THE ENGINEERS will meet for drill to-night at 8 o'clock. Full attendance requested. Inspection on the 21st.

H. V. C.—There will be a meeting of the H. V. C. in their rooms this evening at 7.30. All members requested to attend.

DIPHTHERIA.—It is said that diphtheria is epidemic at Lower Island Cove, Newfoundland. Four children of Rev. W. R. Tratt, Methodist clergyman, are among the latest victims of the disease.

POLICE COURT.—This forenoon Simon Bolger admitted to a first infraction of the Canada Temperance Act and was fined in the sum of $50 and $5 85 costs. Terrence McAttee was also fined $50 and $4.75 costs for a similar offence. The summons against Mary Caroll, King Street, was dismissed.

WHERE TEACHERS ARE SCARCE.—The Amherst Press says: The demand for school teachers in this country exceeds the supply by fully 25 per cent., and to fill out the supply to meet the demand will necessitate licensing a number of persons as teachers who have not yet passed their qualifying examinations.

A FINE BARN.—According to one of our exchanges, Mr. Moses Hatfield, of Port Greville, Cumberland county, Nova Scotia, has completed the erection of a barn 100 feet long, 73 feet wide and 43 feet high, with stalls for 75 head of cattle and 20 horses. The treshing floor is 100 by 20 feet. There is a large manure cellar beneath.

THE OLIVETTE BEING OVERHAULED.—The steamer Olivette goes in dry dock at once to be painted and thoroughly overhauled, and, also, it is stated, to get a couple of new plates. She will lay up in Halifax about three weeks, and it is understood will then proceed south to be employed there as in former years.—Halifax Herald.

LOTS OF POTATOES.—A Houlton, Me., man told the St. John Sun a day or two ago that potatoes are selling at the starch factories for 50 and 75 cents a barrel. He says the crop in the State has not been as large for years, but that the farmers will not make enough to pay for the trouble in raising them. There is not much rot.

JERUSALEM UNION.—An informal meeting of the Charlottetown Branch of the Jerusalem Union Mission will be held in the parlor of the First Methodist church, to-morrow (Thursday) at 3 30 p. m. Miss Ben-Oliel will be present to address the meeting and instruct in the work of the society. A full attendance of the members and all others interested is requested.

CLAN MACNEILL TO THE FRONT.—The Antigonish Casket says: The MacNeill's of Xmas Island, C. B., clansmen and distant relatives of the Bishopelect, (Dr. MacNeill) are presenting him with a crosier and a mitre. So far as there is any record on the matter, he will be the first of the Clan MacNeill to receive Episcopal Consecration, as he was the first of the clan to be raised to the priesthood, at least since the Reformation.

SHE WAS FROM GEORGETOWN.—The Halifax Herald says: The new schooner Valeria, which was launched at Liscomb in June last, went ashore last Friday night at Isaac's Harbor. Orders were telegraphed to take off the sails, etc., and sell the hull. No further information has been received, but it is thought the vessel must have gone to pieces in last night's storm. The Valeria was bound from Georgetown, P. E. I., to Halifax or Boston with produce. Vessel and cargo were insured in Halifax.

BOSTON EGG MARKET.—The New England Grocer of the 11th says: Continued short receipts of fresh stock, coupled with a demand from country buyers who at most seasons receive a supply from local farmers has advanced the market at least two cents per doz., with prospects of higher prices for such stock. Held stock is moving in a larger way at perhaps a little firmer feeling. Nearby, per doz., 30 to 32c; grocers' fancy, 24 to 25c; grocers' selected, 22 to 23c; straight lots, 19 to 20c; held, 17 to 18c.

NEW BOOK STORE.—The attention of the purchasing public is directed to the advertisement of McMillan & Hornsby, which appears elsewhere in to-day's issue. They have opened a new book and stationery establishment on Queen Street, in the store lately occupied by Mr. L. W. Watson, and have placed in it a stock of goods which they will dispose of at reasonable prices. Both members of the firm are well and favorably known, and may be relied upon to give good value for any money left with them.

A SAD CASE.—Four or five weeks ago a woman living on Richmond street was put to jail for violating the Canada Temperance Act. Her husband and five children were left in the house. A few days ago, so it is reported, the husband abandoned the children, leaving them without coal or food, and dependent upon the charity of the neighbors. Some persons have appealed to the magistrate, asking that the woman be released so that she might look after the little ones. But that gentleman, as is well known, has no discretion in the matter. The Minister of Justice will probably be appealed to.

A COLLISION NEAR SOURIS

The Fastnet and the Christy Campbell

COME IN CONTACT WITH EACH OTHER.

The Schooner Gets the Worst of it—Steamer's Captain Injured.

