MISCELLANEOUS.

SNOW STORM IN THE OLDEN TIMES.—The year 1717 is memorable in the history of New England, on account of the unusual quantity of snow which fell February 20th and 24th of that year. In those two storms the earth was covered with snow from ten to fifteen feet, and in some places twenty feet deep. Many houses of one story were buried, and in numerous cases paths were dug from house to house under the snow drifts! The visits were made by means of snowshoes, the wearers having first stepped out of their chamber windows. One gentleman, wishing to visit his "lady love," walked three miles with snowshoes, and entered her residence as he left his own, namely, by the chamber window. He was cordially received, as he was the first person the family had seen from abroad for a week! Cotton Mather has left a manuscript account of "this great snow," and the many marvels and prodigies attending it.

LAC.—Lac is the product of a very small female insect, deposited round the branches of certain eastern trees; or, according to other authorities, it is the exudation of gum from a puncture made in the tree by the insect; and is manufactured for two purposes;—as stick-lac, and seed-lac, it became a red dye: as shell-lac, it is a resin of which the best sealing-wax is made, and is used also for the manufacture of varnish.

The whole amount of lac-dye exported from Calcutta, in one year, borders upon four millions of pounds, and the quantity of shell, stick, and cake lac, that is sent from the same port in the same time, exceeds four millions of pounds.

AN AMAZING FREAK OF NATURE.—There are now on exhibition at Rice's Southern Museum, in St. Charles street, a pair of twins females, which present a physical conformation far more extraordinary and interesting than that of the celebrated Siamese Twins. They are the offspring of a negro woman of North Carolina, are between two and three years old, good looking, lively and remarkably intelligent, with faces strikingly alike, though differently shaped heads. The peculiarity of their organization consists in this: that they are inseparably connected back to back, by a substance apparently bony. The union commences about half way down the back, and the spinal column of one, instead of proceeding to the extremity of the sacrum, turns up, as it were, becomes attached to that of the other—the bond of connexion being throughly cushioned with a dense covering of muscular substance.

They are in all respects two distinct children, save in the peculiarity of their junction. They enjoy locomotion, but as may be divined, their mode of walking is crablike, sideling along in a lateral direction. They are seemingly healthy, cheerful, and in good condition, and should they survive, will offer a most instructive and interesting problem. Take them altogether, those conglomerate sisters constitute the greatest living curiosity we have ever beheld. They will no doubt be visited by thousands, and will be a special object of investigation to the medical faculty.—*New Orleans Bse.*

CAPITAL PUNISHMENT.—We learn from the *Providence Journal* that the Rhode Island Senate recently repealed, by a decided vote, the act abolishing capital punishment. We presume that, in the judgement of these Senators, the Act, with all that was claimed for it, did not work well.

INTERESTING EGYPTIAN DISCOVERY.—An interesting story comes from Egypt. Marietta, the Frenchman, has at last succeeded in discovering the long sought for entrance into the Sphynx. The opening leads into beautiful marble rooms, which are supposed to be connected by subterranean passages with similar chambers in the adjacent pyramids. There is but little travelling, so far, this year, in the Land of the Pharaohs.

UNDERGROUND TELEGRAPH.—During the cold weather experienced in Paris in the latter part of December, and in the beginning of the present year, the electro-magnetic telegraphs were much interrupted from snow and ice, while the submarine telegraph rendered uninterrupted service. To avoid these difficulties, the administration have determined to place the wires between Paris and London, under ground. The submarine line continues to work well.

METHODISTS.—It is now one hundred and fourteen years that the Methodists have existed as a people. They now number in the world nearly two millions of communicants, and preach the gospel to ten or twelve millions.

WELL SAID.—The *Portland Advertiser* says it is a supposition generally conceded to be true, that cords of wood given to the poor are *recorded* above.

Properties for Sale.

THE Subscriber offers to sell, at moderate rates, and on reasonable terms, his right by Deed to the following Freehold Properties, viz: 100 acres of Land on Lot or Township No. 3. 300 acres on Lot No. 8; 450 acres at Fifteen Point; 82 acres on Lot No. 25, near McMurdie's; and 72 acres at Seven Mile Bay.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes, I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money. and I feel gratified in seeing the benefit it confers.m

Please send me a further supply, and believe
Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER. Sir; This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
CHAS. STREATER, M. D.

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

Nov. 23, 1852.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint. a

I am, Sir, your obliged Servant,
(Signed) W. MOON.

Oct. 8th, 1852.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor HOLLOWAY,

Sir,—I have much pleasure in informing you of most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became eecessary; notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
Bilious Complaints	Erysipelas	Liver Complaints
Blotches on the skin	Female Irregularities	Lumbago
Bowel Complaints		Piles
Cholics	Fevers of all kinds	Rheumatism
Constipation of the Bowels	Fits	Retention of Urine
	Gout	
Consumption	Head-ache	Scrofula, or King's Evil
Debility	Indigestion	
Sore Throats	Stone and Gravel	Tumours
Secondary Symptoms	Tic Doloreux	Worms of all kinds
	Venereal Affections	
Ulcers	Weakness, from whatever cause, &c.	

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar,) London, and by all respectable Druggists and dealers in Medicines throughout the Civilized World, at the following prices:—

2s. 5s. 8s. and 20s. Currency each Box

☞ There is a considerable saving by taking the arger sizes.
