World's Columbian Exposition, Chicago, 1893.

THE Government of the Dominion of Canada has accepted the invitation of the Government of the United States to take part in the World's Columbian Exposition, to be held in Chicago from 1st May to 31st October, 1893. As it is important that a very full display of Canadians products be made on that occasion, a general invitation is extended to Canadian producers and manufacturers in agriculture, horticulture, products of forests, fisheries, minerals, machinery, manufactures, arts, etc., to assist in bringing together such a display of the natural resources and industrial products of Canada as will be a credit to the country.

An Executive Commissioner for Canada has been appointed, who will have the general charge of the exhibits and the allotment of space, and the several Provincial Governments have been invited to co-operate with the view of making the exhibition as complete and satisfactory as possible.

The Dominion Government will pay the transport of exhibits going and returning, and for the packing of articles sent.

Entries must be made not later than 31st July. The reception of articles at the Exposition buildings will commence 1st November, 1892, and all exhibits, excepting Live Stock, must be in place by 1st April, 1893.

Forms of application for space and general information can be obtained on applying by letter, post free, to the undersigned.

WM. SAUNDERS,
Executive Commissioner for Canada.

Department of Agriculture, Ottawa, 30th April, 1892. may19

THE PRESBYTERIAN ASSEMBLY

Opening Day's Proceedings,

On the Way to Montreal.

(Special Correspondence of The Examiner.)

Feeling sure that your readers in general feel interested in the religious work of today, I venture to send you a few notes of the meeting of the General Assembly of the Presbyterian Church of Canada, which commenced work in the Crescent Street Church on Wednesday evening the 8th inst. Starting from Charlottetown on the morning of the 7th, the ride to Summerside was a very fitting introduction to the rest of the journey. One learns to appreciate the luxurious verdure of our quietly beautiful Island when forced to contrast it with the barrenness of large portions of the mainland. It's cosy farmhouses, its fertile fields, the general air of comfort on every hand scarcely fit in with the pictures of blue ruin which a certain class of journalists and politicians are so prone to indulge in. Looking over the landscape at every turn of our *somewhat* winding railroad one can fully agree with those who, returning from extended trips over the continent, found no land so fair, no fields more fertile than our own Prince Edward. Our passage in the Northumberland needs no description. The only pity is that this magnificent steamer simply shortens our sea voyage, the most pleasant part of the journey, in order that we may spend an hour longer on the pier at Point DuChene, about as monotonous and dreary an experience as one can well imagine. But all things come to an end, and at last we are on our way to Moncton, which we reach in due course, and spend a pleasant afternoon seeing the sights and enjoying the hospitality of the good people. I can't say much for the former, but can thoroughly commend the latter as a most enjoyable experience. At 8 o'clock we are off for the north, reinforced by quite a party of ministers and elders from the east. Enjoying the luxury of a comfortable Pullman the night passed swiftly. Unfortunately we miss the beauties of Metapedia in the darkness, but early in the morning the majestic St. Lawrence was in full view and here after we skirted its diversified shores. The farms of the French habitants with their long parallel fences and all too abundant stone heaps, lie on either side of us, and every few miles brings to our view a chapel with its shining spire and the graveyard where "The rude forefathers of the hamlet sleep." Hard task to wring subsistence from such a soil. Yet here the contented Frenchman lives and raises his large family and quietly falls asleep 'Tis a simple race, contented, religious, patriotic. Yet even here the stirring of our age is making itself manifest and the spirit of change has awakened desires for other lands where the pulses of life beat faster and the conditions are not so difficult. As we near Quebec the soil improves and as the river narrows somewhat the Lawrentian hills of the northern band still stand out in bold relief, and we think we can catch a glimpse of snow in some of the gorges glistening under the morning sun. Soon the beautiful falls of Montmorenci appear—"Rolling a slumb'rous sheet of foam below," and then the ancient city of Quebec with its citadel standing like a sentinel over the mighty river. At Levis the Grand Trunk Railway takes charge of us, and after passing through a country improving almost with every mile, and offering us on every hand tempting bits of scenery, grassy fields, tree crowned hills, brawling streams, rivers, villages, towns, we reach Montreal in the early evening and meet a large number of friends of long ago, representing a church stretching from Newfoundland in the east to British Columbia in the west, not forgetting the presbytery of Trinidad in the sunny South, Indore in Central India, and Houan among the almond eyed celestials. Let me say before I pass from the route of travel that the Intercolonial scenery is incomparably finer than that in the route of the C. P. R., and even those who travelled by the latter route being witness the roadbed is smoother, while I feel sure the comfort and attendance of the I. C. R. Pullman's cannot be surpassed.

