Four Arrested In Montreal Swindle Case

(A. P. by Guardian's Special Wire) NEW YORK, May 5.—Four men, arrested here in connection with a \$3,000,000 swindle on the "Montreal post graduate hospital sweepstakes," were held in \$7,000 bail each tonight pending a hearing May 26 on their removal to Boston to face trial.

The men were Paul and Morris Berney, brothers, Chauncey Stone and Arthur Schaffner. Victor Levin, who was arrested previously, also was being held.

The five defendants were among the 25 indicted by a federal grand jury in Boston. Three others were under arrest in Newark and a dozen in Boston.

Postal inspectors today predicted several other arrests in New York within the next day or so. Abris Berney, former prohibition agent, described by postal inspectors as the "ringleader," also is under indictment in connection with the American contest corporation, which recently conducted a lottery for the New York chapter of the Knights of Columbus.

Postal inspectors said there was no such institution as the Montreal Post Graduate Hospital and that the names of those announced as winners of the sweepstakes were taken from tombstones in New England.

The four defendants had denied their guilt in the police lineup.

Separation Agreement

River in Queens County do hereby declare that my husband W. Elgin Mackinnon of Murray Harbour in Kings County and I have mutually entered into an agreement whereby we have agreed to separate and live apart from each other, neither being responsible for the debts or actions of the other.

Dated May 1st, 1936.

VIOLET ELSIE MACKINNON

C.A.H.A. President Studying New Rules

OTTAWA, May 6.—(C.P.)—Ocell Duncan of Ottawa, President of the Canadian Amateur Hockey Association, declined to comment until he had read the statement of W. A. Fry, President of the Amateur Athletic Union of Canada regarding the hockey association's new rules.

"Apparently Mr. Fry still adheres to the policy of conducting A.A.U. of C. business through the medium of the press and I prefer to offer no comment until I have had an opportunity of reading his letter in a morning newspaper," Mr. Duncan said.

NOTICE

A Modern Portia Addresses Parliament

OTTAWA, May 6.—(C.P.)—A new Portia came today before parliament, setting a precedent as the first of her sex to become an accredited agent before a House of Commons committee.

Mrs. A. H. Lief, the modern Portia, unabashedly because of lions against women to practise law in her native province, Quebec, pleaded the cause of Mrs. Ruth Rudnikoff Stolland whose husband, Hyman, a Montrealer, sought a divorce on statutory grounds.

Mrs. Lief, wife of an Ottawa lawyer, graduated in 1928 from McGill Law School, Montreal, took a post-graduate course at Dalhousie University and was admitted to the Nova Scotia bar in 1929. She was married that year and went to work in her husband's office.

Loves Estates Tobacco Built

(By The Canadian Press) SCHEMERSVILLE, N. J., May 5.—Be it ever so palatial there is no place like home to Mrs. James H. R. Cromwell, the former Doris Duke, who inherited the vast tobacco fortune of her father, the late James B. Duke, and came to be known as the world's richest girl.

She may roam the earth, as she did after her marriage, tasting the fruits of wealth in foreign lands but she always comes back to Schemersville. Here she enjoys a 30 room house on a 2300 acre estate with its 42 miles of improved roads, its woodland glens and a multitude of bass and trout, fearless of capture, frisk in the eight lakes and the winding streams.

Mrs. Cromwell was born on the estate, lived here most of her life, and has spent many week-ends here since her marriage and honeymoon. She has 11 servants, who occupy third floor quarters. The big rustic stone stable is now the garage—it looks like an automobile show room, and its floor is covered with matting. Improvements of recent years include a swimming pool, 60 by 120 feet with underwater lighting effects; an indoor tennis court and a lounging room where movies are shown.

Two motorcycle policemen patrol the roads of the estate. Guards are always on duty at the entrances, and the grounds are strictly private.

CARTER'S

Second Coming of Christ Not Far Distant Claim

TORONTO, May 6.—(C.P.)—Claiming to have no sympathy with those who quoted exact dates of the fulfillment of bible prophecies, Dr. W. H. Rogers, Pastor of First Baptist Church, New York City, told the World's Christian Fundamentals Association yesterday that international, economic and religious conditions pointed to the fact the second coming of Christ was "not very far away."

"Swiftly the hours are passing," Dr. Rogers said, "and, although we know not the hour or the day, the second coming of the Saviour is not far away."

DORIES RESCUED BY FISHING SCHOONER

ST. JOHN'S, Nfld., May 6.—(C.P. Cable)—Seven dories belonging to the French schooner Suliac, abandoned and set adrift by her crew 250 miles south east of Cape Race, were brought into port today by the fishing schooner Ladunton.

The crew of the Suliac was rescued by a French trawler after their craft sprang a leak Saturday on the Grand Banks. No details of the sinking were available.

The Ladunton also brought 350 quintals of fish.