Telephonic advices from Souris are to the effect that the steamer Fastnet, of Halifax, and the schooner Christy Campbell, of Gloucester, Mass., came into collision some two miles south-east of Souris about two o'clock this morning. As a result of the collision, the Christy Campbell had her bowsprit and headgear carried away and sustained other damage, and the Fastnet lost her bridge and chart house.

The Captain of the Fastnet was injured but not seriously.

Both the schooner and steamer were in Souris at the time of telephoning.

The Fastnet is expected at Charlottetown to-night.

A BRIGHT MARRIAGE MORN.

The marriage of Florence Ada Nash, daughter of Samuel C. Nash, Esq., Collector of Inland Revenue, and Mr. John William Fulton, of Upper Stewiacke, N. S., took place at the residence of the bride's parents, Prince Street, at 6.30 o'clock this bright October morning.

The ceremony was performed by the Rev. David Sutherland, pastor of Zion Church, in the presence of the immediate relatives of the bride.

Miss Jean Nash, the bride's sister, was bridesmaid, while Mr. Frederick A. Miller was groomsman.

At the conclusion of the marriage service a dainty wedding breakfast was served, after which the principals and bridal party drove to the steamer St. Lawrence and received a good "send off" from quite a number of friends assembled on the wharf.

Mr. and Mrs. Fulton will spend a brief honeymoon in parts of Nova Scotia before settling in their new home.

The bride received many beautiful presents. THE EXAMINER heartily joins with the happy couple's numerous friends in extending congratulations, and in wishing that the sunshine of true happiness may brighten their future lives.

CONCERT. We understand that the ladies of St. Paul's Church intend giving a concert in St. Paul's Schoolroom on Tuesday, the 29th October. See programme next week. 36

EVENING CLASSES.—The evening classes in connection with the P. E. I. Commercial College are now open. All branches taught. No better opportunity of acquiring a commercial education. Young men, do not waste your evenings and be sorry for it bye and bye. Beautiful rooms, incandescent lights; over the Bank of Nova Scotia.—S. F. HODGSON. o10 tf

"33⅓ per cent. discount,"

"No one can buy as cheap as we do,"

FROM ALL POINTS OF THE COMPASS.

Another Russo-French Convention.

PARIS, October 14.—Canlois asserts that another convention has been signed between Russia and France pledging Russia to forcibly intervene against other powers than these composing the Dreibund in the event of their attacking France.

Hayti Wants to Borrow $10,000,000.

KINGSTON, Ja., October 14.—Advices from Port au Prince says that the Haytien chambers have dissolved, and elections for a new parliament will take place January 10. Before dissolving the chambers sanctioned the raising of a loan of $10,000,000, in Paris.

This May or May Not Be True.

BERLIN, Oct. 14.—A correspondent of the Cologne Gazette at Constantinople telegraphs that information has been received there that two British warships have bombarded and destroyed the town of Zabara, Arabia, on the peninsula of Katara, in the Persian Gulf. The cause of bombardment is not known.

To Put Up the Price of Wheat.

DULUTH, Minn., Oct. 14.—It is reported throughout the Northwest that wheat growers have formed an organization for the purpose of advancing the price of wheat to a figure where it will pay them to take grain to the market. The farmers intend to hold their wheat, as the capitalists of the country are manipulating the price in order to make fortunes for themselves. It is claimed the price to farmers will advance 25 to 50 per cent. inside of two months.

The Socialists Have Pockets Too.

BERLIN, October 14.—At a meeting of anarchists to-day the proceedings of the recent socialist congress at Brealeu were discussed. Her Wiese declared the socialists had lifted the mask and betrayed their theory and practice at variance. Where the party's pocket began all other considerations ceased. Another speaker stated that the membership of the socialists training schools declined from 5,000 to 200. The schools would therefore be abandoned.

To Be Court-Martialled for Cowardice.

MADRID, Oct. 14.—The crew of the despatch boat Vele Mericante, which Cuban insurgents recently captured, were conveyed on a gunboat to Santiago de Cuba, where they will be court-martialled. They profess that resistance was impossible. The despatch boat is a sailing vessel, and she became becalmed close to the coast when her anchor was dropped to keep her from going ashore. While lying in this position she was surprised by overwhelming numbers.

Very Respectable Cuban Insurgents.

MADRID, October 14.—A despatch from Havana to Imparcials says that a band of insurgents recently captured Vele Hercante a small Spanish despatch boat moored near Santiago de Cuba. The vessel carried one cannon, which with small arms and ammunition on board was seized by the rebels. The vessel was commanded by a lieutenant, and had a crew of twelve men none of whom were made prisoners. The rebels left after securing what they wanted making no attempt to hold the vessel.

Difficult Armenian Reforms.

LONDON, Oct. 14.—The Daily News publishes a despatch from Constantinople saying the negotiations relative to the reforms in Armenia demanded by Great Britain, France and Germany are in a less satisfactory position than they were a few days ago. Much hostility is expressed to the idea of reforms benefiting the Armenians alone, to the exclusion of Moslems. The despatch adds that a rumor is current to the effect that an Armenian was murdered while leaving the Koum Kapou church. The report has caused much agitation in the district.

