The Halifax papers have been making some mistakes on P. E. Island affairs. Some time ago they reported a murder on Cardigan Road, which never happened. Last week they stated "that Mr. B. Davies, the Leader of the Opposition, was in Halifax, *en route* to England," whilst he was here, at least in the flesh; and this week they say the Railway Bill passed, 15 to 8. Not so fast; besides, we are blessed with more Members than the two numbers above given will make.

Every precaution should be taken against Small Pox, as, with opening of navigation, it will probably make its appearance here. A Vaccination Bill is under discussion in the House of Assembly to-day.

The Concert in St. Patrick's Hall, will take place on the 17th inst. The music will be good we are informed and the object being a worthy one, the concert should be largely attended.

The Legislature will be asked, during the present Session, to grant a charter for a New Bank to be established in Charlottetown, to be called the People's Bank.

A deserter, named John Whalen, Alias O Grady, from the 84th Regiment delivered himself up last week. He will be sent to Halifax.

The Sons of Temperance purpose holding a grand public meeting during the sitting of the Legislature, in the Athenæum, on Friday, the 30th inst.

Nothing definite is yet known of the acts of the High Commission, as they hold their meetings in secret session.

There is a Daily Mail now running from Charlottetown to Georgetown.

Rev. James Broderick will preach in Fort Augustus Church on St. Patrick's Day.

Report of the Auditors of the Wheatly River Lime Company.

DIRECTORS FOR PRESENT YEAR:

Alex. McMillan, President,
P. R. Blatch,
D. McKay, Secy and Treas.,
Laughlan McMillan,
Patrick Hughes,
Joseph Wise,
J. G. McCallum.

Wheatley River Lime Co. Office,
January 1st, 1871.

We, the undersigned, having been appointed auditors of accounts of the W. R. Lime Co for the year ending 31st December, 1870, have carefully examined the Books and Vouchers in hands of Secy. from the commencement of business, and have to report the Business of the Company in a prosperous condition, and the correctness of the Books kept by Secy., and herewith submit a synopsis of the accounts showing the gross expenditure and receipts to date, with the accumulation of Stock or Property.

The property now held by the Company, at first cost, is worth £2977 7 4½, and after deducting £959 4 2 debt due by Company, leaves a balance of Stock at prime Cost of £2018 3 2½ clear of debt, held by Company, but which is really value for ½ more, or £3000, deducting from the above balance of £2018 3 2½ the amount of paid up shares, being £1454 3 3 shews a balance of £563 10 11½ net profit—not to speak of the increasing value of property. Some money has been also paid in advance to Stone Quarriers at Port Daniel, C. E., not here accounted for but if added to the above, would give a per-centage of £40 on the paid up capital.

John Hughes, } Auditors.
Elias Roberts, }

W. W. Anderson, Esqr., late Head Master of the Newmarket Grammar School, and one of the ablest and most successful teachers in the Province of Ontario, arrived in this city on Tuesday last. Mr Anderson has been appointed Principal of the Wesleyan Academy in this City and will enter upon the responsible duties of his office on Monday, the 13th inst.,—immediately after which he will open a class in the higher branches of a liberal education. There are forty music pupils in attendance at the Institution. One hundred and thirty regular pupils have already been enrolled, and it is confidently expected that the Academy will be filled to its utmost capacity in the course of the present term. Two other Teachers are expected on the opening of navigation. We wish Principal Anderson, and his able staff of co-laborers, a happy and prosperous career.—*Isl*

C. Y. M. Literary Institute.

The discussion in connection with the lecture of last Tuesday will be resumed on the evening of Tuesday, the 14th inst., (instead of the usual lecture) at the request of several gentlemen of the Institute.

N. B.—As the season is rapidly drawing to a close, a full attendance is requested.

Jas. H. Reddin, Sec'y.

