HORSESHOEING.

HAVING secured the services of MR. WILLIAM TUCKER, a native of this Island, who has had many years' experience as a Horse-shoer in the United States, I am prepared to supply a long-felt want in this line. Mr. Tucker has reduced horse-shoeing to a science, and is prepared to perform all classes of work in a common-sense and scientific manner. I need not inform the intelligent horseowner that the gait of the horse and condition of the feet must be understood to weight a horse properly and to successfully operate thereon. Numerous patrons already admit the merits of the work performed, and recommend his system of shoeing. Customers can always depend on prompt attention and entire satisfaction. W. J. FRASER.
