CABINET UPHOLDS TRANSPORT BD.'S RATE RULING

Parliament To Meet On November 12

Prime Minister Announces New Cabinet Appointments

OTTAWA, (CP) — Prime Minister St. Laurent announced a minor rearrangement of the cabinet Thursday night and said the first session of the 22nd Parliament will start Thursday, Nov. 12.

Hon. Mr. Winters

At the finish of a three-hour cabinet meeting, Mr. St. Laurent told a press conference that Resources Minister Winters will move to the public works portfolio and that Jean Lesage, 41-year-old member of Parliament for Montmagny-Islet, will enter the cabinet as minister of resources and development.

Mr. St. Laurent said Mr. Abbott, 54, has agreed to stay in the post he has occupied since 1946 because of the revision of the Bank Act due during the next session of Parliament.

He added that Mr. Pearson, now in New York for the General Assembly of the United Nations, had asked him to make some statement in view of speculation that he would relinquish the external affairs portfolio.

Mr. St. Laurent said that Mr. Pearson feels he is best suited and hopes to remain as external affairs minister.

Mr. St. Laurent also announced these appointments: R. B. Bryce, assistant deputy minister of finance.

Education Ass'n Convention Is Concluded

HALIFAX, (CP) — The Canadian Education Association, concluding its annual convention here Thursday, called for a joint conference with the National Council of Canadian Universities to discuss uniformity of bachelor's degrees.

Dr. G. A. Precker, deputy minister of education for Newfoundland, was elected president of the Association.

Other officers elected were: Dr. W. H. Swift, deputy education minister for Alberta, vice-president; Freeman Stewart, Toronto, executive secretary.

Directors: Dr. L. W. Shaw, Prince Edward Island; Dr. H. P. Moffatt, Dr. J. B. McCallum, Nova Scotia; Dr. F. E. MacDiarmid, N.S.; I. B. Rouse, W. H. MacKenzie, New Brunswick; Dr. O. J. Desautels, Dr. B. O. Filteau, Dr. W. P. Percival, Charles Bildeau, Dr. T. Boulanger, Quebec.

Dr. J. G. Althouse, Dr. C. F. Cannon, Dr. C. E. Phillips, Ontario; Neville Scarfe, B. S. Bateman, Manitoba; Allan McCallum, Dr. J. W. Tall, Saskatchewan; R. S. Sheppard, Alberta; H. L. Campbell, H. N. McCorkindale, British Columbia.

New Suppression Of Jews Reported

VIENNA, (AP) — A new outbreak of Communist suppression of Jewish minorities with dozens of top Jewish community leaders being tried secretly or under arrest—was reported Thursday from behind the Iron Curtain.

Reliable sources said that so far the new anti-Jewish campaign has been restricted to Romania and Czechoslovakia. It has not reached Hungary, Poland and Bulgaria as far as is known.

But in Romania and Czechoslovakia, the Red regimes have apparently reopened the campaign of Jewish persecution which flared throughout east Europe in 1952.

The difference is that today the drive to wipe out all Jewish opposition to Communism is being carried out with as much secrecy as possible.

Plan To Organize 'White-Collar' Workers In Canada

By Harold Morrison  
CANADIAN Press Staff Writer  
MONTREAL, (CP) — With other wells of union organization running dry, the Canadian Congress of Labor forced in Thursday to mobilize thousands of unorganized "white-collar" office workers and department store clerks across the country.

Organizational chairman William Mahoney of the Toronto Steel Workers said white-collar workers are becoming "more and more union-conscious."

He realized that office workers may be more difficult to organize than other employees "because they are much closer to management," but he was confident that by next year "we will be able to report considerable expansion in organizing the white-collar field."

St. Teresa's Girl Winner Of Public Speaking Contest

A large and appreciative audience was present from Prince Edward Island and Kings counties to hear the provincial finals in the Public Speaking Contest held at Prince of Wales College last night.