Holloways Pills.—Good Spirits.—Every one has frequently experienced sudden personal changes from gaiety to gloom. The wind and weather oftentimes receive the blame when a faulty digestion is alone the cause of the depression. Holloway's Pills can be honestly recommended for regulating a disordered stomach and improving digestion. They entirely remove the sense of fulness and oppression after eating. They clear the furred tongue and act as a wholesome stimulant to the liver, and as a gentle aperient to the bowels. They healthfully rouse both body and mind. Holloway's Pills are the best known antidotes for want of appetite, nausea, flatulency, heartburn, languor, depression, and that apathy so characteristic of chronic derangement of the digestion.

Sackville, March 7.

New York, March 6.—It is said that intrigues are in progress for the restoration of the Bonaparte dynasty in France.

Anglo-American Commission commenced its labors at Washington to day.

The United States frigate "Worcester" sailed from Boston yesterday, laden with provisions for France.

London, March 5.—In the House of Commons on Friday night, Sir Robert Peel stigmatized Lord Lyons' course as ungenerous and cowardly in deserting the British population in Paris during the siege, when he was entreated by the French Government to remain.

Paris, March 5.—Citizens generally confess that the Germans during their stay in Paris behaved well. All restrictions as to persons passing into and out of Paris have been removed. The Emperor goes to Berlin on Monday. The Paris press protests against the continuous occupation of the suburbs of Paris. Great preparations are being made in Berlin for the reception of the Emperor William.

New York, March 6.—Congress has voted to adjourn on Wednesday till December next. Repeal duly on coal failed to pass the Senate.

Sackville, March 9.

New York, 8th.—The London "Post" remarks on Joint Commission that there is an evident disposition to treat all topics with fairness. Discussion will first take place upon the question of the Fisheries, and afterwards upon the subject of Alabama claims.

London, 7th.—In Commons to night Gladstone replying to question asked by Disraeli last night, denied that Government had any knowledge of secret treaty between Russia and Prussia, and also intimated that conference on Euxine question would not adjourn for some time. Mr. Goschen's acceptance of office of first Lord of Admiralty was announced. One thousand workmen have struck at Newcastle because masters refuse to pay them weekly instead of fortnightly.

London, 8th.—Consols 93¾. *Times* expresses misgivings as to result of the labors of the High Commission, unless American Commissioners and Government show a fairer appreciation of the question than the American Senate. *Times* says, England repudiates assumption of responsibility for depredations of Alabama until it is decided by an impartial arbitration. And if cession of territory is mooted, the English Commission will take care that it is not mentioned twice. England will only abandon her Colonies upon expressed wish of the colonists, or through war. Germans yesterday evacuated all the forts upon the left bank of the Seine. The Emperor William has left Versailles for Verrierres.

Sackville, March 11, 1871.

Paris despatch of yesterday says, Mayors of all the Arrondisements and National Guard will surrender the cannon in their possession without coercion.

Government maintains conciliatory attitude towards disturbers.

Terrible tornado at St. Louis yesterday, eight persons killed, thirty wounded, destroyed property, amount one million dollars, train of cars, including a 30 ton locomotive was hurled forty feet from the track.

London, 10.—In House of Lords this evening Earl Granville made statement, in which he denied Government had any knowledge of a secret treaty being concluded between the Czar and Prussia before war.

Lord Elcho condemned Government plan for reconstructing the army, as a crude development of the old system, and defended the purchase of Commissions.

French "Journal Officiel" declares in favor of the Republic, and urges the people not to disturb order, for the sole hope of France is tranquillity.

Paris remains comparatively quiet.

JOHN P. MOTT'S CHOCOLATE, BROMA AND OTHER COCOA PREPARATIONS, APPROVED OF AND RECOMMENDED FOR MORE THAN A QUARTER OF A CENTURY BY THE MOST EMINENT PHYSICIANS OF BRITISH NORTH AMERICA.—To those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles manufactured by himself. His Broma, owing to the peculiar process of manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids, and those whose digestion is impaired, a delicate and salutary beverage. That its value as an easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

John P. Mott.

Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated; and that, from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.
