DUNNING ON HEALTH TRIP TO ENGLAND

Leaves Montreal On Liner Montclare—Is Too Ill For Interview.

By ROSS MUNRO
Canadian Press Staff Writer
MONTREAL, Aug. 4.—Broken in health after 25 years of strenuous public life, Hon. Charles Dunning was a wan farwell through a party to his family and friends on the dock here today as the liner Montclare pulled out into the St. Lawrence River and sailed for Liverpool.
Whistles shrieked, the band played and paper ribbons streaked the sides of the boat but none of it was for Canada's Finance Minister who made his way from the westward fields, where he worked as an immigrant boy, to the federal cabinet.

Bon Voyage

For "Charlie" Dunning did not seem to want to leave Canada even on his health-seeking trip to England. Dozens of friends wished him bon voyage and he smiled a shadow of his old smile but an air of sadness hung over his departure—sadness that the 54-year-old Minister is being forced, at least temporarily, out of the public service because of illness.

THEY FOUND HIM

LONDON, (CP)—Of over 30,000 militiamen called up during a weekend, at camps all over the country, only one was missing, and it was found he had joined the regular army.

Japan To Join Axis Powers In Military Accord

Tokyo Claims Events Forcing Her Into Italo-German Bloc.

TOKYO, Aug. 4.—(AP)—A high government official accused Great Britain and the United States today of joint pressure on Japan and declared "events are forcing" Japan toward a military alliance with Germany and Italy.
Japanese meanwhile greeted with doubt and perplexity British Prime Minister Chamberlain's declaration Britain might find it necessary "in certain circumstances" to send a fleet to the far east.
Comment was guarded but one naval officer said Britain "might send a few ships as a gesture" but it was unlikely she would do more because of the unsettled outlook for Europe.

Agreement Near

It was stated that conclusion of a German-Italian-Japanese pact might come at any moment though ignorance was professed concerning the meeting in Italy of the Japanese envoys to Rome and Berlin, Toshio Shiratori and Lieut.-General Hiroshi Oshima.
The official said by the "forcing" events he meant Washington's action July 26 in abrogating the 1911 American-Japanese trade treaty and British resistance toward settlement of currency issues in the conference here on the Tientsin dispute.
"Obviously the two attitudes are connected," he charged. "They indicate joint pressure on Japan whether the American and British governments actually are conferring or not."
"We have been confidentially informed that Washington fears war in Europe in September and the treaty abrogation was done on the spur of the moment in order to clear the way for military assistance to Britain and France while withholding war materials from Japan. As long as the treaty is in existence this would have been legally impossible."

Anti-British Violence In Tientsin Reigns Unchecked

TIENTSIN, Aug. 4.—A mob of Chinese, said by Britons to have been Japanese-instigated, today attacked the Tientsin offices of the British International Export Corporation, smashed all movable equipment and tossed it into the Hel River.
British and Chinese employees of the concern took refuge in adjoining property of the Texas Oil Company.
Unconfirmed reports said anti-American demonstrations occurred in Kaifeng, Honan Province. Though details were lacking it was understood the United States Consul-General, Clarence J. Spiker, in

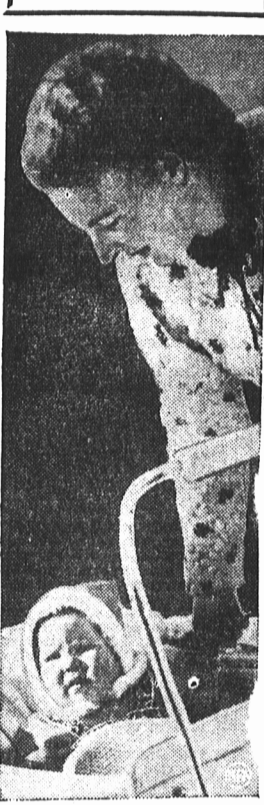

Three Lose Lives In Ontario River

HEALEY FALLS, Ont., Aug. 4.—(CP)—Three persons drowned in the Trent River tonight when a shallow duckboat from which they were fishing capsized in rough waters.
The dead: Frank Beaver, aged about 38; his eight-year-old son, Adrian, and Frank Ba'e.
All were residents of this summer fishing resort six miles north of Campbellford.
The party was fishing about a half-mile below Healey Falls. Persons on shore said a heavy sea was running at the time but what caused the boat to capsize was not known.

