LOCAL AND OTHER MATTERS.

Mrs. Mauger read in the Y. M. C. A. Hall on Monday evening last, and will read there again to-night.

Annapolis County will produce 60,000 barrels apples, worth at least $120,000. The Bishop Pippen crop is the finest for years.

Elegantly Furnished.—The waiting rooms at the Railway Station have, we observe, been elegantly furnished with seats, tables, stoves, etc.

Anniversary Celebration.—The one hundred and second anniversary of the settlement of Pictou town was celebrated on the 15th instant.

Conductor Taylor.—This efficient and popular official has recovered from the effects of the late railway accident and is again at work.

Dissolving Views.—Next to seeing the places themselves the best thing to do is to see the views shown by Benjamin Dawson, Esq. See advertisement.

Sale of Bank Stock.—The next sale of Union Bank Stock takes place on Wednesday next, the 22nd inst., at Mr. W. Dodd's auction rooms, at 11 o'clock.

At the Union House, 28 Queen Street, is the largest and best stock of Meerschaum, Briar and Fancy Pipes, wholesale and retail. Also, fresh Bedeque, Oysters. 3ins.

A Successful Candidate.—Mr. Hector Murchison, of this Island, recently passed an examination for master, before the Marine Board, at Halifax, and received his certificate.

Prince of Wales College.—In the room of Professor Lowe, Prince of Wales College is to have Mr. John Cunningham Dunlop, Mr. Dunlop arrived here per SS. *Prince Edward*. It is said that he is an accomplished scholar.

Mr. James F. Montgomery has notified his late tenants to pay up arrears of rent. Under the "Land Purchase Act, 1875," he has no right to any rent other than that of the current year. His notice will not, of course, be regarded.

Mr. Angus McLean—who has been stydying law in the office of Hon. W. W. Sullivan for the past three or four years—will this week leave for Harvard University, where he will complete his studies preparatory to becoming a Barrister in this Province.

The SS. Prince Edward, with passengers and cargo of general merchandize, arrived here from Liverpool on the 16th instant, making the passage in 12 days. She will sail from Charlottetown for Glasgow direct, on Wednesday the 22nd inst, and will carry passengers.

Acknowledgement.—"The Atlantic Cable—A review of recent telegraphic Legislation in Canada," is the title of a pamphlet we have just received. It was written by F. W. Chesson, Esq., in the interests of the Anglo American Telegraph Company. We have not yet had time to read it.

Civic.—We cannot congratulate any man on his election to the responsible position of City Councillor, or we would congratulate Mr. Millner. Ordinarily, Mr. Millner is an active, independent man. We trust he will not be wholly overcome by the sleepy spirit which prevades the Council Chamber.

Police.—Through the representations of the Stipendiary Magistrate, an addition of two policemen and two night watchmen has been made to our Police Force. We trust that habitual loafers at street corners will now be attended to, so that a lady may walk the streets without fear of being insulted.

Presentation.—Sergeant Major Francis H. Campbell, has been presented by Capt. Leslie and his officers, of No. 3 Company, King's County Active Militia, with an address of thanks and thirty dollars for the zeal and patience with which he performed the laborious and tiresome duty of drill instructor to the Company during its first annual course of Militia drill.

Dutch Bulbs.—Just received and for sale at Hazard's Agricultural Store, an assortment of Hiycenths, Tulips, Crocuses, Snowdrops, Anemonies, etc., direct from Haarlem, Holland. A limited number only of finest show sorts. To secure the best, call early. Bulbs all in excellent condition, and prices will be found lower than in any other part of Canada or the United States. 3i

Dr. Sweet's Enterprise.—The St. John *Watchman* says:—

"The Island newspapers do not apper to have informed thir readers as to the real character of Dr. Sweet's "enterprise.' but allowed the people of the Island to be victimized right and left, without lifting a pen in their behalf."

The Examiner, on Dr. Sweet's arrival, pointedly advised the people to beware of all such "enterprises." But gullible people will be gulled. We sympathize with the young lady of New Glasgow Road, who went to St. John to be present at the lottery of Dr. Sweet's prizes.

