

# Christmas Is Of The Heart

Doug Gallant

Christmas  
 is a time of year  
 to spend with one  
 whom you hold dear  
 to walk arm and arm down a snowy lane  
 watching Jack Frost dance on glass window panes  
 children playing covered with snow  
 reminds me of someone that I used to know  
 when settling down by an old fireplace  
 the light of the fire does  
 nice things to your face  
 the glow of your eyes  
 the lines of your cheeks  
 two warm gentle hearts beat uncommonly weak  
 a happy surrender  
 such beautiful warmth  
 in the cold of December  
 a feeling of chills  
 brings two bodies about  
 to find that the fire had the nerve to go out  
 quick to the fireplace  
 run two chattering souls  
 in to the fire  
 fresh logs and some coal  
 back to the bed  
 cover our heads  
 till the new fire of morning  
 turns us rosy and red  
 the days pass so quickly  
 as quick as quick can  
 then it's all over  
 the world owns you again  
 but the holiday season  
 is so good for the heart  
 it brings those together  
 who had long been apart

## International Christmas for International and Canadian Students of the Maritime Universities and Colleges

For the international students attending your university, Christmas holidays can be a very lonely time. Most of them will not be able to go home to join their families and their Canadian friends are away from the campus.

To provide the international students a home away from home and to acquaint them with the real meaning of Christmas the Inter-Varsity Christian Fellowship is sponsoring the International Christmas for the sixth time. It will be held from December 21-27. Those students who participated in the previous years enjoyed it tremendously and they look forward to coming back this year.

### ACTIVITIES:

- Tobogganing
- Cross-Country Skiing
- Snow Shoeing
- Skating
- Broom-Ball
- Crafts, Curling
- Indoor Games & Sports
