Alcohol Conference Speakers Are Named

Set Eric Tedford, RCMP provincial supervisor of traffic safety, will give the keynote address at the fourth provincial youth conference on the alcohol problem this morning at the Basilica Recreation Centre in Charlottetown.

Sessions continue throughout today and Friday, concluding with supper at Montgomery Hall Friday evening.

In the afternoon those in attendance at the conference will hear a 45-minute talk by A. Keith Ellinwood, author, lecturer and counsellor for alcoholics. This evening Angus Gus MacFarlane, athletic director at Mount Allison University, will speak from 8 to 8:30. An informal dance will round out the day's activities.

Friday sessions will commence at 9 a.m. running through until 5 in the afternoon. Addresses will be given by Rev. Arthur Pendergast, Palmer Road, David M. Boswell, director of alcohol studies and R. Bruce Atkinson, Allied Youth director for Nova Scotia.

Late Friday afternoon a youth panel will be heard and Mrs. Gordon MacDonald will act as moderator.

Voting for new officers will take place at the morning session.

One of the special features of the two-day conference will be the banquet, scheduled for The Basilica Recreation Centre this evening at 6:30. David Simmons, provincial Allied Youth president, will preside at this function.

Tips For Tots Given On Child Safety Day

Child Safety Day, Sunday May 2, will aim at reducing the injury and death of Canada's children. The one-day awareness campaign will be jointly sponsored by the Canadian Highway Safety Council and the National Safety League of Canada.

In this interest, the League and Council offer some tips for the tots:

Bike riders — slow down and look carefully before riding out on an alley or driveway.

Good manners are safe manners, riding a bike or playing. Be considerate of others. Playing rough can hurt the rough player, and others, too.

Wait for the right time to cross the street. Jumping in

front of cars is the sign of a show-off. Nobody like show-offs.

Watch for cars, not only on streets, but coming out of driveways, alleys or garages. A car being backed up can hide children from the driver.

Never leave it to the motorist to avoid a child. The child must always be alert and ready — and careful.

Blaming somebody else for an accident never makes a hurt feel better. Avoid the hurt in the first place by being sharp-eyed and careful.

Bicycle handlebars are for steering, not riding. Riding double — head for trouble.

Pick a safe place to play, away from traffic dangers. It's smart to be safe.

whose dangerous game is liable to provoke a third world war, desire — under the pretext of carrying on an ideological fight against communism, to impose their domination on all countries, to force underdeveloped countries to accept neo-colonialist relationships, and to prevent all progress toward socialism."

Close Bidding Marks Tenders

Tenders for highway projects totalling nearly \$1 million were opened Wednesday by the department of highways under supervision of the minister, Hon. J. Philip Matheson, and the lowest bid was submitted by Warren Maritimes Ltd. at \$314,740 for a paving section of 7.1 miles of Trans Canada Highway from Charlottetown to Mt. Albion.

Keen interest in the contract was evident in the six bids received and it was noted the closeness of the figuring showed in the fact there was only a matter of \$2,000 between the three low bidders.

A further section of the Trans Canada, from Mt. Albion to Vernon of 6.4 miles, saw Matheson and MacMillan submit the low bid of \$337,830. Here again the five bidders were relatively close in their figuring.

At present there are seven men employed at the plant. These include Douglas Durbur, manager, and Harry Simmons, engineer, who are both retiring. The other employees have been notified of the closing.

Although the plant is owned by the provincial government, it is operated by Industrial Corporation, a crown corporation set up some years ago. Hon. Leo Rossiter, minister of industry, is chairman of the board which includes three cabinet ministers: Lloyd MacPhail, MLA, and Mr. Murnaghan.

The defendant, Robert Boyle, Clyde River, was giving his testimony at the time Justice Bell announced the court would adjourn to 10:30 this morning.

Stewart; John Toombs, Mayfield; Lorenz Gay, North River; Alfred Gauthier, Rudolph Murnaghan, Tarantum; and James Halliday, Belfast. Prior to their selection there were three peremptory challenges of prospective jurors by the plaintiff's counsel and one by the defendant. Appearing with Mr. McQuaid is Gilbert A. Gaudet.

Trawler Snags Plane Propeller

ST. JOHN'S, Nfld. (CP)—The department of transport at Moncton, is studying an aircraft propeller snagged in a trawler by a Newfoundland fishing vessel on the Grand Banks last month.

A D.O.T. spokesman here said it has not yet been determined how old the propeller is but it has been in the water "for quite some time." He said it is also not known what type of plane it came from but it contains markings which the department hopes will identify it.

The propeller was raised by the Blue Foam, a trawler owned by Job Brothers Company Limited.