Lecture on Astronomy.—On Saturday last, Mr. Duncan Campbell lectured at New Glasgow, on the Wonders of the Heavens as he saw them through a powerful telescope at Albany, New York. Though short notice was given, the Hall was filled with the most appreciative audience. The homely illustrations of the lecturer, in explaining Kepler's great laws told with much effect. Mr. Gregor occupied the chair, and the questions which he and others asked the author, indicated that some of the people of Queen's County are well posted up in astronomical science.—*Patriot*.

It will be seen from the following certificate that the Imperial Fire Insurance Company is prompt in meeting the claims of all honest insurers. We are informed that Mr. Fenton T. Newbery, the agent of this Company, was the first to suggest that Messrs. Dodd & Rogers receive the amount of their claims with as little delay as possible:—

To F. T. Newbery, Esq,

Dear Sir,—We have much pleasure in bearing testimony to the prompt settlement of our claim by the Imperial Fire Insurance Company, of London, for loss sustained by the fire that occurred on our premises on the fifth of August last, which you have liberally paid before its maturity.

Personal.—Right Hon. Mr. Childers was at Ottawa on the 13th inst. He returns to England almost immediately.—Professor Anderson has returned to Charlottetown looking hale and hearty after his trip.—The Hon. W. W. Lord and Mrs. Lord, accompanied by Miss Clark, left the Island on Tuesday to visit their friends in Canada and the United States.—John Robins, Esq., Dominion Auditor, has returned from a trip through Canada and the United States.—James Patterson, Esq., of the Finance Department, who has been here for the last three weeks, leaves for Ottawa to-day.—Lieut. J. D. Irving has returned from a trip to the Upper Provinces.—Hon. W. W. Sullivan, and W. C. DesBrisay, Esq., have gone to Ontario.

CORRESPONDENCE.

To the Editor of the Examiner.

Mr. Editor,—Can you inform me, under what law or authority, the Land Commissioners have purchased Col. Cumberland's interest in what is known as the "Fort Lot," Warren Farm, or Ringwood?

In my simplicity I have been led to believe, that the object of, and the authority given by, the Land Purchase Act, 1875, was to "convert the Leasehold tenure into Freehold estate," and to enable the Government to purchase the "Township Lands, held by the Proprietors' on this Island, and *not* for the purchase of *leasehold* property, the Fee of which is already vested in the Government.

For the information of the Commissioners, and in order that the general public may understand the question, I subjoin the following particulars:—In the year 1799, the then Lieut. Governor Fanning, received a despatch from the Duke of Portland, Secretary of State, directing Governor Fanning to execute a lease, *to continue during His Majesty's pleasure*, of a tract of land then known as the Fort Lot, being the site of the French Capital of the Island, consisting of 520 acres, unto Charles Alexander DeColonne, late Minister of State in the Kingdom of France, but then resident in London. (The Abbe DeColonne, brother of the above, was then living on the Island, and his remains are now interred in the Charlottetown Cemetery.) The conditions of this lease are the payment of an annual rent, beginning at 3 pence per acre, and after twelve years to be one shilling sterling, reserving to His Majesty also "all such part of the said lot as hath or have been already set apart, or that shall or may hereafter be set apart for fortifications, wharves, or highways." The tenant also covenented to "keep in repairs the houses and buildings on the premises, and to erect and build a sufficient Barrack, for the use of His Majesty's troops, stationed to guard the battery. Provided always, His Majesty shall be at liberty, with or without previous notice, to resume possession of any part of the said tract, as shall be judged to be necessary or expedient for works of defence, or for any other public purpose, allowing an abatement therefor of a proportionate deduction of the rent, reserved for so many acres as shall be resumed for the purpose aforesaid."

In the year 1807, Governor Fanning, who, it is said, always had a remarkably acute scent for hunting out a good bargain in land, purchased the lease of this property—which, having been the Capital of the Island during the French occupation, had an extensive clearance, and was doubtless, one of the most valuable farms in the Colony—from a James Ladislas Joseph DeColonne—a relation, it may be presumed, of the great Finance Minister, but who is designated as a clerk, and was residing at that time as an exile, in Middlesex, England—for the munificent sum of one hundred and fifty pounds, sterling, or five shillings and nine pence, sterling, per acre.

