

ANOTHER VICTORY.

Mr. R. Morrow Cured of Lumbago by
Dodd's Pills

TORONTO, Nov. 28.—The vast majority of Torontonians know and esteem Mr. R. Morrow, the able and popular agent for the Toronto Auer Light Co.

For this reason the following statement made in writing by Mr. Morrow, possesses unusual significance.

"Two years ago I was attacked by Lumbago and kidney trouble which caused me intense suffering. I took several different remedies without any benefit. Then I began using Dodd's Kidney Pills, and was completely cured by them."

Lumbago is unusually prevalent this fall. All sufferers should know that Dodd's Kidney Pills are the only known cure for it. They never fail.

Mrs. L. L. Johnstone, aged 60 years, has been indicted by the grand jury at Perry, Ont., charged with murdering two husbands. She has been a widow seven times. The bodies of her two last husbands, which have been exhumed, were found to contain arsenic.

Keep Minard's Liniment in the House

The Egyptian Government is about to send a circular to the Powers proposing that a term of the mixed tribunals, which ends on February 1st, be prolonged for a year. The mixed tribunals were instituted in 1875, to deal with civil actions between persons of different nationalities, and with crimes committed by foreigners.

Every household should have on hand a box of Dr. Chase's Ointment. The diversity of uses to which it can be put and the many doctor's bills it saves warrant its taking first place in the family medicine chest. All dealers sell and recommend it.

Application will be made next session for power to build a line of railway from Lake Winnipegosis to Edmonton.

Catarrh and Hay Fever.

If it's Hay Fever that is the bug-bear of you life you won't know the pleasure of freedom from it till you've tried Dr. Chase's Catarrh Cure.

A poll of the Democratic members of the United States Congress has been taken with the result that a majority of them favour the candidature of William J. Bryan for the presidency.

Minard's Liniment is used by Physicians

Four persons were killed in a fire at Brooklyn, on Sunday night last.

Pain in the Back.

Being troubled often and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nutshell Dr. Chase's Kidney-Liver Pills are the only pills that have proved effectual in my case. I can heartily recommend them.

Fat is absolutely necessary as an article of diet. If it is not of the right kind it may not be digested. Then the body will not get enough of it. In this event there is fat-starvation.

Scott's Emulsion supplies this needed fat, of the right kind, in the right quantity, and in the form already partly digested.

As a result all the organs and tissues take on activity.

PRECIOUS METALS.

Gold and Platinum Are Cheap Compared With Some of Them.

"The majority of people when asked to name the most precious metals usually mention gold as first, platinum as second and silver as third," said the proprietor of a large assaying and refining establishment to the writer recently. "Now, let us see how near the truth they would be. Gold is worth about \$250 per pound troy, platinum \$130, and silver about \$12.

"We will now compare these prices with those of the rarer and less well known metals. To take them in alphabetical order barium, the metal which Davy isolated from its ore, baryta, in 1808, sells for \$950 a pound when it is sold at all, and calcium is worth \$1,800 a pound. Cesium is a shade higher. Its cost is \$160 an ounce, or \$1,920 per pound. These begin to look like fabulous prices, but they do not reach the highest point, chromium being \$200, Cobalt falls to about half the price of silver, while didymium, the metal isolated by Masander, is the same price as calcium. Then comes gallium, which is worth \$3,250 an ounce. With this metal the highest price is reached, and it may well be called the rarest and most precious of metals.

"Gadolinium is worth \$250 per ounce; indium, \$150; iridium, \$658 a pound; janthanium, \$175, and lithium, \$160 per ounce. Niobium costs \$128 per ounce; osmium, palladium, platinum, potassium and rhodium bring respectively \$640, \$400, \$130, \$32 and \$512 per pound. Strontium costs \$128 an ounce; tantalum, \$144; tellurium, \$9; thorium, \$272; vanadium, \$320; yttrium, \$144, and zirconium, \$250 an ounce.

"Thus we see that the commonly received opinion as to what are the most precious metals is quite erroneous. Barium is nearly four times as valuable as gold and gallium more than 160 times as costly, while many of the other metals mentioned are twice and thrice as valuable. Aluminium, which cost \$8 and \$9 a pound in 1890, is now produced as cheaply as are iron, zinc, lead and copper.