World News In Brief

- CHICAGO, Aug. 4.—Circuit Judge John R. Caverly, 78, veteran Cook County jurist who presided at the Loeb-Leopold murder trial in 1924, died today in Bermuda.
- HALIFAX, Aug. 4.—East Coast Radio reported tonight the Norwegian motorship Bernhard had struck Cerberus Shoal in Chedabucto Bay and was "leaking badly". The freighter was reported anchored at nearby Eddy Point with her "bow on the ground."
- BALTIMORE, Aug. 4.—Democratic presidential speculation turned suddenly to Maryland today when friends of Senator Millard E. Tydings tossed the militant new deal "purge" survivor's hat into the race for the party's 1940 nomination.
- LONDON, Aug. 4.—Explosions officially attributed to Irish Republican Army terrorists occurred tonight in four towns—Eradford, Blackburn, Preston and Halifax—injuring a postman and destroying a quantity of mail.
- HALIFAX, Aug. 4.—Rain fell in several sections of Nova Scotia today bringing slight relief to the Province after a month of dry weather. Forestry and Agriculture Department officials said, however, a "droneing rain" was needed soon.

BRITISH-BUILT TORPEDO BOAT DEMONSTRATED

Regarded Of Interest To Canada In Defence Of Coastlines.

B YFRED N. BACKHOUSE
Canadian Press Staff Writer
SOUTHAMPTON, Eng. Aug. 4.—(CP)—A new British-built motor torpedo boat has been developed which Pliant-Commander Claude Gram-White, manufacturer, thinks should be of the greatest interest to the Canadian Government in considering the defence of the Dominion's extensive coastlines.
The torpedo boat can carry two 21-inch torpedoes, one 37 mm. automatic cannon, one 50 calibre machine-gun and six depth bombs. Yet when it was put through its paces here it looked no more deadly than a River Thames pleasure launch.
At a performance demonstration before Admiralty experts and newspapermen the vessel attained a speed of 46 knots for more than 53 M.P.H., claimed to be a new world's record for this type of boat.
The constructors claim for it defensive and offensive features "out of all proportion to costs."
Carrying a crew of six the craft can be used for convoying merchant ships in coastal waters, chasing and destroying enemy submarines and showing and laying

Queen Observes 39th Birthday

(By The Canadian Press)
BALLATER, Scotland, Aug. 4.—Queen Elizabeth celebrated her 39th birthday at Balmoral Castle today.
No special functions were arranged but hundreds of letters and telegrams of congratulation reached Her Majesty from all parts of the world.
Princesses Elizabeth and Margaret Rose presented gifts to their mother and there were also presents from the King, Queen Mary and other members of the royal family.
Throughout the United Kingdom flags and bunting were displayed on government buildings in honor of the occasion.
During the day the Queen sent a message of world friendship to the Queen Mary of London, in which she replied to a telegram "half of the citizens of London."
"These expressions of good will are a constant inspiration to both the King and myself in our efforts to promote the true spirit of friendship throughout the world," Her Majesty said.

MOTHER AND TWO CHILDREN IN DEATH JUMP

Chicago Suicide Tragedy Is Attributed To Nazi "Persecution."

(By The Associated Press)
CHICAGO, Aug. 4.—The death jump of a mother and two children who died from Czecho-Slovakia after Chancellor Hitler's troops had occupied the country was attributed to Nazi "persecution" by a coroner's jury today.
The jurors decided Mrs. Adela Langer, 46, leaped from the 13th floor of the Congress Hotel late last night with her two young sons, Jan, 4½, and Frank, six, "while temporarily insane due to worry over being forced to leave her home due to persecution."
The husband and father of the victims, Karel Langer, a slight, nervous Jew whose eyes were ringed and reddened by grief, wept on the witness stand while he told how he abandoned home and fortune when tyranny forced us to become refugees.