Anna Evans, (16) of St. Teresa's sewing club was declared the winner, with Mary Curran of Baldwin's Road Poultry Club second and Clarence MacDonald of Sherbrooke Holstein calf club third.

Miss Evans and Clarence MacDonald won a trip to the Maritime Winery Fair at Amherst. Ordinarily Mary Curran who placed second would have been one of the ones to go, but was not old enough. The contestants are required to be 16 years old.

Other speakers heard, all of whom gave a creditable account of themselves were Harry Love, Five Star Dairy Calf Club, from East

Local Telephone Unions Consider Board Findings

A joint meeting of local unions 1811 and 1812, International Brotherhood of Electrical Workers, covering the Plant and Traffic Departments of the Island Telephone Company was held last night in the City to hear a report from H. C. Tracey and Angus Dillon, International representatives.

Saint John, N.B. Union officials said the report was regarding the Island Telephone Company's not signing an agreement embracing an award granted by an Arbitration Board that had been set up and met on July 22, 1952 in Charlottetown.

Union officials said the award of the board was unanimous that the employees should receive a 7 1/2 per cent wage increase retroactive to July 1, 1953, and also that a five-day week should be instituted not later than January 1, 1954.

The locals accepted the Board's findings and notified the company accordingly, a spokesman for the union said. "The company then agreed to also abide by the Board's decision. Recently, however, the company advised the union that they were not going to abide by the said ruling."

"The locals at their meeting last night decided by a 100 per cent vote to lay plans for further action on the matter if necessary."

Contacted last night, Mr. D. M. Gass, manager of the Island Telephone Company said: "The only comment the president of the company has to make at this time is that the company cannot act upon the award of a 7 1/2 per cent increase and a 40-hour, five-day week, involving an increase of approximately 17 1/2 per cent, and a probable increase in telephone rates throughout the Province, without the concurrence of the regulatory body of the Province of Prince Edward Island."

The Arbitration Board was composed of F. W. Curtis, representing the Telephone Company, A. Belcher, representing the unions, and R. S. P. Jarrett, umpire. All three are from Charlottetown.

Britain To Buy Canadian Cheese

BELLEVILLE, (CP) — Britain will buy an undisclosed amount of Canadian cheese this year, Charles Heath, secretary of the Ontario Cheese Producers' Association, said Thursday.

Churchill On Vacation Trip To French Riviera

CAP D'AIX, France, (Reuters) — A high-spirited round cigar-smoking English gentleman of 78 arrived at his Riviera beauty spot Thursday, ready to set up his camp and go to work.

Earlier at London Airport this venerable painter, war veteran and statesman tried to slip incognito aboard an ordinary commercial airliner disguised as "Mr. Hyde" — the man who, in Robert Louis Stevenson's novel, slipped away from his respectable London life to Dr. Jekyll to lead a mysterious secret life as "Mr. Hyde."

But he didn't fool anyone. Crowds at the airport promptly spotted Prime Minister Sir Winston Churchill, and let out big cheers. The vacationing statesman grinning, shrugged, and gave them the famous "V"-for-victory sign.

Thursday night Sir Winston was comfortably settling into La Capucina, the villa of Canadian-born newspaper publisher Lord Beaverbrook for a week or two off in his favorite foreign village. Most of his baggage was in the villa when Churchill arrived in an auto from Nice airport—including his paint boxes.

The prime minister, whose doctors earlier this year ordered him to take a rest from overwork, said the air journey has made him "a little tired."

Postal Employees Seek Wage Boost

CALGARY, (CP) — The Canadian Postal Employees Association requested Thursday an annual salary increase of \$720 for all postal workers and expressed strong disapproval of the postal department's overtime policy.

"The salary-increase request came in a Vancouver resolution, which was passed unanimously and which will be forwarded to the post office department."

The association, in an annual convention here, also requested an annual boost of \$240 for postal clerks.

