Yanks In Korea Wait Out Tense Hours; Trouble Looms

SEOUL (Saturday) (AP)—Riot-armed U. S. troops, accused by South Korea of killing one Korean and wounding two others, today waited out the final, tense hours of President Syngman Rhee's ultimatum for Communist truce inspectors to quit the country by midnight. The U. S. military reaffirmed its determination to protect the truce sectors against any effort to forcefully evict them. President Rhee has not said what he would do if the Czech and Polish inspectors fail to comply with his midnight deadline. He was reported seeking a two-fold pledge from Washington as the price for lifting violence:

Coming Events

- Your Saturday night Jamboree—Forum.
- Regular Stock Car Dance Tuesday night Covehead Raceway.
- Mill closed for repairs. Johnston and Sons, Suffolk.
- Lot 8 parish picnic at West Point Wharf, Tuesday, August 23.

Paying \$20.00 pair for good pigs. Paying 10c lbs. each. Will also buy small ones. Knud Jorgensen.

Author Thomas Mann Dies In Zurich, Switzerland

ZURICH, Switzerland (AP)—Thomas Mann, a modern literary giant and arch-enemy of Hitler's Nazi dictatorship in Germany, died in the Cantonal Hospital here Friday night. He was 80. Death followed a thrombosis of blood clotting. Mann, a German author who went to America during the war, and became an American citizen, moved to a suburban home near Zurich nearly three years ago. He had been unusually active for a man of his age. Last spring he made a visit to Germany, spending several weeks near his home town of Luebeck, which made him an honorary citizen. BECAME ILL IN HOLLAND. Mann was flown back to the hospital here from a vacation in the Netherlands last month, suffering from phlebitis. He had appeared to be recovering, but his physician, Prof. Wilhelm Loeffler, said his "general condition of weakness" caused his death after the heart attack struck him.

Reveal Atomic Power Used To Light Town

GENEVA (AP)—The United States disclosed Friday it had used atomic energy for the first time as the sole source of light and power in a American town. The experiment was carried out without fanfare July 17 at Arco, Idaho, and lasted only about an hour. But for that hour, the town depended solely on nuclear power supplied by experimental power plant operated by the Argonne National Laboratory at the Atomic Energy Commission's testing station, 30 miles away. Conv. coal power supplies were cut off after the electricity was fed into the regular lines from the atomic station. "The lights went out when they cut the switch," said Mayor

Federal Budget Deficit Lower Than Estimated

OTTAWA (CP)—The federal 1954-55 budget deficit has turned out to be \$42,150,000 lower than estimated by Finance Minister Harris last April. In his April 5 budget speech, he placed the deficit at \$194,000,000, but in a final summary issued Friday revised the figure to \$151,850,000. Revenues, he said, turned out to be \$16,000,000 higher than previously estimated while expenditures were \$26,000,000 lower. Most of revenue increase was in income tax collections, most of the expenditure drop was in defence. The 1954-55 fiscal year ended March 31. For the current year he has forecast the federal deficit at \$160,000,000. Canada's net debt as of March 31, 1955, was placed at \$11,263,000,000, up from \$11,115,937,000 a year ago and the highest since 1951 when it stood at \$11,433,000. The national debt had been reduced from the record \$13,421,400,000 in 1946 by a series of eight consecutive years of federal surpluses.

REVENUES DOWN

For the 1954-55 fiscal year, revenues, as finally determined, totalled \$4,123,513,000, down from \$43,396,319,000 collected in 1953-54, but some \$16,000,000 higher than estimated last April. Personal income tax collections were higher by some \$7,000,000 over the previous estimate while corporation income tax receipts were higher by \$12,000,000. Total expenditures dropped to \$4,276,362,800 from \$4,350,522,800 in 1953-54. Defence spending dropped by some \$12,000,000 to \$1,665,000,000 from the April estimate.

Would Bar Cull Potatoes In U.S.

CHICAGO (AP)—Representatives of the potato growing industry from 22 states urged Friday that culls and 20 per cent of all potatoes grading U. S. No. 2 or better be kept out of the market to help deal with a crop surplus problem. The action was taken at a meeting sponsored by the National Potato Council which is working out a marketing promotion program to help combat problems resulting from overproduction.

