

Stresses Need For Gov't Garage In Eastern King's

"In Kings County we need some sort of a Government garage to take care of minor breakdowns" asserted Joseph G. Campbell (L-3rd District Kings) speaking on the Budget Debate in the Legislature Wednesday night.

Mr. Campbell claimed that the establishment of such a repair centre in the Eastern county would be of particular benefit during the winter months when minor breaks often result in plows being "off the roads" a number of days.

In advocating this change in highway policy, Mr. Campbell declared he was not criticizing the present repair service, observing that it was impossible for the repair crew to attend to all breakdowns at once.

Asked where such a garage should be located, Mr. Campbell said, "I don't care where it would be located. Montague, Souris, St. Peter's - but I think Dundas would be more central."

The Kings County representative declared that provincial road machinery was kept out "too late in the fall" and let out "too early in the spring", thereby curtailing the time devoted to overhaul and repair.

In reply to a question of the Minister of Highways, Mr. Campbell suggested that the Province should have units "for snow removal alone - if we can afford it."

Mr. Campbell saw the "snow removal problem" assuming greater proportions every year as additional secondary roads were widened.

"One time our people were satisfied to have the main roads open but today, as soon as a track is put through the main roads, they want the side roads opened," the member said.

The Kings County member fore-saw considerable additional work for snow removal crews, "if the department goes ahead with recommendations of the various Education briefs."

HOSPITAL INSURANCE Referring to the federal government's proposed plans for Hospital Insurance, Mr. Campbell stated, "Hospital Insurance would be a fine thing, if we could afford it."

In this connection the member from 3rd Kings quoted from an article released on the subject by Tignish.

He was predeceased by two brothers Philip, who resided in Charlottetown, and Eugene, of Morell; and one sister, Mrs. Walter Connolly, Medford Mass.

Lo Rossiter, M.L.A. and Linus Rossiter, city merchant, are nephews of the late Mr. Rossiter.

His funeral takes place this morning from his late residence to the Church of the Little Flower, where Requiem High Mass will be celebrated at 10 o'clock.

The UNEF postal chief from Hull, Que., as his catcher, LAC Clinton (Sormy) Blizard of Minto, N.B., and LAC Milford MacDonald of Morell, P.E.I., were the losing battery.

The airmen paraded their team to the field in grey cup style in a cavalcade of horn-totting jeeps, led by a car bearing a silver-covered throne fit for a queen.

Lacking a pretty girl for the part, they enthroned their commanding officer, Sqdn. Ldr. Vern Rutherford of Toronto, who resolutely smoked a cigar throughout the ordeal.

Hot dogs and pop were provided by the welfare section for the occasion. After the game, the blue and white sweaters bearing championship crests from Col. Mike Dare of Camp Borden, Ont., the base commander.

And in this land of continuous open season, the teams promptly started over again on a new schedule.

the Canadian Manufacturer's Association. Entitled "The Ayes Have It", this article predicted Hospital Insurance would be in effect in this country "in two years" noting that "Canadians want it, and all parties favor it, but there are still people who view the advent of the government into the field of medicine as the thin edge of the Socialist 'wedge'". The article admitted that such a scheme would be of "real benefit" but warned "it must be paid for... all should know what the scheme cost."

The Kings member praised highly the work of the provincial Health Department. "The Health Department is doing a wonderful job," he said, "There was never a time in the history of this Province that health and welfare were looked after so well."

Mr. Campbell observed that there were many requests coming in from various sections of his district "paving, or some sort of dust-free roads... Mr. Stewart to Montague through Pease and St. Teresa's, Dundas to Dingwell Dundas to Fortuene Bridge via Annadale."

In this connection he commended the Highways Department for laying the light pavement from Cardigan to Dundas.

However, the Kings Liberal was sharply critical of the manner in which such pavement was laid. He objected to the paving companies "cutting the crown of the roads and pushing the gravel out on the shoulders. This 'grave' should be under the pavement", he said.

PULP CUTTING Another matter made the object of strong criticism by the member from 3rd Kings during the budget debate, was "the depletion of the forest wealth of our Province by ruthless pulpcutting" aggravated he said by the "pollution of being saws enabling producers to increase their production by as much as 50 per cent."

"This is not the worst feature Mr. Campbell stated, "The worst part is the price - \$11 a cord at roadside. I submit this price is too low."

Mr. Campbell recalled that the price of pulpwood two years ago stood at \$9 a cord until a Department of Agriculture investigation was touched off by a Kings County delegation resulting he said, "in the price going up to \$12 per cord."