On overtime payment, delegates protested the action of the post office department in a Sept. 4 directive instructing postmasters to pay no overtime until workers had completed a 48-hour work week. They said postal employees are supposed to work 44 hours a week.

Archbishop At Ottawa Enthroned

OTTAWA, (CP) — Archbishop Joseph Lemieux was enthroned Thursday as spiritual leader of 283,000 Roman Catholics of the Ottawa archdiocese at a ceremony presided over by Archbishop Ildebrando Antonucci, apostolic delegate to Canada.

A scholarly French-Canadian who spent many of his early years in the priesthood at the Dominion monastery here, the new archbishop asked for God's help and that of his spiritual charges in a brief address to a cathedral crowd of religious and civil leaders.

Prime Minister St. Laurent headed a large group of government officials. Seven archbishops and 25 bishops were among the clergy from various parts of Canada.

Provinces Lose Appeal To Ottawa On Freight Issue

OTTAWA, (CP) — The Cabinet Thursday rejected the appeal of eight Provinces, all but Ontario and Quebec, to rescind a seven-per-cent railway freight rate increase put into effect last March 16.

An announcement from the office of Prime Minister St. Laurent said the cabinet has decided to uphold the decision of the Board of Transport Commissioners last March 6 granting the increase, which will amount to \$38,500,000 a year.

The statement said: "The Government has advised the Governor-General against rescinding the Board's judgment and order or referring to the Board certain specific directions concerning such matters as the revenues, operating expenses and other income of the Canadian Pacific Railway and uniform percentage increases in freight rates. This had been requested by the Provinces in a petition dated March 30, 1953."

The announcement noted that two important points raised by the Provinces during their appeal to the cabinet last May 1—uniformity of accounts and equalization of freight rates—now are under consideration by the Transport Board.

The appeal of the eight Provinces was the first full-dress attack before the Government on a general freight rate increase since 1948, after the original post-war increase of 21 per cent.

The Cabinet decision meant that the rate increase granted by the Board is here to stay. The Provinces have no further recourse.

The Provinces asked the cabinet to rescind the increase and to order the Transport Board to:

1. Undertake an independent investigation of the prospective 1953 increase of the Canadian Pacific Railway, the "Gladfield" company used in fixing rates.

2. Take into account, in establishing rates for 1953, some transportation revenue which the CPR now terms "other income," which is not used in determining the need for rate increases.

3. Open an investigation to determine the extent to which, for rate-making purposes, the rail operating expenses of the CPR should be cut down. The Provinces challenged these expenses on a number of grounds.

4. Require the CPR to submit proof of dollar savings resulting from modernization of its facilities.

The Provinces also urged that the Cabinet to tell the Board not to authorize straight percentage rate increases of the type it has granted since the end of the Second World War. The Board said that should not be granted without some kind of limitations by way of ceilings or exceptions on some commodities.

During the appeal hearing the Provinces argued that the railways are pricing themselves out of business through continued freight rate increases. They said the seven-per-cent increase or any additional increases would prove disastrous to shippers and the railway.

MORE TOURISTS  
STOCKHOLM, (CP) — A record tourist influx to Sweden is being experienced this year with an average increase of about 17 per cent. Tourist traffic increased from the United States and many other countries, but British visitors were slightly fewer.

Bermuda Braced For Hurricane

HAMILTON, Bermuda, (AP) — Squalls and strong southwesterly winds lashing out ahead of hurricane Edna struck Bermuda late Thursday and the island colony braced for the following big blow.

U.S. navy and air bases were closed and all planes flown to safety on the U.S.

\$10,000 Damages In Libel Case

TORONTO, (CP) — Harold Menzies, Toronto realtor and former chairman of the Toronto board of education, was awarded \$10,000 damages by an Ontario Supreme Court jury Wednesday which found he had been libelled in a municipal election campaign last November.

