of speakers at today's sessions of the annual general meeting of the Canadian Manufacturers' Association, attended by more than 1,000 industrialists. They talked of this trend or that; of the balance between supply and demand; of inflation and deflation. But mainly, they said that things are good in Canada and are likely to continue that way. To sum it up, men like W. J. Borris of Vancouver, president of the Investment Dealers' Association of Canada, became almost dreamy-eyed as they described such things as the aluminum development at Killmat, B. C., where rivers and mountains are being shifted to put money into the pockets of Canadians and a better standard of living into their homes. Maj.-Gen. H. A. Young, deputy minister of resources and development and commissioner of the Northwest Territories, took one on a virtual coast-to-coast tour to show how Canada is opening up her natural resources for the betterment of her own people and to meet the needs of a waiting world. Maj.-Gen. Young took only of iron in Labrador and oil in Western Canada, but of lead, zinc and copper in Nova Scotia, and silver, lead and zinc (not to mention gold) in the Yukon, and something big in nearly every province.

Jet Fighter Squadron Set To Fly Atlantic

OTTAWA, May 28—(CP)—Probably no one in Canada is as worried about the weather this week-end as Sqdn. Ldr. Cal. Bricker, D.F.C., head of No. 439 Fighter Squadron. Friday at 9 a.m. EST, the curly-haired, 30-year-old veteran from Grenfell, Sask., first Canadian to cross the Atlantic in a jet plane, will lead his squadron, now equipped with 20 F-86 Sabre jet fighters, to the R.C.A.F. base at North Luffenham, Eng. That is if it doesn't rain. It's a touchy operation. It will be the first time a Canadian jet squadron has crossed the Atlantic. Planning has involved every segment of the R.C.A.F. and the close co-operation of the United States air force and the R.A.F. The air force calls it "Operation Leap Frog". Range of the F-86 is on the secret list, but the Sabre is rated publicly as an aircraft of the 850-mile-an-hour class. It is known that it can fly only about an hour before refuelling, and the longest hop it must make in crossing the North Atlantic run is 685 miles. This means 439 will need a hefty tailwind.

Spring Seeding Nears Completion On Prairies

OTTAWA, May 28—(CP)—Spring seeding is nearing completion in practically all parts of the Prairies, the Bureau of Statistics reported today in its second report. Unloading car three C.W. oats, McGulgan & Boyle. Dance, Iona East School, Friday, May 30th. Hear Eugene Donahue and Uncle Remus sing. New Haven Friday. Don't fail to see "Maid of Money" at Hunter River Friday evening, May 30, at 8:30 p.m. sharp. Auspices of C.W.L. See the Montague players present their play in Belfast Hall Wednesday, June 4th 8:30 p.m. Specialties. Sponsored by Orwell Cove W. I. See Wheatley River's one act play, "Annie's Man", with specialties in Wiltshire Hall, Friday, May 30. Sponsored by Darlington W. I. Arriving, last car clover seeds, consisting of timothy, alfalfa and good mixture, alfalfa, ladino, alsike single and double cut red clover. Book your requirements Wholesale and retail. McGulgan & Boyle.

Revolutionary Conspiracy Is Charged

PARIS, May 28—(AP)—France arrested the No. 1 French Communist during widespread, bloody and well-organized anti-Ridgway rioting today and charged the Reds with a revolutionary conspiracy against the republic. At a dramatic midnight press conference, the cabinet's police chief said the uprising had been conquered and "we will always be masters of the situation." The Red boss, Jacques Duclos, secretary of the French Communist Party, was arrested at his car during the armed Red rioting. Police said they found in the car a loaded revolver, a blackjack, a special radio receiver and, under a blanket, a covey of carrier pigeons. French police, outnumbered at some places against Red attacks with spiked clubs and other weapons, put down the uprising that swirled on several fronts through the bloodied streets of Paris. Interior Minister Charles Brune held the extraordinary midnight conference to tell reporters France is and will remain in control against Communism. He said the Communists are using the name of Gen. Matthew B. Ridgway as a pretext for making attempts against the security of the French republic. "We have proof," Brune said, "of an organized and permanent conspiracy by the Communist troops." "Armed commandos of the Communist Party," he declared, "have in effect attempted a conspiracy against our republican institutions."

