Ladysmith Garrison Anxious for Another Fight. Boers Drawn off Towards Estcourt. Plenty of Food and Ammunition at Ladysmith. An Instance of Official Secrecy. Boers Preparing for a Fight at Kimberley.

[SPECIAL TO THE EXAMINER.]

LONDON, Nov. 31.—The London Standard's correspondent at Ladysmith, in a despatch to his paper, dated November 17th, says that the arrival of the British relief column at Estcourt has completely modified the plans of the Boers.

General Joubert has now moved to the southward of Ladysmith, in order, it is presumed, to prevent the junction of the relief force with the Ladysmith garrison.

In the meantime, a desultory cannonading of the town is continued by the Boer artillery; but on the whole their performance is unexciting, and very little damage is being done by their shells.

At midnight on the 14th November, however, the proceedings were varied by shells being thrown among the sleeping inhabitants. Everybody was roused and it was thought a night attack was intended by the enemy; but it turned out only a scare.

There was no bombardment on Wednesday, and only a few shots were fired into the town on Thursday. Five civilians were injured by shrapnel. A few more shells were fired on the 17th; but they did little damage.

The Boers continue to receive reinforcements and fresh supplies of stores almost every day.

The garrison of Ladysmith are chafing against their enforced inactivity, and are eager for action. Their desire is likely to be granted, as a reconnaissance on Tuesday showed that the enemy were holding off to the south in the direction of Colenso in force.

**A DECISIVE BATTLE**

is therefore expected when the time comes for the troops now at Estcourt to attempt to make the junction with the Ladysmith garrison.

In the meantime there need be no anxiety concerning the ability of the troops in Ladysmith to hold out until relieved. There is plenty of food in the town, and the supply of

**AMMUNITION IS ABUNDANT.**

CAPE TOWN, Nov. 21.—The Boers are incessantly strengthening their position at Kimberley in expectation of the struggle with the British troops now marching to the relief of that town.

Part of Commandant Cronje's forces have been withdrawn from about Kimberley, and the Boers are now forced to resort to commanding in a most exhaustive form in order to obtain the necessary number of men to take the places of those withdrawn. The quality of the shells used by the besiegers is steadily deteriorating, but the marksmanship of the gunners is good.

**ALL WELL AT ESTCOURT.**

LONDON, Nov. 21.—A despatch from Estcourt to The Standard says extra vigilance is being displayed to the southward of that place lest the enemy attempt to cut the railway connecting it with the coast.

Such an attempt might be made, but it would probably cost the Boers more than they would care to pay.

Everything is going on well in Estcourt. Fresh troops are constantly arriving, and the advance cannot be long delayed.

A telegram received from Lorenzo Marques on November 18th says that

Ladysmith is completely invested. A second big French gun has been placed on Bulwana Hill, and every shot reaches the town. It is reported that Joubert with his forces is marching south through Natal. Major Thorncroft's infantry engaged the

last night. The Boers had two killed.

CAPE TOWN, Nov. 21.—All the men belonging to the Scots Guards who arrived on the transport Nabia were vaccinated and inoculated with typhoid serum during the voyage.

**AN INSTANCE OF THE SECRECY**

maintained regarding the movements of the reinforcements is reported from Port Elizabeth where a warship entered one night and landed eight hundred men, apparently sailors and marines. These immediately entered a military train and were taken up the country. The townsfolk were entirely unaware of the movement until two days later.

**MEETINGS IN BELFAST.**

**Mount Buchanan and Eldon Strong For McLean.**

The meeting at Mount Buchanan was held at one o'clock yesterday afternoon. The speakers were Messrs A. A. McLean, A. Peters, L. E. Prowse and G. E. McKinnon. There were about fifty persons present. All the topics of the day were discussed. Mr. Peters announced that revenue and expenditure would not meet this year. He also stated that when Premier Farquharson passed the Charlottetown Temperance Bill he berated his previously-held temperance principles.

The meeting at Eldon was very largely attended, and was overwhelming Conservative. The weakness of the Government's side was shown by the number of camp-followers and Government speakers. All the cheering for them came from one supervisor. The Government speakers were Messrs. Dr. Roberton, D. A. McKinnon, Arthur Peters and D. P. Irving, the candidate. Messrs. Forbes and Prowse were present but did not speak.

The opposition was enthusiastically received, the speakers being Messrs. A. A. Maclean, Jas. Nicholson and Alex. Martin, M. P.