The jury found him entitled to \$6,000 damages from George S. Ewing, a factory inspector, and also for damages from Frank Feeney, a business man, both accused of distributing libellous pamphlets.

Ancient Cars Out For Detroit Show

DETROIT, (AP) — More than 400 ancient automobiles — Stanley Steamers, Pierce-Arrows, model T Fords and many others—arrived in Detroit Thursday under their own power.

Most of them were participants in the renewal of the famed Glidden Tour of an earlier day; others were the prize possessions of Michigan old car hobbyists. All came in lake part Saturday in an old car festival at Henry Ford's Greenfield Village.

Joseph Gest of Montreal has two automotive antiques in the Glidden Tour.

Coming Events

- \*\*Dance at Gordon Lodge every Friday night.
- \*\*Dance, Lower Montague, Friday, September 18th.
- \*\*Cake sale Fennell & Chandler Saturday, Sept. 19th at 2.30.
- \*\*Dance, Howe's Hall, Brackley Beach, Friday night.
- \*\*Emerald Hall, C. W. L. Chicken Supper, Tuesday, September 22nd.
- \*\*Dance in Bermuda Fraser Friday, September 18th. Fraser's Orchestra.
- \*\*Dance Beaver Hall, Montague, Friday, September 18th. Blanchard's orchestra. Admission 60 cents.
- \*\*Perennial Plants now ready. Detailed list in Saturday's Guardian. Joe R. Smith, Clinton.
- \*\*Dance at St. Peter's Legion Hall, Friday, September 18th. Chalmers' Orchestra.
- \*\*Dance every Friday night, South Rustico Hall. Canteen service. Charlottetownians Orchestra.
- \*\*Cake Sale, Moore & MacLeod's, September 19th. South Milton W. I.
- \*\*Unloading car oil cake, Thursday and Friday. Good price off car. Ellis Bros. Dial 3223.

- \*\*Come to Bonshaw W. I. Hall, Friday, September 18th. MacMillan will show slides; also Scotch dancing and vocalists.
- \*\*Provincial Plowing Match and Fair, Dundas Sept. 23 and 24. Write for prize list. Albert Aorn, Secretary, Cardigan R.R. 5.
- \*\*Poultry—Raising live poultry every day except Saturday. M. and A. Peters, Market Building, Charlottetown.
- \*\*The Clyde River Presbyterian W. M. S. will hold a special service, Sunday, Sept. 20, 7.30 p.m. Mrs. Mary McKenzie, speaker. Singing by Bonshaw Male Quartet.
- \*\*On Sunday Afternoon, October 11th, at 3.00 P. M. at the Tryon United Baptist Church, "The Epiphany Sisters Gospel Quintette" plan to hear these talented young ladies. Free will offering.
- \*\*Showing at Mt. Stewart, Friday and Saturday nights at 8 o'clock. (Note change of time) "Because of You" starring Loreita Young, Jeff Chandler and Alex. Nicol. This is a better than average drama.

Interest In New Training Plan For Nurses

TORONTO, (CP) — The medical world regarded with interest the graduation here of 62 nurses from the two-year course at Toronto Western Hospital which was followed by a year of paid internship.

Replacing the old three-year unpaid apprenticeship, the new course provides the academic instruction in the first two years for which fees are paid and then an "intern" year during which the girls draw regular salaries.

They also get a four-week annual vacation and a work-week of 5 1-2 days instead of the standard 5.

The accelerated training program was supported by grants from the Atkinson Charitable Foundation and the federal and provincial governments.

Doukhor Women Carried Into Court

VANCOUVER, (CP) — Doukhor women had to be carried in and out of court Thursday when the trial of 144 radical Sons of Freedom opened in suburban Burnaby.

Hunger had taken its toll. In a state of collapse, the women, who have refused solid food for eight days, sat slumped over chairs during the court hearing.

Only 71 of the 144 Doukhor women and men were brought to court. The others were too weak to trial in police buses.