Mr. Campbell deplored the fact that the present price "remained at \$11 a cord in the face of advancing prices of newsprint."

Movie Theatres In N. S. Feel TV Pinch HALIFAX (CP)—Movie theatres feeling the pinch of television, have asked the Nova Scotia government for tax relief, Provincial Secretary G. I. Smith indicated in the legislature Thursday.

He said he sympathizes with the hard-pressed operators of some places of amusement but he isn't sure the present tax on admission tickets should be altered.

Mr. Smith's Liberal predecessor, Ronald M. Fielding, raised the question during study of revenue estimates.

J.G. CAMPBELL, M.L.A.

Mr. Campbell asked the Minister of Agriculture to "look into this matter", declaring, "it is bad enough to have our forests depleted, without our producers being underpaid."

The Little Girl Loved Dogs

DETROIT (AP) — A little, blue-eyed blonde of 12 just loved dogs. But her parents wouldn't permit her to own one.

The little girl had lots of friends who liked dogs. But they didn't have any either.

One after another seven of them became dog owners. All were registered, pedigreed stock.

That was part of the story police unravelled from a roll of \$20 bills that fell out of the 12-year-old's jacket as she romped with a friend's dog. The friend's mother became suspicious.

Police also found that the 12-year-old's father didn't believe in banks just as he didn't in dogs, that he kept his savings in a closet strongbox, and that the little girl had chanced upon the hidden strongbox keys.

The strongbox financed taxi trips to kennels and purchase of 1,095 worth of dogs, with which a little, blue-eyed blonde of 12 dearly loved to romp — at the homes of friends.

ELVIS AND THE COPS

TORONTO (CP) — Ninety-five policemen were assigned to Maple Leaf Gardens Tuesday night to handle crowds at rock 'n' roll singer Elvis Presley's first Toronto performance. They had orders to eject anybody who gets under his seat simply to wander around.

OUT OF RESPECT

To the memory of the late Reta Geraldine Wight the Montague schools will be closed Friday afternoon, April 5th.

In the series on "People Who Met At Calvary", 7:30 p.m. evening service. A hearty welcome to all services.

Montague School Teacher Dies Unexpectedly The death occurred at her home in Georgetown in the late hours of Wednesday, April 3rd, of Miss Reta Geraldine Wight, at the age of 33 years. She was a member of the teaching staff of Montague High School.

The deceased was born at Pansy Island, the daughter of Mrs. William D. Wight and the late Mr. Wight, who died in 1941.

Miss Wight received her education at Georgetown High School and Prince of Wales College. Choosing teaching as a profession, she became well known in the educational field and was considered to be one of the most efficient and capable teachers in the Province. She possessed to a remarkable degree not only the ability to impart knowledge but also to inspire in her pupils their love and respect.

A former principal of Georgetown High School, she also taught school at Albion, Des Gros Mareh, Lower Montague and Queen Charlotte High School before going to Montague High School. She also served for a time in the Provincial Bank at Charlottetown.

In addition to her mother she is survived by six brothers: Rev. Father Howard, Sqdn. Leader R. C.A.F., Montreal, N.S.; Archie, Neil, Rupert, all of Georgetown and Clem of Needham, Mass.; Craig; Needham, Mass.; Harry (Mrs. Clem Landrigan), Brooklyn, N.Y.; Mildred R. N. (Mrs. George MacDonald) Charlottetown; Elsie (Mrs. Lawrence Batchelder), Georgetown. One brother Adam, predeceased her in 1930.

The funeral will be held from her late residence, to St. James Roman Catholic Church, Georgetown, Saturday, April 6th, at 10 a.m.

Death of Mr. E. P. Rossiter Of Morell

The death of Edward Patrick Rossiter, of Morell, occurred Tuesday night in the Charlottetown Hospital. The late Mr. Rossiter was in his 65th year.

A lifetime resident of Morell Village, a successful farmer, popular with all age groups, a strong supporter of church and community activities, his death will be mourned not only by his relatives, and friends in the community where he was so familiar a figure, but by all who had had the pleasure of his acquaintance.

A life long adherent of the Conservative Party, the late Mr. Rossiter was a provincial delegate at last December's National Convention in Ottawa.

He is survived by his wife, the former Irene MacAdam; two sons John, Irving Oil agent, at home; Rev. Joseph, O.M.I. seminarian, Ottawa; three daughters - Mary R. N. Mrs. Wilfred Driscoll, Charlottetown; Helena, Mrs. Stewart MacEwen, St. Peter's; Genevieve, Hamilton Ontario.

