

STAR WARS™

SPECIAL EDITION

The streets of Mos Eisley are now populated with new digitally-created creatures in the "STAR WARS SPECIAL EDITION"

"May the Force be with you."

Twenty years ago, this would have elicited little more than a puzzled look. But by mid-1977 -- after a film called *Star Wars* opened in theaters across the country -- this expression was on the lips of millions of Americans. Indeed, *Star Wars* and its two sequels, *The Empire Strikes Back* and *Return of the Jedi*, have gone on to touch the lives of hundreds of millions of people throughout the world, making a lasting impact on the entertainment industry, technology and popular culture.
