UPEI STUDENT UNION NOTES

As Capilano College marks its 30th Anniversary one of the things they are proud of is the establishment of the *Beth Alber's Marker of Change Memorial* to the 14 women killed at the École Polytechnique in Montreal 10 years ago. A volunteer committee conceived by former Capilano College student Christine McDowell, involved contributions from 6000 groups and individuals, raised \$450,000 over a period of eight years. The UPEI Student Union is a proud contributor to this memorial.

CONGRATULATIONS

The UPEI Student Union would like to extend congratulations to the graduating class of '99.

VP OPERATIONS MESSAGE

This year was so great. Attendance was up all year and we were able to take in a few big acts like Big Sugar, The Matthew Good Band, The Watchmen and Kilt. I would like to presently thank the UPEI SU Executive, the entire office staff and especially the Panther Lounge staff. Nothing would have been possible without you guys. Thanks a lot.

VP Operations
Tyler Dougan