DELAUNAY'S SAD FATE.

A Presentiment of His Death That Was Strangely Fulfilled.

Delaunay, the director of the Paris observatory, was one of the most kindly and attractive men I ever met, says

Professor Simon Newcomb in 'The Atlantic. I found it hopeless to expect that he would ever visit America, because he assured me that he did not dare to venture on the ocean. The only voyage he had ever made was across the channel to receive a gold medal of the Royal Astronomical society for his work.

Two of his relatives, his father, and, I believe, his brother, had been drowned, and this fact gave him a horror of the water. He seemed to feel somewhat as the clients of the astrologists, who, having been told how they were to die, took every precaution to prevent it. I remember, as a boy, reading a history of astrology, in which a great many cases of this sort were described, the peculiarity being that the very measures which the victim took to avoid the decree of fate became the engines that executed it.

The sad fate of Delaunay was not exactly a case of this kind, yet it could not but bring it to mind. He was at Cherbourg in the autumn of 1872. Walking on the shore with a relative, a couple of boatmen invited them to take a sail. Through what inducement Delaunay was led to forget his fears will never be known. All we know is that he ventured into the boat, that it was struck by a sudden squall when at some distance from the land, and that all the members of the party were drowned.

Crows.

There is some reason for calling an owl the bird of wisdom, and yet there is cause for wondering if the crow is not mentally his superior. Crows are not disheartened by the gloom of late autumn. If the fog is too dense to fly through it, they rise above it or trot about the ground, discussing the situation with their fellows. Is this speaking too positively? I have long been familiar with an observing man who has lived all his days within sight and hearing of crows. He claims to understand their language and can repeat the "words" that make up their vocabulary. Certainly crows seem to talk, but do they? Does a certain sound made by them have always the one significance? Year after year I have listened and watched, watched and listened, and wondered if my friend was right. He believes it. I believe it—almost. Are there limitations to ornithological interpretation? And is this an instance where truth is unattainable?—Lippincott's.

Hard on the Reporters.

"I had a strange dream the other night," said the major.

"What was it?" asked the young thing.

"I went to heaven, and as an old newspaper man was interested in their journal up there. It was a miserable thing; not a well written story in it, and I told St. Peter so."

"What did he say?"

"He said: 'It's not our fault. We never get any good reporters up here.'"

A SURE CATARRH CURE.

No matter what your experience has been with so-called catarrh "remedies," your ultimate, complete recovery can surely and positively be effected. Don't suffer any longer. Don't trifle with a distressing and dangerous disease when a sure cure is within your grasp. Thousands of sufferers whose condition was worse than yours have been cured and are now in perfect health. Their enthusiastic and unsolicited testimonies show beyond the shadow of a doubt that

Dr. Agnew's Catarrhal Powder

is the most wonderfully effective remedy ever compounded. It relieves the most severe case in from 10 to 60 minutes; it effects a full cure in a short time. The most eminent nose and throat specialists in the world have given it their unqualified endorsement. In all cases of catarrh, colds, sore throat, asthma, hay fever and influenza it acts like magic. It is easy and pleasant to use. It never fails to do precisely what is claimed for it. In less than an hour it will prove its worth if you will but give it a chance. A prominent evangelist gives testimony:

Rev. Warren Bentley writes:—"While in Newark, N. J., conducting religious services, I was troubled with catarrh and used Dr. Agnew's Catarrhal Powder. It gave me great relief and I have recommended it to many among whom I have labored." Hon. David Mills, Minister of Justice of Canada, has used this remedy and highly recommends it over his own signature. At all druggists.

Dr. Agnew's Cure for the Heart cures all cases of organic and sympathetic disease of the heart. Relieves in 30 minutes. Dr. Agnew's Liver Pills are at once a mild cathartic and an invigorator, system renovator and blood maker and purifier. 50c. for 40 doses. Dr. Agnew's Ointment relieves in a day and cures eczema, tetter and all skin diseases. Cures piles in 2 to 5 nights. 35c.
