Mr. W. Rankine, of Rankine, Son & Co., St. John, is here on a business trip. He is registered at the Hotel Davies.

Messrs Benj. Bremner, Jas. B. Hegon, and W. J. Farrand, St. John, were among the passengers to town on the eastern train this morning.

Hon. Senator Prowse, Murray Harbor South, and Thomas Kichham, Esq., Souris were passengers to town by the eastern train to-day.

The Rev. D. B. McLeod, of Orwell, has been called to Zion Church in this city. Mr. McLeod is in request, for the Presbyterians of Chatham have also tendered him a call.

Lord and Lady Mount-Stephen have taken Lord and Lady Curzon's (of Kedleston) house in Carlton gardens, for the London season. It is probable that Lady Mount-Stephen will take her place among the great entertainers, being popular and very clever, a favorite with the Duchess of York and now a very rich woman, while Lord Mount-Stephen is both hospitable and generous.

Mr. John Cameron left Charlottetown yesterday for Halifax, where he has secured a position in the establishment of Thomas Booth, beer manufacturer. Previous to Mr. Cameron's departure the O. Y. B's waited on him at his home, Sidney street, and presented him with an address and a handsome morocco-bound bible. After due notice had been done to the good things provided by Mrs. Cameron the party broke up by singing "He is a Jolly Good Fellow."

## THE CRESCENTS WIN

They Defeat the Second Victorias by One Point.

Those who were at the rink last night witnessed one of the liveliest and most exciting hockey matches of the season. The match was the closing one in the intermediate series for the elegant trophy presented by Mr. A. A. Bartlett. The contestants were the Crescents and the second Victorias, and each team was in good condition and bent upon carrying off the coveted honor.

The puck was put in play about half-past eight, and it was not many minutes before it was taken out of a scrimmage by Worth and placed between the Vics' goal posts. About ten minutes later, after some lively stick-work, Mabon got the puck and scored for the Vics. This made the teams ties and the struggle was renewed with increased vigor. The rubber was kept whizzing about like a thing possessed for the rest of the half, but neither side scored. The two teams seemed to be so evenly matched that it was difficult to pick a winner.

They started out evenly in the second half, amidst intense excitement. After about five minutes play, however, Worth shot for the Crescents, and put his team one ahead. The admirers of the Crescents made the rafter's ring. But a few minutes later Weeks made a goal for the Vics, and the friends of that team were given an opportunity of testing their lungs which they were not slow to take advantage of. They were even once more, and the outcome was still a matter of conjecture. The stick-work became more exciting and the enthusiasm of the spectators was at fever heat. Then Mabon scored for the Vics, and almost before the applause had subsided McLean shot for the Crescents, evening the teams for the third time. There were about five minutes of the half left, and both teams started in to make the most of it. The spectators were wildly enthusiastic, and the most intense excitement prevailed. Hither and thither flew the puck, and louder and louder grew the applause of the spectators. It was a trying time for those in the promenade as well as the players. But just before the bell rang Worth relieved the excitement by shooting for the Crescents, and capturing the trophy.

After the match the trophy was formally presented by Mayor Warburton.

Mr. Walter Davidson, of Halifax, refereed the game.

The match between the Y. M. C. A.'s and West Kent School was won by the first mentioned team, the score at the finish being 1 to 0.

This game was refereed by Mr. William Brehaut.

### ANOTHER SUGGESTION.

Sir,—If the advice tendered by me had been taken there would have been no growling to-day on account of the mails not having reached Cape Tormentine because of the New Davies line being unable to travel over the bad roads. As it is the public knows all about it, and the Tories and Grits alike are howling with rage and the President of the Board of Trade must write another letter to "dear Sir Louis" who in turn will write to "my dear Mulock."

Now I must offer another suggestion: Give up this bad habit of letting the facts be known,—but instead keep the public in the dark and tell them they are getting better service than ever. I am beginning to believe it myself, and hope and trust that the public will soon believe it also.

PATRIOT.

At the close of the service last evening, memorial cards of the mission were presented to all who wished to have one.

**ITS COMMERCIAL VALUE.**—A story which appears in London Truth, and is declared to be authentic, brings to light a transaction of an extraordinary nature, showing the commercial value of a handle to one's name. At a London auction room recently some chairs purporting to be antique were sold at two hundred and eight guineas in the name of a lady of title, who sent them for sale. The same chairs, it is declared on authority, were the property of the dealer, had been recently manufactured, and were worth at the outside eighty guineas. The lady's interest in the transaction was taken for a handsome commission.

**AN INTERESTING MEETING.**—The meeting of the Natural History and Antiquarian Society last evening was not so largely attended as usual because of the unfavorable weather. But all present were enthusiastic, and the proceedings were of a most interesting character. Mr. James Tait's paper on floriculture was an instructive and helpful production, affording much valuable information regarding the treatment of house and garden plants. The discussion which followed was opened by Mr. John Newson, and continued by Miss Pirry, and Messrs. Watson, May, Shaw, McSwain, Bentley and Arsenault. Before the meeting closed a hearty vote of thanks was tendered Mr. Tait for his excellent paper.