News In Brief

LONDON, May 28—(Reuters)—A government survey disclosed today that almost 200,000 of Britain's textile workers—about 26 per cent—are either out of work or on short time as a result of the industry's recession. OTTAWA, May 28—(CP)—Prime Minister St. Laurent said today no federal grant will be made at this session of parliament for the Dominion Drama Festival or for the encouragement of ballet and similar activities. OTTAWA, May 28—(CP)—Production Minister Howe said tonight he hopes Canada will be able to lift its restrictions on the use of aviation gasoline next Monday, in line with similar action in the United States. HALIFAX, May 28—(CP)—An immediate start on the rock fill project at the Canoe causeway was promised in Halifax today by the man who'll supervise the \$5,780,000 job. F. B. Chase, of Vancouver, job superintendent, said he expected to go to the causeway site tomorrow "to get things rolling."

Travel In And Out of Berlin Drops Sharply

BERLIN, May 28—(AP)—Passenger travel in and out of Berlin dropped sharply tonight as a result of Communist manoeuvres to isolate further the city's sectors allied with the West. Wary Germans apparently decided to stay at home rather than take a chance of being caught off base by some fresh restriction from Russian zone authorities angered by the signing of the West German peace contract and the six-country European army treaty. The East German Government, busily creating a no-man's land and entrenchments along the frontier it shares with the Bonn republic, announced last night that, effective Sunday, anyone visiting the Soviet zone must have a special permit. Travel agencies reported business was terrible. West Berlin's biggest bus agency said bookings dropped 30 to 40 per cent. Passenger-car movements also were below par, though trucking went along normally on the 116-mile-long highway that links Berlin and West Germany across Soviet zone territory. No precise figures could be obtained on German railway travel, since the East German Government controls the eight trains which normally ply in and out of the city daily. Lethbridge in Alberta was once known to the Blackfoot Indians as "Ashoosym," meaning "steep banks."

Prince Of Wales College Pass List

The following pass list for Prince of Wales College was released for publication yesterday. The annual closing exercises of the college take place tomorrow morning. IV Year Honour Diplomas (Alphabetical Order) Charles Agnew, Malpeque Road. Roy Campbell, Ulg. Alan Champion, Kensington. Jacqueline Cumiskey, Mt. Stewart. Marion Schurman, Central Bedouque. William Underhay, Eglinton. IV Year Graduating Diplomas Richard Ferguson, Hampton. Winston Smith, Pownall. Pass Certificates Bert Gillis, Beaton's Mills. James Ibbott, Charlottetown. Olga Jenkins, Vernon. Pass List Donald Large, Charlottetown.

Christian Virtues Stressed In Bishop Boyle's Address To City Hospital Graduates

"A nurse who has the natural virtues only, will see in her patient a 'case', but the Christian nurse will see Christ suffering in her patients," declared His Excellency Bishop Boyle in an eloquent address to the nursing graduates of the Charlottetown Hospital at the graduation exercises held in the Community Centre last night. There were nineteen of the girls receiving their diplomas from His Excellency in the presence of a large crowd which packed the Centre to capacity. Included in the audience were many of the doctors of the city, as well as a large number of members of the religious orders. Representing the Premier was Hon. A. W. Matheson, Minister of Health and Welfare, who said that there were not enough nurses remaining in the profession long enough to staff the hospitals of the Province. It was because of this that the Government at the last session of the Legislature had put on the statute books legislation which permits the status of trained attendants. He offered his sincere congratulations to the graduates and especially to Miss Alicia Marie Mullyally who was the valedictorian. (Continued on Page 8 Col. 4)