The Assembly convened in the spacious and beautiful Crescent Street Church at 7.30 p.m., where and admirable sermon was preached by the retiring moderator, Rev. Dr. Wardrope, of Guelph, from Col. 1-28, on the substance and manner of Apostolic preaching as the model for the minister of to-day. The sermon was fearlessly orthodox, dealing very fully with the love of the Gospel and at the same time alluding in earnest and forcible words to the "terrors of the Lord," the whole culminating in a clear and simple presentation of the great plan of salvation. At its close the roll was called, about 220 answering to their names. The Assembly will be fully 300 strong when all the expected delegates arrive. For the chair two candidates were proposed—Principal Caven, of Knox College, Toronto, and Rev. T. Sedgwick, of Tatamagouche, N. S. Though the claims of the east to furnish this year's moderator were very forcibly presented, the western men had fully made up their minds, and as they hold the numerical strength Dr. Cavan was elected by a majority of 22. He will make an admirable presiding officer and is in every way worthy of the position, but the eastern men feel strongly that they have not been fairly treated in the matter. After routine business and arrangements for the hours of session the Assembly adjourned at 11 o'clock p. m. The weather, which had been delightful from the start, has changed and Montreal is welcoming the ministers with a steady down pour of rain.

J.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat, in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown drug stores. ....

Wedding Bells.

At the residence of the bride's father, last evening, Mr. Henry Smith was united in marriage to Anna J., eldest daughter of James Wright, Esq., of Crapaud. Mr. George A. Canfield acted as groomsman, and Miss Ella Wright, sister of the bride, was bridesmaid. Rev. J. K. King tied the nuptial knot. A goodly number of relatives were present on the occasion, and the presents were numerous and costly.

Miss Wright was organist of the Methodist choir at Victoria, and we hear that the congregation, appreciating her valuable services, gave her a substantial present. Mr. Smith has recently returned from California, bringing enough gold from that country to purchase the Hall property at Tryon, where he has taken his young bride to make home happy. The writer wishes them all the health and happiness this world can afford.

COM.

Crapaud, June 9th, 1892.

Mount Stewart Notes.

Judging from the zeal with which our church choir are practicing, we are to enjoy a concert in the near future. As many would like to hear a repetition of the inimicable duet by our two elders, we suggest that a place be found for it on the programme, as also for a solo by Mr. McKay, who so ably conducted our singing school last winter.

Mr. John F. McLeod, of Orwell, paid us a visit a few days ago. He was a guest of the Rev. A. B. McLeod.

Two of the three Grit magnates who put in the lowest tender for repairs to Morell floating bridge, got left on their little boodling scheme. It appears they found their tender too low to be profitable, and when offered $75 to withdraw it and give some one else a chance they took the offer, imagining they had struck a small bonanza. So far, however, only one of them—the man famed for his convenient memory—got anything, and he had to take his share in codfish. Perhaps when we get the fourth circuit of Queen's County Court at Mount Stewart they may be able to collect the balance. Our two friends will, in future, consider that "a bird in the hand is worth two in the bush"—perhaps more.

CLERICUS.

A True Idea of Reverence.