"Suicide Colony"

Later the Chicago Bureau stated its reporters, while investigating the case, learned that a group of refugees of various faiths and nationalities and all living here on temporary visas had formed what its members termed a "suicide colony."
They called themselves "Anchovy Victims," it added, and expressed the belief self-destruction was preferable to return to their home lands.
Joseph Martinek, secretary of the Czecho-Slovak National Alliance, described the "suicide colony" report as "nonsense."
At the inquest, Langer, who spoke only the Czech language, related a tragic story through an interpreter. He reported he once was the principal owner of large textile mills but circumstances forced him to sell them.
While residing in Prague said he was unable to make the money with him because of German currency restrictions, Langer declined to disclose what the property sale he needed to do.

RISK DEATH TO EVADE PURSUIT

Ontario Bank Bandits Escape With \$1,600.

(By The Canadian Press)
STONEY POINT, Ont. Aug. 4.—Risking death to evade pursuit, four young bandits made off with \$1,600 from a branch of the Provincial Bank of Canada today after shutting the 67-year-old manager, James Griffin, in a washroom. Chased at 80 miles an hour, the robbers escaped by driving a narrow railway truck a few feet ahead of a Canadian Pacific train that cut off the pursuit five miles west of here.
At least two of the bandits carried revolvers, Griffin said. They entered the building about an hour after it was opened and acceded about \$550 from the till and the rest of the loot from the safe. Griffin offered no resistance and was not molested.
As soon as the men left the building the manager raised an alarm and Police Chief Jerry Destardis said, "It was close, so close the covey-alter almost grazed the rear of my car. We had to stop."
The bandits, only in the bank five minutes, took the bank sum from the vault with them, Griffin said.

\$200,000 Worth Of Furs Sold At Edmonton

(By The Canadian Press)
EDMONTON, Aug. 4.—Nearly \$200,000 worth of furs from the Canadian Northwest were sold Thursday in the biggest sale of this season sponsored by Edmonton's fur Auction Sales Limited. It was stated today by President William Levine, value of furs sold was about double the figure for the last sale, held about a month ago.
The total offering was worth \$250,000, said Mr. Levine, and being bought 75 to 90 per cent of it. Prices on muskrat and fox suggest the higher. Eighteen buyers from outside Canadian points, the U. S. A. and Great Britain took part in the sale, along with Edmonton and district buyers. It was the last sale for this season.

France "Links" China Interests With Those Of Britain Tokyo Told

Chamberlain Warns Japan Britain May Send Fleet To Orient—Parliament Adjourns.

PARIS, Aug. 4.—(AP)—France stepped into the British-Japanese negotiations for settlement of China issues with a notice to Tokyo today that French interests were "linked" with those of Britain.
The Foreign Ministry disclosed that Charles Arsene Henry, French Ambassador to Tokyo, had visited the Japanese Foreign Office to point out formally the unity of French and British interests in the Orient.
He was understood to have expressed French readiness to take part in the British-Japanese talks, converting the Tokyo conference into a three-power parley.
A similar notice was said to have been given to London, promising that the French Government would take a stand identical with that of Britain.

PARLIAMENT ADJOURNS

LONDON, Aug. 4.—Parliament adjourned for the summer today with Prime Minister Chamberlain bluntly warning Japan that Great Britain might find it necessary "in certain circumstances" to send a fleet to the Far East.
He did not indicate what these circumstances were, but said he hoped no one would think it was "absolutely out of the question for such circumstances to arise."
"I do not say that as a threat," he declared, "but only as a warning."
With this pointed speech he closed the stormy session of Parliament which began Nov. 8, 1938, and which saw him discard his so-called "appeasement" policy for building up the British-French alliance and a peace front in Europe.
Parliament will not reassemble until Oct. 3 unless an emergency arises.

