Opening of S'ide Golf and Country Club Yesterday

The Summerside Golf and Country Club officially opened yesterday afternoon. About 150 men and women attended the opening of the fine new club house and enjoyed an afternoon tea served by the ladies organization of the club.

All seemed quite favorably impressed with the fine new addition to the club house which now has the added facilities of a very attractive main lounge, a kitchen, and living accommodation for the caretaker.

The golf course itself was a busy place throughout the afternoon as many members took advantage of the opportunity to play their first golf of the season.

Playing membership in the golf club is practically available but the combined country club gives all the advantages and facilities of a fine country club to everyone who has taken out membership or who may later do so.

The organization of this club at Summerside gives Prince Edward and its only country club, and meals, lunches and refreshments prepared by a competent chef are available to club members at all times in the pleasant atmosphere of this attractive new clubhouse. -S