Alcohol Causes Majority of Deaths

(By Howard W. Blakeslee) (Associated Press Science Editor) ST. LOUIS, May 5.—Alcohol was given as an unseemly and unreported cause of many deaths among chronic drinkers, in a study reported to the American Psychiatric Association today by V. G. Urse, M.D., assistant psychiatrist of the Cook County Psychopathic Hospital, Chicago.

Of 21 deaths which he found due to alcohol he said the coroner attributed only five to that cause, missing 78 per cent. They were missed, Dr. Urse said, because presumably fatal alcohol may fall to leave clear traces. He suggested need for re-examination of the role of chronic alcoholism.

After chronic alcoholism, Dr. Urse said, the most common findings are serious meningitis, fatty degeneration of the liver, puffy condition of lungs, brain, stomach and duodenum. The liver condition is the most consistent finding.

"Repeal of the 18th amendment in its first two years," Dr. Urse said, "does not seem to show an increase in the number of alcoholic admissions to Cook County Psychopathic Hospital. If anything there is a decrease."

OUTLINES JAPANESE POLICIES

New Foreign Minister Refers To Menace Of Soviet Arms.

(A. P. by Guardian's Special Wire) TOKYO, May 6.—(Wednesday)—Japan "in her solicitude for peace in East Asia cannot remain indifferent" to large Soviet troop concentrations in the Far East, Hiroto Arita, new foreign minister, Japanese-Soviet relations, he added, "cannot be said to be altogether felicitous.... The fact the Soviet maintains excessive armaments on remote outposts of the Far East constitutes a real menace to peace in this part of the world."

Arita, however, stressed Tokyo's desire for "normal and peaceful relations" with the Soviet and declared he would devote his "best efforts to furtherance of Japanese-American amity and understanding."

"Babe in the Woods" Fund Growing

ST. JOHN'S, Nfld., May 6.—(C.P.)—The Lucy Harris Fund, in aid of Newfoundland's heroine "babe in the woods," will close May 8. It was announced here today by the committee in charge of the fund.

At present it exceeds \$1,000 and will probably reach double that sum before the final day for contributions the committee believed.

Not even the loss of her feet, result of the 12 days exposure she endured in some of the bitter winter weather with nothing to eat except snow, has damped the spirits of the nine year old girl.

Today she asked her father if he had any lambs this Spring and if her little sister, Marjorie, had caught any trout.

Tribute to King George

Arita paid tribute to the late King George of Great Britain and said adjustment of British and Japanese interests should not "prove too difficult."

Arita expressed the hope that projected discussions to settle border clashes between Japan and Manchoukuo on the one hand and Soviet Russia and Outer Mongolia on the other "will result in an early solution of all questions and particularly in the exchange of representatives between Manchoukuo and Outer Mongolia."

Turning to China, the foreign minister said it was essential that "Chinese authorities should take a truly broad view of the situation in East Asia and refer upon them with firm resolve. It is very unfortunate that apparently China as yet has not come to a full decision."

Communist Menace

"The Japanese Government," continued Arita, "are greatly concerned over the inroads of Communist influence into East Asia. In view of the likelihood that the Red armies may march on northwards at any favorable moment we are watching developments with particular attention."

In a discussion of international trade, the foreign minister said "the ever among many countries abroad tendency is more in evidence than to attempt the exclusion of foreign products under one pretext or another or to form co-called economic blocs heavily armed with weapons of a trade war."

"Since our nation cannot sustain its economic life except by securing abroad a supply of raw materials and a market for finished products, we shall have to continue our efforts by friendly means for the abolition of economic armaments, but should conditions fall to improve despite our endeavors we might be compelled to adopt the necessary measures to meet the situation."

IN MEMORIAM

RICHARD EDWARD MOSSEY

At Bothwell, P. E. I. on April 24th the spirit of death visited the home of Mr. and Mrs. Freeman Mossey and called to its heavenly home the soul of their dearly loved twin son, Richard Edward.

Richard was only 3 1/2 years old, but was loved by all who knew him, proof of which was tangibly expressed by the large number of friends from far and near who visited the house and by the large funeral cortege which followed the remains to St. Columba Cemetery on Sunday, April 26th.

Richard was sick only ten days and his passing was keenly felt by his father and mother, and his little brothers, but they were only too glad to give back to God his darling child, which he gave to their keeping for even such a short time. He is an angel today, and we are the richer for having known him.

(Patriot please copy)

MISS LUCY R. GALLANT

It is with feelings of intense sorrow we chronicle the death of Lucy R. Gallant, daughter of Mr. and Mrs. Robert Gallant, Mayfield, P. E. I. which occurred in the Charlottetown Hospital on March 29, 1936, at the early age of eighteen years. Her death came as a shock to her loved ones as her condition was not considered serious, but all that loving hands could do was to ease her suffering until her gentle spirit winged its Heavenly flight. She was loved by all who knew her, and was a general favorite among young and old. This was shown by the large concourse that followed the remains to the cemetery. She leaves to mourn besides her sorrowing parents, four brothers, namely: Lawrence and Earl North Rustico, Emmet and Paul at home, and four sisters, of which three survive, namely, Jean, Annie May, Marion and Margaret, who predeceased her seventeen months ago.

