Weather Bulletin.

TORONTO, June 15—10 a.m.

Light to moderate winds, fine moderately warm weather.

THE Concert given by the pupils of the Halifax Institution for the Blind, at Mason Hall last evening, was the best ever given by them. The various pieces sung showed how skillfully the pupils are trained, and what high degree of perfection in the study and execution of the "Divine Art" they are capable of reaching. Although the audience was large and appreciative, still the state of the weather must have deterred many from attending. The wish was generally expressed for a repetition of the Concert, so that those who missed the rich treat afforded last night may have an opportunity of enjoying it. We heartily congratulate Mr. Fraser, the Superintendent, on the success and proficiency of his pupils; while the Managers of the Institution are to be congratulated for placing over the inmates an accomplished gentleman, who evidently spares no pains in developing the various talents of those committed to his charge, and fitting them to occupy places in life beneficial to themselves and creditable to the Institution.—*Halifax Herald.* Mr. Fraser and his pupils will arrive to-night, give their Concert in Souris to-morrow, and in Charlottetown on Friday.