Quints Celebrate 18th Birthday

NORTH BAY, Ont., May 28—(CP)—The Dionne quintuplets today celebrated their 18th birthday privately. Behind a padlocked gate and the high wire fence which surround the oblong-shaped family home 11 miles south of here, the five girls received their relatives and friends. Outside the fence a covey of reporters and photographers hopefully waited for a glimpse of the girls, Yvonne, Annette, Cecile, Emilie and Marie. The day served as a combination birthday and graduation party. In caps and gowns the quintuplets and nine girls who have been their classmates were graduated from grade 12. Next year the five will attend a girls' college. The college has not yet been chosen. A daughter-in-law, two sons-in-law and four grand-children swelled numbers for the noon birthday dinner cooked by the quintuplets' mother, Mrs. Olivia Dionne. Highlight was a home-baked cake, five layers. However there weren't any candles. Early today the girls received their birthday gifts, matching sets of rhinestone necklaces, bracelets and earrings. They put them on immediately. A deluge of birthday-cards and telegrams from all parts of the world awaited them today. As usual, a California man sent them each a corsage, a practice he has maintained each birthday since they were born. Today's celebrations were something of a family reunion for Mrs. and Mrs. Dionne and their 13 children. Relatives came from hundreds of miles away.

Seeking Fourth Mandate For Union Nationale Party

(By Richard Daignault)
QUEBEC, May 28—(CP)—Premier Duplessis, ending weeks of speculation, today announced a Quebec general election for Wednesday, July 16. The announcement after the Quebec cabinet was in session 5 1/2 hours morning and afternoon came with campaigning by Liberal and the Premier's own Union Nationale Party in full swing. Union Nationale ministers and legislature members have been stumping the province and speaking on the air since early spring. Liberal leaders also have been active. The Premier summoned waiting correspondents into the cabinet chamber, where 15 ministers were assembled, to issue the news. He said voting in all of the province's 92 constituencies will be July 16. Nominations will close July 9 in all but Quebec's four least-accessible electoral districts. In Abitibi East, Abitibi West and the Magdalen Islands, nomination day will be July 7. It will be July 2 in Saguenay district stretching northeastward to Labrador. Wednesday Habit Mr. Duplessis, in picking a Wednesday for election-day, followed a well-established habit of choosing that day of the week for all important steps. It is a day reserved for devotion to St. Joseph, the Premier's personal patron saint. The last provincial election—July 28, 1948—in which his government won an overwhelming victory also was announced on a Wednesday and called for a Wednesday. The government is campaigning for re-election on the ground. (Continued on Page 5 Col. 5)

West Proposes Ceiling On Armies

UNITED NATIONS, N.Y., May 28—(AP)—The Western Big Three powers proposed today that the United States, Russia and China reduce their armed forces to a maximum of 1,500,000 men each and France and Britain theirs to a top of 800,000 each. Agreed upon after weeks of consultations, this openly was billed as a Western move to counter Russian demands for a flat across-the-board cut of one-third in the armed forces of those five powers. U.S. delegate Benjamin V. Cohen said the proposed reduction would mean more than a 60-per cent cut for the United States and, he assumed, for Russia and China. The United States has about 3,600,000 men in its armed forces. Russia is reported to have 4,000,000. There are no authoritative figures for Red China. At present Britain and France each have approximately 1,000,000 men under arms. The Western Powers further suggested reduction in the armed forces of other countries in relation to the cut for the Big Five. Canada with a population of 14,000,000 has armed forces of approximately 95,000. Informed sources said Canada was consulted on the plan.

Denies Report Bodies Of Missing Crew Found

RIMOUSKI, Que., May 28—(CP)—Reports that the bodies of two crew members of the missing schooner B and F had been found, were denied tonight by Dr. Donald MacDonald, mayor of Baie-des-Sables. Transport Department officials here said earlier two bodies washed ashore at Baie-des-Sables, 40 miles away, had been positively identified as members of the 10-man crew of the ship, missing 15 days. Dr. MacDonald said a personal investigation of the reports showed no bodies had been found. He said that as the only doctor along the 40-mile stretch between Mont-Joli and Matane, he would be the first informed if bodies were found. Baie-des-Sables is halfway between Matane and Mont Joli. He said more than 300 cords of pulpwood had been washed ashore in the area of Baie-des-Sables, indicating the ship probably sank in the area. He said he warned river-shore dwellers to be on the lookout for possible bodies being washed ashore. Skipper Charles Noel-Bernier was last heard from when the vessel set out from Marquon on the Gaspe coast May 13 for Three Rivers. Officials of the River Pilots Bur-