Turkish Version of the Armenian Riots.

CONSTANTINOPLE, Oct. 14.—The government has issued an account of the recent riotings at Trebizond. It says the origin of the trouble is the result of two Armenians having fired at and wounded an ex-commandant of Turkish troops. Two days later an Armenian wounded a soldier on the street and disorders began, but were suppressed. Four days afterwards a number of Armenians attacked a group of Mussulmans and fired on the police who intervened to prevent murder. Then followed rioting, during which forty Mussulmans and 200 Armenians were killed.

More Armenian Atrocities Reported.

BERLIN, Oct. 14.—The social disorder prevalent on the Russian frontier of Armenia is indicated by advices received at St. Petersburg. According to these reports, the Kurdish chief Nabi is levying tribute by force in the Russian district of Erivan, where he is seizing cattle, murdering men, Christian and Moslem alike, and carrying off women and children. His latest reported exploit was to burn a hamlet of eighteen houses, kill thirty-two men and about fifteen women and forty children. A force of gendarmes was sent in pusuit. When they overtook him they were defeated and were obliged to flee.

Arrested for the Queen's Murder.

PARIS, October 14.—The Paris edition of the New York Herald has a despatch from Seoul, capital of Corea, confirming the report that the Queen was murdered while the Japanese troops were at the palace gates. There is nothing to show, the despatch adds, that the Japanese minister was aware of the riot. The King is now a prisoner, and his father, Tai-Won-Tun, leader of the reactionary element, has been proclaimed dictator. The new cabinet will be made up of pro-Japanese elements. The queen's officials have fled. A Japanese named Soshi has been arrested for the murder of the queen.

An Italian Royal Marriage.

LONDON, Oct. 13.—A despatch from Rome says that Signor Lombardi, director royal of the royal establishment, denies the report that the Prince of Naples, Italian Crown Prince, is bethrothed to the Princess of Montenegro. He admitted that negotiations, open in 1894, for the marriage of the Prince to the daughter of the Prince of Wales; were suspended by mutual agreement. It is stated these negotiations are now resumed. A probable marriage will take place in the spring. The law requires that Italian princes shall be Catholics. Their wives may be of any religion.

Prairie Fires in Manitoba.

WINNIPEG, Man., Oct. 14.—Reports continue to be received of the disastrous prairie fires which swept several Manitoba districts on Saturday and Sunday, and show the damage to be very great. Thousands of tons of hay were burned, many buildings destroyed, while numbers who had neglected to take proper precautions lost their entire crop. This fall has been unusually dry, and the fires, once started, travelled with a rapidity almost incredible. At one point the flames travelled at the rate of 30 miles an hour, and swept everything in their path. The fires, it is admitted, were caused by carelessness on the part of farmers and men running threshing engines.

Who Is this Crank?

ST. JOHN, Oct. 14.—Tom Fraigley was the name of a cadaverous individual who went to the police station this afternoon and told a queer tale. Tom said he had been visiting P. E. I., but had been by a copy of the New York World that he was the only heir to a fortune of $7,000 which had been left by a relative in Ireland. He wanted to get to New York, but had no money and wanted some assistance to get as far as Calais. Tom's explanations about his expected fortune were somewhat mystifying. He said that one of the conditions of the will said that he must not be a Roman Catholic. There was nothing, however, he said with a wink, to prevent him being a Protestant for a few weeks.

The Smuggling Industry In Newfoundland

ST. JOHN'S, Nfld., Oct. 14.—Astonishing revelations were made in the smuggling scandal to-day. Four of the prisoners brought from Placentia Bay turned Queen's evidence, and revealed all the secrets of the syndicate, which practically controlled smuggling into this port of liquor and tobacco during the past four years. The scandal is certain to be among the greatest ever exposed here, and will implicate many prominent officials and nearly every saloon keeper in the city. The ramifications of the gang are most extensive, and the work was pursued with surprising audacity. The opposition press maintains that the financial condition of the colony is alarming, and adduces statistical and other proofs to show that the government's assertions to the contrary are unreliable, and another severe storm is raging here to-day.

Mr. and Mrs. James Scott and family returned from St. John's, Nfld, last evening. It is their intention to remain in this Province for the winter, and perhaps longer. Mr. Scott says the indications are that the coming winter will be a severe one in the ancient colony. He has seen no place since leaving here that he prefers to the "Garden of the Gulf."

The Shadaza likes Paris very much but in the midst of the gaities of that frivolous city he does not neglect his devotional exercises night and morning. For these it is necessary for him, as it was in London, to face Mecca, and in order to find out just where Mecca, when in Paris, happens to be at the time, he consults a pocket compass, which he always carries with him.
