Holloway's Pills.—The chiefest wonder of modern times.—This incomparable medicine increases the appetite, strengthens the stomach, cleanses the liver, corrects biliousness, and prevents flatulency, purifies the system, invigorates the nerves and re-instates sound health. The enormous demand for those Pills throughout the globe astonishes everybody, and a single trial convinces the most sceptical that no medicine equals Holloway's Pills in its ability to remove all complaints incidental to the human race. They are a blessing to the afflicted, and a boon to all who labour under internal or external disease. The purification of the blood, removal of all restraints from the secretive organs, and gentle aperient action, are the prolific sources of the extensive curative range of Holloway's Pills.