So, in visiting church, the least you can do is to enter into the feelings and opinions of the worshippers for the time being, and humbly putting aside your own ideas, assume the position of one who can worship the Heavenly Father anywhere, in any way, at any time, and with more or less ceremony, so long as the adoration is in our hearts, reverential and sincere, writes Cora Linn Daniels in the June Ladies' Home Journal. To sit like a post in the midst of an audience who are praising God in their own peculiar way is to show in that way an implied contempt. If you do not like it what are you there for? Curiosity? One does not go to church as one goes to the theatre, simply to be amused. We do not buy a ticket; we are given a free seat. Then the only return we can show for this toleration of us as outsiders is to join, as far as possible, in the devout exercises we are allowed to witness. In any case, God is being worshipped. It can hurt no one to kneel before Him, or to bow the head reverently.

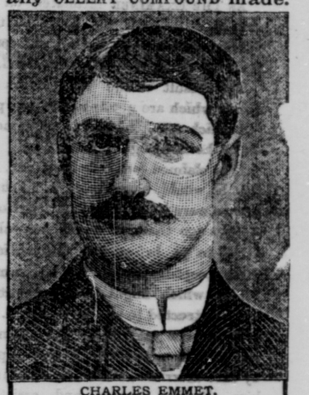
A PRIZE PORTRAIT REBUS.

This young lady has three brothers, each one of whose picture is combined in the above portrait. The manufacturers of PEARLIFOAM, THE LATEST SCIENTIFIC DISCOVERY FOR CLEANSING AND PRESERVING THE TEETH, will give a handsome Gold Watch to the person who can make out the faces of the three brothers FIRST; to the second an elegant pair of genuine DIAMOND EARRINGS; to the third a PIANO LAMP in Antique Silver; to the fourth either a SILK DRESS PATTERN or a SWISS MUSIC BOX playing six pieces; to the fifth a beautiful pair of PEARL OPERA GLASSES; to the sixth an elegant MANTEL CLOCK; to the seventh a pair of SOLID GOLD CHAIN BRACELETS, with Padlocks, and to the eighth a COIN SILVER WATCH.

Each contestant is to cut out the picture rebus and make a cross with a lead pencil on the three brothers faces, and send same to us, with ten three-cent Canadian postage stamps (or 30 cents in silver) for one package of Pearlifoam, before July 20th, 1892. The envelope postmarked *first* which contains the three brothers faces correctly marked will receive the *first* prize, the balance in order as received. For the *last* correct answer we will also give a handsome Gold Watch; to the next to the last a complete BUSINESS EDUCATION; to the second to the last an elegant pair of genuine DIAMOND EARRINGS; to the third from the last a PIANO LAMP in Antique Silver; to the fourth a SWISS MUSIC BOX playing six pieces; to the fifth a SILK DRESS PATTERN; to the sixth a pair of PEARL OPERA GLASSES; to the seventh an elegant MANTEL CLOCK, *and a valuable prize will also be given to* every person *who is able to answer this picture rebus correctly* until 100 prizes have been awarded if there should be that number answering correctly. Nothing is charged for boxing and packing prizes. We shall offer extra premiums to all who are willing to help us introduce Pearlifoam. Our prizes are entirely FREE. Our object is to introduce and ask not attention to Pearlifoam, which is the nicest preparation whose manufacturers are willing to offer a reward of $100 to any dentist who can show that it contains anything injurious to the teeth. Ladies who have used Pearlifoam cannot say too much in its favor. A mouthful of pearly white teeth is the sure result of its constant use. It is recommended by the leaders of the profession everywhere, ask your dentist what he thinks of it.

Pearlifoam is sent by mail postpaid. Prizes in the above Portrait Rebus are to be carefully awarded strictly as deserved. Address, EXQUISITE TOILET M'F'G. CO., 170 Yonge St., Toronto, Ont.

SKODA'S DISCOVERY contains MORE CELERY than any CELERY COMPOUND made.



CHARLES EMMET.

"I AM CURED!"

