THE first corner stone laid by the Masons in the city of Charlottetown was that of the Provincial Building. This stone was laid on May 6th, 1843, nearly half a century ago. There were forty-three Masons present, only two of whom are living on Prince Edward Island today, namely, Past Grand Master John Wm. Morrison and Edward Love.

MARKETS.—The markets on Wednesday were fairly attended. A few loads of hay and straw moved off quickly, oats took a drop of a cent or two per bush, potatoes brought from 18 to 20 cents by the load. In the fish market were cod fish and lobsters in abundance, and some fine chad caught off the island. The inside market was not large, and sellers were sold out early. Fresh butter and eggs were in fair supply.

THE Island boys are to be congratulated on the manner in which they acquitted themselves in the football match at Pictou on the 24th. The contemptuous looks bestowed upon our small but plucky team by the able-bodied Pictouians on their arrival were quite changed before the game was over, and it was soon discovered they had found a "foeman worthy of the steel." That the game was closely contested all the way through may be inferred from the fact the play ended in a draw.

WE understand that Mr. Schreiber, when interviewed by some of our Island representatives concerning Mr. John McPherson's dismissal, stated he had come to the conclusion the road could get along with one track master. If it has taken Mr. Schreiber 17 years to find that out, we are of the opinion his services could be dispensed with also. We are informed that Mr. McPherson has accepted a position with the Sun Life Insurance Company. We wish him every success.