I think the public will agree with me, that the purchase of this property by the Commissioners, is illegal, and consequently void. Had they been aware of the terms, on which this Eestate was held, even had it come under the operation of the Land Purchase Act, they surely would never have allowed the price they have done for it.

There are two years' rent due this month, to the Government on the Warren Farm, amounting to $180.22, and the reserved future rent of £27 15 6, if capitalised at 5 per cent, is equal to $1,800. Add to these sums the average price awarded to Col. Cumberland of $5.13 per acre, and you have the nice little amount of $4647, besides the full amount allowed as an indemnity for the improvements — particulars of which are known only to the Commissioners—for a property the fee simple of which already bolongs to the people of this Island. The whole will amount to a sum more than its present market value.

It is stated in the newspapers, that a large amount was allowed for the valuable improvements on "Ringwood." This important item would therefore tend to increase the average price of the township lands, now fixed at an amount totally beyond the means of the tenants to pay.

Bearing in mind the fact, that few, if any of the tenants on lot 65 ever received any remission of their arrears of rent, and that they have not left them to accumulate, as on many other Estates; but were persuaded to surrender their, original leases, and to commute their arrears by taking new leases at an increased rental—it seems particularly hard, that this praiseworthy conduct on their part, should operate to their disadvantage, as compared with those, who, either in defiance of their Landlords, or from any other cause, have neglected to fulfil their covenanted engagements but who are to be rewarded for the nonfulfilment of their legal obligations.

Had the full circumstances of the case been brought to the attention of the Commissioners, I feel convinced that the disparity in the price per acre, awarded to Col. Cumberland, for Lot 65—$5.13, and the $2.27 given to Lord Melville, and the $1.46 to the Hon Ponsonby Fane, for their interests in township 29—the lands on both these properties being of equal qulity and value with the lands on township 65—would not have been so great, and the settlers on lot 65 would not have been deprived of an equal participation with the tenants on other estates, in the advantages of the Land Purchase Act.

As the means of correcting any error in the awards made by the Commissioners' are provided for in the 45th section of the Land Purchase Act, 1875, it is to be hoped that the Government will, within the thirty days limited by the Act, take such steps as will protect the public interests involved.

I may add, that the "Fort Lot" or "Warren Farm," was a special reserve for public purposes, and never formed part of Township 65, and that "Ringwood" is only the modern designation, given by the present lessee, to the Fort Lot.

Your obedient servant,

JOSEPH POPE.

St. John Manufacturers' Exhibition.—We are in receipt from Ira Cornwall, Secretary of the Manufacturers and Mechanics Association of St. John, the prize list of the exhibition under the auspices of that society, to be held in St John during the week commencing 27th September. It contains all the particulars of the competitions as well as descriptions of the buildings. The Exhibition bids fair to be a grert success. It is under the management of an efficient and untiring committee.

Pleasing Entertainment.—A very pleasing entertainment was given on Monday evening last, by the ladies in connection with the Episcopal Church of St. Eleanors, and it was fairly attended. The singing especially, by Mrs. W. T. Hunt and Mrs. Calhoun of the ladies, and Messrs. Muncey, Robins and Burwood of the gentlemen was loudly applauded. A very difficult piano solo by Miss McLennan was much admired. Altogether the concert was a great success. We hear that a very respectable sum was collected at the door.—*Summerside Journal*.

KATIE'S GRAVE.

Written for the Examiner.

In memory of Miss Katie E. Conway eldest danghter of Capt. Thomas Conway, Georgetown, P. E. I., who died on the 27th of Aug., after a brief illness of two weeks.

Gentle zephyrs, blow ye lightly
O'er the place where sleeps the dead—
Where the noon-beams, shining brightly,
Hover round her narrow bed;
For, where yonder willow weeps,
Is the place dear Katie sleeps.

While she lived, she knew but gladness,—
Every joy was all her own;
But the night of grief and sadness,
When her spirit hence had flown,
Came upon us—thus we weep
Over her that now doth sleep.

Angels' wings have borne her spirit
To a purer land above,
Where the blest fore'er inherit
All the Father's holy love;
And while love its vigil keeps,
In the grave sweet Katie sleeps.