Russia To Cut Armed Forces

MOSCOW (Reuters)—The Russian government has decided to reduce the size of its armed forces, as a result of "the relaxation of international tension," according to an official announcement issued early today by the Soviet news agency Tass. Tass said that the three fighting services will be reduced by altogether 40,000 men. (To) figures for the Russian armed forces have never been revealed. A Russian disarmament plan announced in May proposed that the forces of Russia, Communist China and the United States would be restricted to 1,500,000 men while Britain and France would have 650,000 each. CITES GENEVA PROGRESS. The official announcement released by Tass, said: "Recent developments, and especially the outcome of the Geneva conference of heads of governments, witness the fact that a certain relaxation of tension in international relations has taken place. With a view of promoting the relaxation of international tension and establishing confidence among the nations, the Soviet government has decided to reduce the armed forces of the U.S.S.R. by 40,000 men by Dec. 15, 1955. "T effective to be demobilized from the army and the navy shall be insured employment at industrial establishments, in state farms and collective farms in their respective places of residence." (The air force in the Soviet Union is part of the army.)

Heavy Influx Of High Class Livestock For The Big Fair

Presenting a hive of activity yesterday were the barns of the Prince Edward Island Exhibition Association as breeders from all parts of the Province along with a few from Nova Scotia and New Brunswick began bringing in their livestock for next week's big fair. Almost all of the cattle breeds show increases of from 10% to 25%. Sheep will be up considerably over last year, and the exhibit of Island Yorkshire hogs will top all previous shows. There will also be a good showing in horses despite the decrease in population due to the upswing in mechanized farming. Holstein cattle will top the list in number of entries. It is expected that 150 will be shown, including the parade of black and whites will be Hunbury Farm with 26 head. Hooper Bros. from North Rustico will be making their first appearance at the Provincial Show with another 26 head. John Thompson of Dunstaffnage will be showing 21 cattle and Allison Profitit 16. Cyril Jones of Pownal will lead his herd of 15 into the ring and Oswald Newson and Sons of Clyde River will exhibit 13. Other exhibitors with smaller numbers of Holsteins are Max Thompson, Victoria; W. S. MacArthur, Union Road; and Earl Rodd, Winsloe.

Creditors Reject Proposal Re Island Co-op Services

At a meeting of the creditors of Island Co-op Services held at the Law Courts Building yesterday forenoon the proposal of the Eastern Trust Company that the secured creditors retain their existing securities and realize upon same in the normal and ordinary course of business was turned down. Although the vote of these present was 53-11 in favour of the proposal the Bankruptcy Act stipulates that the value of liabilities represented by the voters must be 75% of the total. Actually the value represented by the voters for the proposal was 58.8% while those against was 44.2%. The company showed that it has assets of \$499,448.51 as against liabilities of \$467,839.99. One of the biggest creditors is the Island Fertilizer Company represented by Mr. Austin Scales whose claim is \$80,702.65. Mr. Scales was one of those who voted for the motion. Other large creditors are: Can- (Continued on page 2 Col. 6)

Weakened Connie May Visit Area

HALIFAX (CP)—The weather office said Friday night a watered-down hurricane Connie probably will make a desultory pass at the Maritimes late Saturday. A bureau spokesman said gales of 35 miles an hour are forecast for marine areas off the southwestern tip of Nova Scotia but the winds inland will be considerably less strong. The prediction for Sunday was strong winds and rain.

UNIVERSITY GRANTS

NEW YORK (CP)—The Rockefeller Foundation announced grants to Queen's University, Kingston, Ont., and McGill University, Montreal, totaling about \$7,575,000. The foundation awarded \$7,575,000 to Queen's for a conference on the Canadian writer, his media and his public. McGill was given \$2,900 for the completion of a study on religion in Canadian history.

One Dead, 37 Injured; 14 Are Canadians

NOBLEBORO, Me., (AP)—A tourist-crowded Trailways bus bound from Boston to Sydney, N.S., plunged into a 30-foot gully after a collision with two automobiles Friday night, injuring at least 37 persons, including at least 14 Canadians and killing a Boston woman. A woman identified as Mrs. Rachel Wilbur of Boston died in hospital at Damariscotta. The bus rolled down the embankment and came to rest on its wheels the bottom. A guard post pierced the roof, which was caved in. The injured were taken to hospital in Damariscotta and Thomaston. A spokesman at Miles Memorial Hospital in Damariscotta said many arriving there appeared to be badly injured. The bus, driven by Eugene McNally of Hampton, left Boston at 1:30 p.m. ADT.