MUST CONSERVE STRENGTH

Mr. Chamberlain said that some of the things that were happening to British subjects in North China made his "blood boil," but that he would try to show "patience and to exercise reasonable moderation."
"Let us not forget," the Prime Minister told the House of Commons, "that we have graver and nearer problems to consider in the course of the next few months and we must conserve our forces to meet any emergency that may arise."
He said Britain was in a "difficult" position both because of European tension and because any use of force against Japan would endanger British subjects in China.
"Surely we must think all the time in the presence of these insults and injuries which have been inflicted upon British subjects in China by Japanese what are the limits of what we can do," he continued.
At the present moment we have not got in the Far East a fleet superior to that of the Japanese. We have such a fleet here. In certain circumstances we might find it necessary to send a fleet.

Baby Girl Born To Princess Juliana Of The Netherlands

AMSTERDAM, Aug. 5.—(Saturday)—(A P)—Crown Princess Juliana of the Netherlands presented the House of Orange with another daughter early today.
The child was born at 1:09 A. M. (9:09 P. M. EDT Friday) at Soestdyk Palace.
There had been high hopes among Netherlands that the baby would be the first male heir to the throne of the little kingdom in almost a century.
Princess Beatrix the first child of the 30-year-old Juliana and 28-year-old German Prince Bernhard, was a year old last Jan. 31.

Fabulously Wealthy Indian Prefers The Simple Things

(By The Canadian Press)
TORONTO, Aug. 4.—Although the Maharajah of Tipura has an income of \$1,000,000 a year his tastes are simple and he likes to mingle with the man on the street.
Here with his sister, the Princess of Baria and a retinue of 18 servants the Maharajah said his first visit to the American continent had been surrounded by freedom and friendliness. "The American and Canadian people are not so sticky as the Indians," he said. "I must say those in Washington certainly know how to dress in hot weather."
The 30-year-old Maharajah, whose Toronto home is the entire 16th floor of a downtown hotel, was extremely interested in the World's Fair in New York where he spent a few days before coming to Canada and took time to visit a few night clubs. He will see Toronto's night life tonight, confessing he liked to watch the "jitterbugs" in action. In fact, he admitted trying many of the fancy steps himself. "Of course we do the Lambeth Walk in India, but there are no swing bands in my own state, only military bands."
There is a haven at Tipura House, his castle, but it is not the haven of olden days. About 400 women live there but they are maids, dressers and servants of the household.
There is no law to prevent a Tipurian taking a hundred wives or even more, but they are mostly content with one. Indian wives are the same as any other wife, the Maharajah's cousin, Rajkumar R. K. Dev Varman said. "They're all jealous of their husbands."

WORK ON PARK IMPROVEMENT BEGINS MONDAY

About 100-Men To Be Employed On \$23,000 Relief Project.

A \$23,000 relief project, granted for improvements in Victoria Park is to be started on Monday next, His Worship Mayor E. A. Foster stated to a representative of The Guardian last evening.
The project will take in beautifying of the Park, clearing away of brush shrubs, etc., with improvements also to be made to the baseball diamond now in use by the various teams in the city. About 100 men, selected from the relief ranks of the city's unemployed will be employed on the project.
Cost of the project will be borne principally by the Dominion and Provincial Governments, Mayor Foster stated. At a special meeting of the City Council held on Monday night last a committee was appointed, composed of Mayor Foster and Councillors Chandler and Laphorne, to interview the Government in regards to the scheme.

Gas Explosion Injures Scores In London Area

LONDON, Aug. 4.—London's wholesale district was shaken today by a gas explosion which injured more than 100 persons—four seriously—shook ancient St. Paul's Cathedral and demolished a vacant five-story building.
Police fixed the blame on rains which undermined foundations of the building, causing it to sink and cut a gas main. It was believed that a short-circuited fire alarm ignited the gas.
Police had just finished posting "no smoking" signs near the leak when the dull boom reverberated over the district.
Many of the injured in the blast were girl clerks and stenographers and first aid was applied to minor wounds as the girls sat weeping on curbs.
The Cathedral, a sanctuary for the wounded during the middle ages, repeated this role today as screaming women, faces black with smoke and clothes wet with blood, fled there for treatment.