The meeting closed with three cheers for Mr. A. A. McLean. If the meeting is any indication of the feeling of the people, notwithstanding the house to house canvass of the Government party, and the road job, A. A. Maclean will head the poll on the 13th of December.

Speaking of the asylum contract Mr. Peters said Mr. Lowe acted the dog in the manger and the Government could not settle with him.

The opposition speakers exposed the advantage the Government were taking in the railway matter. The people of Belfast feel that they are justly entitled to the railway, and not bound to sacrifice either their principles or their manhood in obtaining it.

**At a Smaller Price.**

A large number of photographs of the P. E. Island Transvaal contingent have already been sold.

But it has been found that many persons would like to send photos of the first P. E. Islanders who go to a foreign land to fight for their country to friends abroad; and also that many would like to have photos who could not afford to pay \$1.

Therefore a smaller photo, on a card 9x7 inches, has now been printed.

The price is 35 cents, and it will be mailed to any address, post paid, on receipt of this price, by Robert L. Cotton, P. O. Box 84, Charlottetown.

An ornament to any parlor—a photograph of the Rev. T. F. Fullerton. Cabinet size 30 cents, mailed to any address on receipt of price by Robert L. Cotton, P. O. Box 84, Charlottetown. Larger sizes, 40 and 45 cents.

Her Crew Supposed to Have Perished

[SPECIAL TO THE EXAMINER.]

BOSTON, Nov. 21.—An overturned schooner, the E. Norris, which has been repeatedly sighted off Cape Ann since Friday last, was towed into Salem Harbor by the tug A. W. Chesterton. It is believed that the Norris was capsized off Cape Ann some day last week, and that her entire crew of six men, including Capt. W. E. Ray, of Bear River, N. S., has been lost.

**News From Pretoria.**

PRETORIA, Saturday, Nov. 18, by way of Lorenzo Marques, Nov. 19.—At noon today 56 British prisoners, including men of the Royal Dublin Fusiliers and several blue jackets, arrived here. There were large crowds at the railway station, but no demonstration was made. Wilson Churchill, who is wounded in the hand, was taken to the Model School, while the rank and file are being sent to the race track. One spy was lodged in jail. The wounded have been treated at Colenso.

The Boer version of the conflict in which these prisoners were taken, says that two British were killed and ten wounded.

The mining department has discovered, beneath the manager's house at the Ferreira mine, passages leading to a suite of apartments forty feet below the ground, with gas and water laid on. This is supposed to have been intended to serve as a rendezvous for the employees of the Ferreira mine in the event of a bombardment of Johannesburg. Three female prisoners, captured near Mateking, were brought here this evening. The male prisoners will follow.

The Rev. Adrian Hofmeyer, the Afrikaner leader, who was captured at Lobatse, but subsequently released, will come to Pretoria as soon as he is in better health.

**WIDEMAN'S STORY**

An Absolutely Marvellous Cure by Dodd's Kidney Pills.

Twisted Out of Shape by Rheumatism—In Torment of Misery and Pain—Dodd's Kidney Pills Rescued Him from a Horrible Death.

Duntroon, Ont., Nov. 20.—The following signed statement is made by A. N. Wideman, of this place:—

"I consider it my duty to inform the public of the great benefit I have experienced from Dodd's Kidney Pills. I was working in the harvest fields. The season was unusually wet. Several times I was drenched by sudden rain storms, and each time I worked on in my wet clothes, there being no time to waste getting the harvest in. When night came the air became chilly, and I began to feel twinges of burning pain across the small of my back and my shoulders. That was the beginning. That winter I was laid up with Inflammatory Rheumatism. I consulted the best physician in the district. He did all in his power, but all the effect his medicine had was to make my teeth break off. I was in bed five months. Occasionally the pain would make me scream with agony. My back became covered with bed sores, one of which was poulticed 500 times before it healed. My legs were twisted, toes pointed inwards. My left foot was paralyzed. I lost 40 pounds. I was, in fact, given up.

"One day Mrs. John Boyer, who lives two miles away, brought some of Dodd's Kidney Pills. I cannot describe the delight with which I found on taking the Pills they were doing me good. I determined to continue, and to make a long story short, they made me a well man. I am absolutely cured in every respect. Dodd's Kidney Pills saved my life, and I thank God for putting them in my way.

(Signed) A. N. WIDEMAN, Duntroon, Ont."