List of Injured Canadians in Bus Accident

NOBLEBORO, Me. (CP)—Here is a list of Canadians injured Friday night when a Trailways bus rolled down a 30-foot embankment after a collision with two automobiles. Extent of individual injuries was not immediately available. Mrs. Iva MacGregor, 45, Glace Bay, N.S. Norman McIntire, 36, Glace Bay Adam Campbell, 46, Sydney Mines, N.S. Albert McKeigan, 54, Sydney Mines. Levi Doucette, 35, Glace Bay Stephen McCormick, 60, and his wife Florence, 58, New Waterford, N.S. Avite Burke, 35, Yarmouth, N.S. Mary MacDonald, 21, Little Judique Pond, N.S. Mrs. Albert McKeigan, 86, Sydney Mines. Clyde Mann, 49, Halifax Gregory MacNeil, 19, New Waterford Elmer Campbell, 28, Westville, N.S. Elizabeth Mahoney, 11, Westville Uninjured were William Metcalf, 51, of New Aberdeen, N.S. and Roy MacDonald, 44, of Glace Bay.

Two Hurricanes Tangle, Weather Experts Report

MIAMI, Fla. (AP)—A collision of the outer circulation areas of the two Atlantic hurricanes occurred Friday, and both storms are showing the peculiar behavior known among weather men as the Fujiwhara effect. Gordon Dunn, chief forecaster in the weather bureau's storm warning center here, said the newest storm, Diane, increased the velocity of winds whirling around its centre to about 100 miles an hour, and is being rotated toward the north around the edge of Connie. The older storm, Connie, now raking the North Carolina-Virginia coast, is being held back by Diane's influence. Except for Diane, Connie would be romping off toward the northeast. DIANE STILL JUVENILE "Connie is an adult storm whose circulation area is 1,500 miles long and 850 miles wide," Dunn explained. "Diane's circulation area reaches outward 400 to 500 miles. It is a juvenile among hurricanes. The centres of the two hurricanes are about 200 miles apart." (Continued on page 2 col. 3)

Severe Rain Storm At Saint John, N.B.

SAINT JOHN, N. B. (CP)—Weather officials Thursday called a sudden rain storm that drenched the Saint John city and district with almost three inches of rain "severe and rather unexpected." The storm hit at mid-afternoon and in less than two hours more than two inches of rain poured down the city's hilly streets, flooding basements and backing up drainage systems.

Connie Sweeps Northward With Diminished Force; Damage Not Yet Assessed

WILMINGTON, N.C. (AP)—Hurricane Connie's weakening winds and battering tides pummeled the North Carolina coast Friday and zigzagged menacingly toward Virginia. After a destructive swipe along the Carolina beach resort area from Pavo's Island, S.C. to Morehead City, N.C., Connie headed toward bleak Cape Hatteras. The entire eastern United States seaboard, warned to get its guard up again, watched anxiously as her course grew more erratic. There was ground for hope that Connie would continue to lose force as she moved up the coast. The weather bureau reported late Friday afternoon that the winds around the eye were still close to hurricane force of 75 miles an hour. A couple of days ago they had been up to 135 miles.

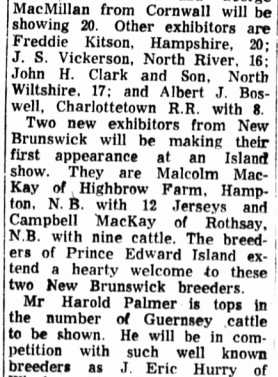

N. Y. Boy Fatally Injured By Cow

BATH, N. Y., (AP)—A six-year-old boy was injured fatally Thursday night when he got his hand twisted in a cow's tail and was dragged through a barn and a brier patch. Police said the boy, Tommy Crane, had gone to a neighboring farm for milk. As the farmer moved a cow from a stanchion the boy grabbed the cow's tail to keep it from switching, police said. His hand became entangled in the long hair at the end of the tail. The animal dashed out of the barn into a field.

CAUSEWAY CEREMONY TODAY

By DON HOYT Canadian Press Staff Writer MULGRAVE, N.S. (CP)—Booming salvos from the cruiser Queen today will salute the official opening of the \$23,000,000 causeway, one of North America's engineering "triumphs of the decade." Several weeks ago, by-product power from an experimental submarine reactor at West Milton, N.Y., was fed into the general system of an electrical utility, but only as a supplement to the conventional power supply. The first salute from the Queen's battery will signal the cutting of a Nova Scotia tartan ribbon by Trade Minister C. D. Howe, wielding a claymore reputedly used in the 18th century by supporters of Bonnie Prince Charlie. When the guns' sharp echoes pipers her husband said he would someday lead in the opening procession. The ceremony is expected to last only 21 minutes. Premier Henry Hicks, Mr. Macdonald's successor; Mrs. Macdonald and president Donald Gordon of the Canadian National Railways will deliver brief addresses. Mr. Howe will cut the symbolic ribbon while RCAF planes pass overhead. HOPED TO LEAD. His widow will take her place

TORONTO (CP)—Minimum and maximum temperatures:
