N.Y. Stocks Weakened At Weekend

NEW YORK (AP)—The stock market moved inconclusively last week, weakening late in the week.

The Associated Press average of 60 stocks squeezed out a 12th consecutive weekly advance, gaining 3 to 273.9. However, the Dow Jones average of 30 industrials lost 4.28 to 720.53.

Most major automobile manufacturers reported increased sales for the mid-May period and top officials of Ford Motor Co. and General Motors Corp. issued statements predicting an annual sales of 7,000,000 cars.

Steel did not respond to continued rising production. Sugar issues went to the fore early in the week, propelled by rising wholesale and retail prices. Much of the sweatshops melted out of these issues later as profits were taken and a U.S. congressional committee announced it would investigate the background of the price spiral.

The five most-active issues on the New York Stock Exchange: Chrysler, off 1/4 at 37 1/2; Control Data, off 1/4 at 57 1/2; Southern Pacific, off 1/4 at 44 1/2; U.S. Smelting, up 1/4 at 67 1/2; and Texaco, off 1/4 at 35 1/2.

The five most-active issues on the American Stock Exchange: Michigan Sugar, up 1 at 7 1/2; 38,400 shares; Signal Oil, up 1/4 at 28 1/2; Utah-Idaho Sugar, up 1/4 at 14 1/2; Occidental Petroleum, up 1/4 at 25 1/2; and McCormick, up 1/4 at 4 1/2.

The market opened the week by declining Monday. It ignored the news that U.S. personal income in April rose to a record annual rate of \$45,500,000,000. On Tuesday the blue chips regained some leadership as the secondary and special issues faltered. Steels led a rally on Wednesday as it was announced that steel production and consumption were rising.

Profiting-ate into prices on Thursday and steels led a late decline on Friday.

Volume for the week was 24,326,720 compared with 25,367,040 the previous week.