When the night of death came o'er her,
And her eyes began to close,
Happy dreams went on before her,
Calling her to sweet repose;
And she fell in slumber deep,
Leaving us be'ow to weep.

Then we laid her little fingers
Quietly across her breast;
Often now her memory lingers
As if by divine behest;
And, though her reward she reaps,
We will mourn her while she sleeps.

Then, sweet zephyrs, whisper lightly
O'er that sacred; hallowed spot,
Where the noon-beams sparkle brightly—
Ah! it cannot be forgot!
For where yonder willow weeps,
Is the place where Katie sleeps.

The Greatest Medical Discovery

OF THE AGE!

After lengthened experiments,

Dr. Samuel La'Mert,

of 15 Gower Street, Bedford, Square London, has discovered an infallible remedy in all cases of Nervous and Physical Debility, Spermatorrhœa, and Impotence, the results of Solitary Habits, excess or infection. The treatment is based on experience acquired during more than twenty-five years successful practice, and has rarely been found to fail. Patients residing in the Colonies, can be treated by correspondence, and the appropriate remedies can be forwarded, with safety and secresy, by post. Dr. La'Mert's work on

The Phisiology of Marriage,

with a review of the causes that lead to domestic infelicity, and prevent the attainment of the legitimate objects of the married state may be had, price 25 cents, of J. H. Woolrich, Druggist, Halifax, N. S., of H. A. Parr, Druggist, Yarmouth, N. S., of Henry Elliott, Pictou, N. S., and of Bremner Brothers, Charlottetown, P. E. I.

NO FAILURE!

Physicians Cornered.

Probably there are few circumstances under which a physician labors with more real sympathy for his patient than when called upon to administer relief to an acute sufferer with Chronic Rheumatism.

Rheumatism is a disease of the blood, and no substantial relief can be obtained without cleaning the blood from the fibrim substances which obstruct the circulation, causing inflammation and pain.

The greatest success of the DIAMOND RHEUMATIC CURE in curing this disease is owing to its power of converting the blood from its diseased condition to a healthy circulation. It also regulates the bowels, which is very essential in this complaint, and no one will read the following statement, from a well-known Dartmouth gentleman, with more interest and pleasure than those physicians who have a real desire to benefit their suffering patients:

Dartmouth, Sept. 14, 1874.

Forsyth & Co.,

Gentlemen:—For the two past years I have been severely troubled with Rheumatism. I have suffered the most acute pain, and at times I have been rendered perfectly helpless—being unable to walk, sleep or even sit up. I have tried many physicians and used numerous patent medicines, but I still continued to grow worse. It is now about four days since I commenced taking the DIAMOND RHEUMATIC CURE, and the pain has all left me, and the use of my limbs is rapidly returning. I bless the day that the Diamond Rheumatic Cure was called to my attention.

Gratefully yours,

Wm. BRODIE

FURTHER PROOF.

Halifax, Sept, 19, 1874.

Forsyth & Co.,

Gentlemen:—I wish to make known to all sufferers from Rheumatism in Halifax, that I, the undersigned, suffered the most terrible pains possible to imagine, for two years past. I have tried several physicians in this city, and paid them most of my means for prescriptions, but all of no avail. I have now taken the DIAMOND RHEUMATIC CURE for a week past, and I can truthfully say that it has done me more good than anything I have ever taken. I cordially recommend it to all afflicted humanity.

Truly yours,

ALAM HANNIGAN,

Lower Water Street.

The proprietor of this has walked the aisles of the hospitals of London, Eng, for the past twenty years, making Rheumatism a speciality and the prescriptions from which the remedy is compounded is all he ever used in the treatment of this disease.

In simple cases sometimes one or two does suffice. In the most chronic cases it is sure to give way by the use of three or four bottles. By this efficient and simple remedy hundreds of dollars are saved by those who can least afford to throw it away, as surely it is by the purchase of useless prescriptions.

This medicine is prepared by a careful experienced and conscientious physician, in obedience to the desire of numberless friends in the profession in the trade and among the people. Every bottle is warranted to contain the full strength of the Medicine in its highest state of purity and development and is superior to any medicine ever compounded for this terrible complaint.

It is for sale at all Druggists throughout Canada. If it happens that your Druggist has not got it in stock, ask him to send for it to,