He is also survived by his twin brother Ernest, proprietor of Hingwell and Rossiter, Morell and one sister, Mrs. Joseph MacDonald, wife of the C.N.R. agent at

PERSONALS

Mrs. Frank Graham, Commercial Cross, was hostess to members of the Whim Road Ladies Aid and Women's Missionary Society, when they held a joint meeting at her home on Tuesday evening, March 19th.

Says Larger Farm Policy Is Depleting Island's Population

"Modern farming machinery tends to put a portion of the farming population out of work," contended Mr. George E. Saville, Liberal member for 5th Kings, speaking on the Budget Debate in the Legislature Wednesday afternoon.

Mr. Saville went on to say, "If we continue to cut down on the number of smaller farms in the Province, we are going to lose still more of our population. We want a bigger population in Prince Edward Island, but we can't do this by advocating larger farms."

Commenting on statements that some land in the province is unfit for farming and better suited for reforestation, the veteran King's representative took strong exception. He said that there isn't 50,000 acres from North Cape to East Point that could not be made productive. "Our land is good, but we need good farmers," he stated.

"I agree that when a farmer is working a tractor in a back field then he shouldn't have to pay taxes on gasoline, but there is another side to this question. When the weight restrictions are in effect, these tractors are all over the roads, moving along like snakes, from one side to the other, making a mess of the roads."

Mr. Saville called for an increase in horticulture in the province, citing strawberries as one example, and he urged attracting Dutch farmers here to develop the industry. "We bring \$100,000 worth of canned fruit and vegetables to the province each year; that is too much," he said.

FISHERIES REPORT Mr. Saville took exception to some of the statements in the Fisheries report, particularly in regard to lobsters. He disagreed with a statement that lobsters don't move from one place to another, citing his own experiences as a fisherman to prove his opinions.

Turning to other phases of the fishing industry, he said that it is possible for the mackerel resources to become depleted, citing an instance that occurred between 1895 and 1912, when Gloucester fishermen were rampant in the waters near the province and the mackerel became almost extinct. He marked the possibility of depleting the oyster industry, urging the oyster industry, urging

Women Curlers Defeat The Men The closing activities of the Montague Curling Club are now in full swing. A mixed bonspiel is in progress, with 18 local teams participating. Adding greatly to spectators enjoyment, was a challenge game between a men's team and a ladies' team, the upset of the evening occurring, when the ladies team consisting of Mary Nicholson, Hal Inman, Edith Clay and Anna Pettit, beat out the men's team in an end.

Skipp of the men's team, Leon Johnston, generously donated a prize for the winning team. Other members of the men's team were Carl Stewart, Ross Hamilton, and Horace Fraser.

GEO. E. SAVILLE

ing farmers with land bordering along rivers to plant their own beds; he felt that this could be a very lucrative sideline for the Island farmer who is in position to take advantage of it. He disagreed with the transplanting of thousands of barrels of Prince Edward Island oysters to New Brunswick and with mechanical clamdiggers.

ROADS "There isn't a place in the world that has made more progress in road building since 1928," Mr. Saville said. He enumerated the strides that have been taken in the last 20 years in road construction and paid tribute to the Highways Department for their work.

In conclusion, he urged the residents of the province to buckle down to work with some of the application of their forefathers, who cleared their land and built homes in a wilderness.

Army Wins Over RCAF In Egypt By JACK BRAYLEY Canadian Press Staff Writer ABU SUWEIR, Egypt (CP)—It was the weekend of the critical talks at Bermuda and Cairo. But at this big United Nations Emergency Force base all the critical talk was about the umpire.

After the winter schedule of a 10-team league, the RCAF was playing a composite squad of Canadian Army odds and sods in the last game of the best-of-three finals for the base baseball title. John Connolly, a UN clerical staffer from New York, wrapped up a 2-1 victory for the army with a grand-slam homer in the bottom of the ninth.

It wasn't easy. Previously, the rabid RCAF cheering section had driven out an army pitcher and a base umpire and hurried winning hurler Maj. Paul Sillis, the UNEF general chief from Toronto, with taunts of Elvis, the Pelvis in tribute to his Presley-like gyrations on the mound.

Sillis took over from Pte. Al Shepherd of Hamilton in the second inning with Maj. Bob Degli.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months.

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem?" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.