Physicians, Pile Remedies and the Knife UTTERLY FAILED!

Yet there was Help!

GENTS:—I wish to inform you that the treatment consisting of SKODA'S REMEDIES you sent me for **Piles**, has, as you stated in your letter accompanying the same, **actually cured me.**

Why, gentlemen, I can hardly realize it, when I stop to think of the **long years of suffering** I have endured, of the **Pile Remedies** I have tried; of the Physicians employed; of the **two surgical operations** performed (having had the **Pile Tumors** removed twice with the knife) and all I could get was **temporary relief.** But now after taking seven Bottles of SKODA'S DISCOVERY, Three Boxes LITTLE TABLETS, and using Five Boxes of SKODA'S PILE CURE, **I am cured.**

I am now able to **work every day,** and shall start for Virginia in a few days to work cutting timber.

You freely gave me the medicine but I want to partially pay you for what you have done. Enclosed find $20, which is about what I paid for **one operation** that did me really no good at all.

Gratefully yours,
Bangor, Me. CHAS. EMMET.

Guarantee Contract with Every Bottle.

SKODA DISCOVERY CO., Wolfville, N.S.

A Hard Profession.

Old Dr. Johnson once said addressing a class of medical students, that the study of medicine was a most arduous undertaking; that the most comprehensive mind and the most industrious student could scarcely do more than explore the portals to medical knowledge during the brief time alloted to study before commencing practice, but that throughout his whole life the responsibilities of his profession should rest upon him like a night mare.

He should explore every avenue of natural knowledge, must become familiar with chemistry, natural philosophy and natural history, but, above all, he must learn the construction of his own frame, the means by which he lives, moves and has his being. He must understand the nature of all those influences by which health is broken down and restored and by what means disease, suffering and death may be averted. Dr Johnson further says that nothing contributes so much to the support of quackery as the present insufficiency of medical knowledge. Men do not, he says, easily abandon hope, but as readily put faith in ignorant pretenders as drowning men catch at straws.

"The good that men do in this life lives after them." During the lifetime of old Dr. Johnson he invented what is now known as Johnson's Anodyne Liniment, a standard family remedy of surpassing merit. This liniment is both for internal and external use, and it is safe to say that no single remedy ever discovered has done so much good as has this one. It is inexpensive, ready at a moment's notice night or day and may be used with absolute confidence in the thousand and one ailments that afflict humanity. In the cure of severe cramps or pains in the stomach or bowels, dysentry, diarrhœa, acute or chronic, this ailment is a sovereign remedy. In the case of chronic diarrhœa it is certainly worth its weight in gold. It has been known to cure cases of from ten to fifteen years standing after the sufferers had been given up.

ju8 d6i w1i

Meeting at St. Peter's Road, Lot 53.

A meeting was held at Iona Schoolhouse on Tuesday, the 7th inst., for the purpose of pressing on the notice of the Commissioner of Public Works the disgraceful state of the Line Road to that settlement. John G. Scrimgeour, Esq., M. L. C., and Cyrus Shaw, Esq., M. P. P., were present. Mr. C. Birt and other residents spoke of the efforts that were made last session to obtain assistance from the Local Government, and severely censured Mr. Scrimgeour for his lack of energy in pressing the claims of his supporters and constituents. Mr. Shaw advocated the necessity of the repairs required to make this important road passable, and proposed that strong resolutions setting forth their grievance should at once be forwarded to the Commissioner of Public Works, and he promised his influence as a representative of the District towards urging the matter on the immediate attention of the Government. He regretted that the present administration paid so little attention to the needs of the people of Cardigan District. Mr. Scrimgeour defended his actions and contended that he was not to blame. The matter had been urged on the Government by him during the late session, but as yet nothing had been done.

The people of Iona School District are losing all confidence in the grits.

TO DISPEL COLDS, headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs. ....

Hurrah, hurrah, for home industry. Goff Bros' boots take the lead. june4tf
