## Toronto Stocks

TORONTO (CP)—The stock market went through a mixed session Friday while marking up another heavy volume of trading. The final sales total of 12,122,000 shares was well below Thursday's record 13,644,000 shares, but it was only the seventh time in the exchange's 104-year history that the volume has gone over the 12,000,000 - share mark.

Heavy buying and selling swirled around the speculative copper issues. There was a good deal of profit-taking in medium - priced mines that have shown strength in recent weeks. Selected industrials gained up to five points and a handful of western oils were up to $1 higher.

Industrials scored a 1.23 index advance with firmness in steels and refining oils. Insurance stocks notched a couple of sharp advances but banks were dull.

Pick of the low-priced winners among mines were Midrim, up 34 cents at $1.30 and Nor-Ame, up 23 at $1.09. Hoyle added 50 cents at $10.50. Some uraniums were in demand. Gunnar gained 50 cents and Bicroft 30 cents.

Copper Cliff dropped 40 cents and Chromium 20 cents. Losses of 20-25 cents went to Beattie-Duquesne, Granduc, New Rovran, Temagami and Merrill Island.

In western oils, Great Plains advanced $1 and 50-cent advances were marked up to Home A, Consolidated West Pete and Western Leaseholds.

Index changes: Industrials up 1.23 to 480.56, golds up .17 to 88.04, base metals down .59 to 248.63 and western oils down .14 to 152.16.

**DAILY CRYPTOQUOTE — Here's how to work it:**

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
