

TETLEY'S
SOUVENIR OF
VICTORIA'S
REIGN.

There is no better tea retailed at 60c. than the tea sold in TETLEY'S JUBILEE CANISTERS. These were made as a souvenir of her Majesty's illustrious reign and are decorated with as handsome a piece of color work as has ever been seen in Canada. Her Majesty is represented in lifelike colors at the most noted periods of her life; 1837, 1838, 1897; in panels, accurate representations of Her Majesty's Army and Navy are to be found.

When the tea is consumed the tin will be useful as a handsome tea or cake caddy. The tea is worth 60c. The tin is surely worth 50c. Sold by most dealers at 60c.; if yours cannot supply you send direct to **JOS. TETLEY & CO., 7 BEDFORD ROW, HALIFAX, N.S.** Or 14 LEMOINE STREET, MONTREAL.

Desk Wrongly Named.
The big, towheaded boy in the blue jean suit looked at the lawyer's new roller top desk for several moments and then asked, with a hesitating drawl: "Whar's the pigeons at?" "What pigeons?" asked the lawyer. "Why, the pigeons that stay in that thar thing." "Why, this is a desk. It is no bird roost." "Waal, whut did ye mean by tellin me them little square things wuz pigeon-holes, then?"—Atlanta Journal.

Very Poor Support.
When Charles R. Thorne, Jr., was doing utility at the Boston museum in the early sixties, he married the daughter of a well known Boston detective officer named Calder. Afterward he came to California and did not return to Boston for some years. When he was a leading man, Calder went into the apothecary store of Orlando Tompkins, then one of the lessees of the Boston theater, and said, "I understand Charley Thorne is coming back to Boston." "Yes," was the reply of Tompkins. "Coming back to support Booth, is he not?" "Yes," was again the answer. "Well," drawled out Calder, "if he does not support Booth any better than he supported my daughter he'll be durned poor support."—Argonaut.

THE DOCTOR'S TALKS.

"Headache Powders" Merely Paralyze the Nerves.

DODD'S DYSPEPSIA TABLETS ARE THE ONLY CURE FOR HEADACHE BECAUSE THEY REMOVE THE CAUSE — THE DOCTOR CURES EVERY CASE.

"I always advise my patients and friends to avoid 'Headache Powders' as they would avoid a quicksand," said one of our well-known physicians today. "These powders dull the pain for a time, but when their effect dies out the agony returns. The powders merely paralyze the nerves and so prevent them from feeling the pain. There is only one way to cure headache, and that is to remove its cause. If I run a splinter into my finger I don't take medicine to cure the pain (that accompanies the festering, swelling and inflammation resulting from the presence of the splinter). I TAKE THAT SPLINTER OUT. Then the pain vanishes. So with headache. Remove the cause and the pain disappears.

"Nine-tenths of the headaches that torture humanity spring from indigestion. Cure the indigestion and you cure the headache."
"How would you cure the indigestion, doctor?" asked his friend.
"Very easily, I would simply take one or two of Dodd's Dyspepsia Tablets after each meal."

"There is no medicine under the sun that will cure indigestion, Headache, Dyspepsia, etc., except Dodd's Dyspepsia Tablets. They cure by digesting the food and toning and strengthening the stomach."
"I have cured every case of Indigestion and Dyspepsia, I have met during seven years past and my cures were all effected by Dodd's Dyspepsia Tablets."
Dodd's Dyspepsia Tablets are sold by all druggists, at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto.

A WORD TO THE CARELESS
Many persons do not value their teeth. If they have the toothache their first and only thought is to have the tooth extracted. Just a few words on that point, they go and have it taken out, that is the last of that tooth; they cannot get it back again. Another tooth will begin troubling; out it goes, too, and soon after a while the person cannot masticate food; consequence is their health becomes impaired; then they pay doctors bills, buy medicine, etc., and as a last resort they get artificial teeth. Now look at the question from a business standpoint. In the first place what would be the cost to save the tooth and keep it good for a lifetime? Perhaps \$1.00, and you will have your own teeth in your head, and they were most certainly put there for use. Now think of this—if you had a wart on your finger, that troubled you, would you have the finger cut off to remove the wart? Why certainly not. Well, why loose a tooth to remove an ache. We can stop toothache and save the tooth, and guarantee them never to ache again.
Artificial Teeth
must be good to be satisfactory. We guarantee satisfaction or we don't want your money.
You can call in in the morning and have your teeth same day.