British Prime Minister Terms Situation In Korea "Very Grave"

LONDON, May 28—(AP)—Prime Minister Churchill said today the Communist army in Korea has been built up to nearly 1,000,000 men during the long truce talks and "the situation is very grave." But he told the commons "the United Nations commander—an American general—on the spot believes U.N. forces are capable of holding a violent offensive should it be made against them on the breakdown of peace negotiations." Churchill spoke to the commons shortly after Defence Minister Alexander gave the House of Lords a similar sombre picture of the Communist buildup. Both men said the Communists had used the 10 months of truce talks to double their forces. No Sign Of Imminent Attack Alexander said "There is no evidence at present of an imminent enemy attack, but with their reinforcements the Communists now are in a position to launch a major offensive with little warning and could maintain the initial pressure of the attacks for some time." He added, however, that U.N. forces had "not been idle during the last 10 months," had won air superiority over the immediate bat-

Indian River Dramatic Club Complimented By Adjudicator

"Eyes of Love," a difficult and entertaining drama, was presented last night in the Provincial Drama Festival at Parkdale Hall by the Indian River Dramatic Club and the three-act play drew warm compliments from the adjudicator, Mr. Donald Wetmore. The Indian River players competed against "Shea's Wedding", a comedy by the Souris Dramatic Club for Provincial honors. The result will be announced tonight at the concluding play of the Festival. In his remarks Mr. Wetmore referred to the Indian River players as being a very talented cast. "You had a very difficult play and one of the biggest difficulties was to make the play convincing. I liked your play as I thought it was a very adult attempt and I am glad that you are attempting plays that demand more than 'comedy,' he stated. Dr. Lloyd Shaw, Director of Education presided over the evening's proceedings. He thanked the players for their splendid entertainment and also thanked those. (Continued on Page 15 Col. 2)

Reds Continue Hints of New Drive In Korea

MUNSAN, Korea, May 20—(Thursday)—(AP)—Communist truce negotiators hinted again Wednesday that rebuilt Red armies may strike in Korea because of what they called Allied mistreatment of prisoners. Gen. Nam Il, who heads the Communist delegation, characterized his statement as "a grave warning." The United Nations armistice delegation dismissed the threat as propaganda. Both sides agreed to meet again today at Panmunjom at 11 a.m. (10 p.m. EDT Wednesday). The top delegates exchanged strong words Wednesday but made no progress. Prisoner exchange remains the major issue.

Cruiser Picks Up Injured Seaman

VICTORIA, May 28—(CP)—An injured crew member of the Canadian weather ship Stonetown was transferred to the cruiser Ontario, about 400 miles off the British Columbia coast today. A brief message to navy headquarters here said the injured crew member, K. Stevens, 17, of Victoria, was in satisfactory condition aboard the Ontario and the warship has resumed her voyage to San Diego, Calif. Stevens underwent an appendectomy May 1. Monday night he fell against a fire extinguisher aboard the Stonetown, and the fall resulted in abdominal pains.

HALIFAX, May 28—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Thursday.

Synopsis: For the first time since Monday, the sun broke through the clouds over Halifax for a few moments this evening, and blue skies showed overhead. However, throughout the district, skies remained overcast, and rain and drizzle fell over the eastern regions. Improved weather with some sunshine is forecast for most regions Thursday. Regional forecasts: Prince Edward Island—Cloudy with a few sunny intervals. A little warmer. Northwest winds 20 becoming light in evening. Low and high Thursday at Charlottetown 40 and 55. High tide today at Charlottetown at 2:45 a.m. and 1:34 p.m. High tide at the North Shore at 2:37 a.m. and 10:20 p.m. Summerside tide, eighteen minutes later than Charlottetown. Sun rises today at 4:31 a.m. and sets at 7:49 p.m.
