their efforts proved fruitless. Indeed, were it not for the timely arrival of another train from Montreal, which pulled the Halifax express from the scene of the collision, it would have fallen a prey to the devouring element. As it was three carloads of grain on a siding near by were burned. The wreck caused a delay of six or seven hours, during which time the passengers remained at L'Acadia.

HORRIBLE AGONY

Suffered by Mr. Thomas Harrison, of St Mary's, N.B.

Stone in the Bladder Brought Him to the Point of Death—Dodd's Kidney Pills Cured Him After all Else Had Failed.

FREDERICTON, March 2.—All residents of the village of St. Mary's, a suburb of this city, will remember the recent narrow escape of Mr. Thomas Harrison, who was so seriously ill with stone in the bladder. It will be remembered that Mr. Harrison had become so ill that many of his friends thought he could never recover. All medical treatment failed to relieve: his urine was thick and bloody, and his chances seemed gone.

At this period Mr. Harrison was persuaded to give Dodd's Kidney Pills a trial. He had no faith in them, nor hope that they would afford him either relief or cure, but he nevertheless agreed to give them a trial.

After having used one box he passed a large stone that had formed in his bladder as a result of defective kidney action.

All his pain vanished with the passing of this stone. He "mended" rapidly, gaining health, strength and flesh, rapidly.

Mr. Harrison continued the use of Dodd's Kidney Pills for a time, till his kidneys were perfectly restored and all danger of another stone forming had passed.

Today he is strong and healthy, and no man in Canada is louder in praise of Dodd's Kidney Pills.

Dodd's Kidney Pills have had the same result in every case of kidney disease for which they have ever been used. They have always cured. Victims of kidney disease—in any form—may be absolutely certain of a thorough and permanent cure, if they use Dodd's Kidney Pills.

THE RACES TO NIGHT

Bart Duffy, of St. John, who competes with Gaudet this evening, arrived by the Minio yesterday and left the R. Veré. Mr. Duffy was at the rink last night and surprised the skaters by his agility and trick skating. This morning, in company with Mr. Gaudet, he had practice at the rink, and showed himself to be a very powerful and graceful skater. He is full of fun, and before he left the ice he made those present roar with some of his comical skating. Those who wish to enjoy this laugh must be in their seats on time to-night. Every arrangement has been made for a large crowd, and as the ice could not be better fast races and hockey may be expected. The officials for this evening's races will be:

- Judges—Geo. J. Rogers, A. A. McDonald, H. R. Large.
 - Starter—A. E. Inga.
 - Timers—H. R. Dingwell, Dr. H. D. Johnson.
 - Scorers—C. D. Weeks, B. C. Prowse.
- The programme is as follows:—
- 1—Mr. Bart Duffy will be introduced to the spectators.
 - 2—First Half Hockey Match, Jr. Abegweits vs. Diamonds.
 - 3—Two mile Match Race, Bart Duffy vs. A. W. Gaudet.
 - 4—Second Half Hockey Match.
 - 5—One mile Match Race, A. W. Gaudet vs. B. Duffy.