Mr. and Mrs. Robert Gallant have had the comfort of receiving a large number of mass cards and spiritual offerings from relatives and friends from far and near.

The funeral took place from St. Anne's church, Hope River, the interment was in St. Anne's cemetery.

Fear Fishing Schooner Lost

(C.P. by Guardian's Special Wire) NORTH SYDNEY, N. S., May 5.—Fish crates bearing the initials "J. E." have been poked up along the Newfoundland coast, and fishermen putting into this port for bait expressed fears the banker Jennie Elizabeth had foundered.

The Elizabeth has not been reported for three weeks and another schooner, Mary Ruth, has made two battings since she sailed for the banks the same day as the missing vessel.

Plan To Continue Operation Of Gold Mine

(C. P. by Guardian's Special Wire) HALIFAX, May 5.—Before the MacEwan River gold mine may be worked again, manager F. D. Henderson must submit his plans to the Nova Scotia mines department in a formal application, Deputy Minister of Mines Norman McKenzie said today.

Earlier in the day Henderson had said that "as far as I am concerned I shall continue operations unless the mines department steps in and stops me." The Magill slope collapsed Easter Sunday night, imprisoning Dr. D. E. Robertson and Alfred Scadding for 19 days. The third member of their party, Herman Macell, died before rescuers reached them.

Dr. Robertson, almost completely recovered from his harrowing experience, left for Toronto today. Scadding is still in hospital, victim of "trench feet."

Japan Houses Many Chinese

(C.P. by Guardian's Special Wire) MONTREAL, May 5.—Japan made a serious mistake in going into Manchuria the way she did, Dr. Toyohito Magawa said today in an address here before leaving for Ottawa.

Japanese visitors said his country was forced with the problem of managing a population with a huge proportion of Chinese. In the past 25 years 22,000,000 Chinese have migrated into Manchuria, while the Japanese have remained in their own country, he said.

Chinese boycott of Japanese goods and insurmountable trade barriers of other countries were a problem to Japan in her search for markets, Dr. Kagawa said, but the country's reserve funds and self-sufficiency have kept her from depression.

WHO WOULDN'T LEAD A DOG'S LIFE UNDER THESE CIRCUMSTANCES

CHICAGO, May 6.—Flagstone paving in the sunken garden was started today as the last step toward completion of the anti-cruelty society's \$100,000 "hotel de luxe" for stray cats and dogs.

Around the luxurious exercise yard workmen were erecting an 85-foot stone wall to guard hoboos of the animal world from the prying eyes of humans.

The garden itself was a canine and feline heaven, what with its two big maple trees—and the flagstones.

The hotel, a three-storey affair, was made possible by a bequest of the late Marion E. McConnell. On the first floor was the kitchen, with electric refrigeration and pastel tinted walls; the dogs' bathroom, spotless white; and kennels, with glass doors leading to the garden. There were two rooms for cats, one a many-celled cage on wheels, and the other more commodious, with shelves to accommodate leaping felines.

On the street level was the two-room free clinic and operating room equipped with the latest facilities for treatment of cat and dog ills and hurts.

Hidden away was the death chamber for electrocution or asphyxiation of animals. Dog and cat owners could pick the easiest way out for their pets.

STITCH IT

A pyjama girdle will not slip out, if it is stitched to the material at the back.

much loved pastor, Rev. W. V. MacDonald.

The pallbearers were as follows: Messrs Leo Dolron, Alban Peters, Elmer Peters, Rural Gauthier, Alvin Gallant and Wilfred Gallant. Interment was in St. Anne's cemetery.

MISS ETHEL McQUAID

Seidom were the people of St. Theresa and vicinity more shocked and grieved than on April 1st, 1936, when it became known that Ethel McQuaid had passed away at the Charlottetown Hospital, where she had entered the previous day to undergo an operation which was performed that evening, and in the early hours of the following morning passed peacefully away. Fortified by the sacred rites of the Holy Catholic Church, Deceased was the daughter of the late Hugh P. and Catherine McQuaid. The funeral took place on April 3rd to St. Outhberts Church, St. Theresa, where Requiem High Mass was celebrated by her pastor, Rev. J. Basil Croken, who also performed the last sad rites at the grave. She has left to mourn the following sorrowing brothers and sisters: Aeneas, Cardigan Head, Mrs. Patk. McQuaid, 48 Road, Edwin and Gertrude in the old home.

The pallbearers were the following: Messrs. J. Michael Curran, Joseph Cullen, Wm. Goodwin, Wm. MacAtuly and her two nephews Elmer and Urban McQuaid. Hearst driver Mr. Chester McQuaid.

To the bereaved ones we extend sincere sympathy. R.I.P.