The first convicted of appearing nude in public was 45-year-old William G. Konklin, who refused to enter any defence. He was remanded for sentence until Sept. 21.

He and others were arrested at the west village of Perry Siding in the West Kootenays last week and charged with contributing to juvenile delinquency. His father, George Konklin, is among the accused.

The prisoners were remanded until Sept. 25 on the contributing charge and will be tried as a group.

But on a new charge of being found in a "public place while nude" each will be tried separately.

The Doukhor women have refused counsel and told reporters: "God is our lawyer and protector."

Konklin did not utter a word during the court hearing held in a community hall.

Scientists Get Peek At "Flying Saucer" Fighter

TORONTO, (CP) — Top Canadian and United States scientists held a hush-hush meeting at the nearby Malton plant of Avro Canada Wednesday and were believed to have taken a peek at "Project Y"—a reported "flying saucer" fighter plane capable of vertical ascent and an air speed of 1,500 miles an hour.

During their five-hour huddle with plant engineers the experts probably talked well about Avro's new CF-100 twin-jet all-weather fighter.

They left later for Ottawa to continue their tour of Canadian defence installations, which includes a look at the Chalk River, Ont., atomic plant.

Lt. Gen. Donald Pult, commander of the U.S. Air Force air research and development command and leader of the 25 U.S. scientists and military experts, said the officials "exchanged ideas about many things."

He would not comment on "Project Y", still on the top-secret list. Officials at the plant will not discuss the project.

It was understood before the meetings that the party planned to examine a woken mockup of the jet-propelled, disc-shaped fighter.

The project, if completed, would enable a defending air force to throw up a swift curtain of interceptor aircraft. Vertical climbing, helicopter-style, would eliminate need for extensive air fields.

Railway Men Decide Not To Ask For Pay Boost

MONTREAL, (CP) — Union representing some 150,000 men in non-operating trades of four Canadian railways will not seek general pay increases this year, it was announced Thursday.

Frank Hall, Canadian vice-president of the Brotherhood of Railway and Steamship Clerks, made the announcement at the conclusion of a two-day meeting of railway unions.

He said it is the first time in at least 20 years that a general wage increase will not be sought in the annual contract.

Mr. Hall said the non-operating trades will, however, make some new demands on the railways—Canadian Pacific, Canadian National, Toronto, Hamilton and Buffalo, and Ontario Northland.

Notice of the demands will be served on the railways some time between Oct. 1 and Dec. 1, the date when the current contract with the railway expires.

High tide today at Charlottetown at 4.09 A. M. and 6.52 P. M. High tide today at the North Shore at 12.08 A. M. and 2.17 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5.55 A. M. and sets at 6.19 P. M.

TORONTO, (CP) — Minimum and maximum temperatures:

Table with 3 columns: Location, Min, Max. Includes Dawson, Victoria, Edmonton, Calgary, Regina, Toronto, Ottawa, Montreal, Quebec, Saint John, Moncton, Halifax, Charlottetown, Sydney, Yarmouth, St. John's, Nfld.

HALIFAX, (CP) — The Dominion Public Weather Office here says the weather is cloudy in the Maritimes and eastern Quebec, and showers continue to occur at widely-scattered localities. A high pressure area over Quebec and Ontario is moving towards the Maritimes indicating a gradual return towards sunny weather.

Regional forecasts: Prince Edward Island, New Brunswick, Bay of Chaleur: Cloudy and continuing cool; light winds; low to high at Charlottetown 45 and 55, Moncton and Fredericton 45 and 55, Saint John 45 and 58, Edmundston 42 and 55, Campbellton 38 and 55.

Bay of Fundy: Cloudy with visibility 10 miles; temperature in the 50s.

High tide today at Charlottetown at 4.09 A. M. and 6.52 P. M. High tide today at the North Shore at 12.08 A. M. and 2.17 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5.55 A. M. and sets at 6.19 P. M.
