

MADAME EXUPÉRY'S

SCORPIO (Oct.23-Nov.21)
Try to stop telling so many lies. Misinformation may be harmful to people. This is a good week to take a bath. You may be arrested for indecent exposure on the 14th. Stand tall for principles.

SAGITARIUS (Nov 22-Dec 21)
This is the week to do some soul-searching. Time and time again you will be asked "What is the matter?" You will probably be depressed all month. Your emotional stability will be questioned. Probably you'll lose every friend you have. You will be lucky if you don't kill yourself this month.

CAPRICORN (Dec.22-Jan 19)
Be prepared for the worst this month. Don't center all your attention on one person. Take time to think about the situation, your finances should be checked. Try to separate real from illusion.

AQUARIUS (Jan.20-Feb.18)
You have two problems: loss of muscle mass in the face, neck, arms and a tendency to talk too much. This is a good month to sit back and listen to others for once. No real bad days

forecast for this month.

PICES (Feb.19-March 20)
This a good week to put up your storm doors. Take time to think about the advice you will get on the 14th. Don't let the actions of people confuse you. The world is run by lunatics.

ARIES (March 21-April 19)
Try to become more of an individual. People are beginning to take you for granted. To stand out a bit in the crowd, why not try shaving your head. Good days on the 12,14, & 16.

TAURUS (April 20-May 20)
Don't hitch hike this week. Gypsies are on the move and with your luck they'll add you to their collection of perverts. This will be a bad week for you. Stay in bed all week. Alone.

GEMINI (May 21-June 20)
Why not try to break a few of those bad habits this week. If you try to break them all you'd have a full time job. You are a very gross person. Perhaps you should commit yourself.

CAN. ER (June 21-July 22)
Be very careful with your

"late night visitors" this week. You may meet several brothers and sisters you've never heard of. You may find out this week that your father is really your mother and your mother is a robot.

LEO (July 23- Aug. 22)
Plenty of action for you this week, Leo. Try to express yourself to those you love. Give a true effort in trying to listen to other peoples problems. Enjoy yourself this weekend. Don't run with a sucker in your mouth. You may put another hole in your head.

VIRGO (Aug.23-Sept 22)
This week is full of surprises. Keep your eyes open. Something unusual is going to happen. You may suffer a fall and lose the use fo both legs. Also do exercises that use arm and chest muscles.

LIBRA (Sept 23-Oct 22)
This week is full of sickness. Someone close to you will fall ill and die. You will catch it too. Be careful of who you kiss and buy a package of barf bags.

H O R R O R S C O P E

you know you're manager of the Panther Football Team when

- You spend all night looking for Jonesy's girdle, only to find out Tokis has it
- You order 80 quarter-pounds and 80 Big Macs, and have to explain how you forgot the pop.
- You're on a first name basis with all the players and you're not a jock or a girl --or both.
- You order 80 quarter-pounds with cheese, and Ernie wants his plain
- You live in the locker room 60 hrs/week
- You are the only one ALLOWED to drink, but you don't have time.
- You have to bail half the team, two coaches, George, and Rabbi, out of jail the night before a game.
- You need two cars to pick up the orders at the liquor store.
- You have to round up the coaches (from the bars).
- You empty all the ice machines in town to keep Hermie in buisness.
- You have to sneek Sockee a beer before the game, and a smoke at half-time.
- You work 'til 4A.M. fixing and painting new helmets and then they want to wear their old one.

You have to play doctor when J.P. drinks.

-You get pissed off, quit,

but come back(AFTER THEY THREATEN TO BREAK YOUR LEGS)

The Conspiracy

REMEMBER

Other people have just as many, if not more, problems as you.

TO Error is Human
Thus
with the amount of errors I've made
I must be Super Human

TO WHOM IT MAY CONCERN

Approximately two months ago you told me something and have repeated it many times since. Approximately two weeks ago I asked myself a question about me. Sunday I realized that what you had said was part of my answer. THANK YOU!
