

Expect Blast To Tell Story of Earth's Crust

VICTORIA (CP) — New knowledge about the earth's crust will be gained early next spring if the plan of a scientific team work...

to measure the variations of depth in the earth's crust. The measurements will test the accuracy of the "roots" beneath the mountains. As like iceberg, two-thirds of the bulk hidden as "roots" beneath the earth's surface. The earth is known to be composed of a crust, about 20 miles deep, then a mantle, then a core.

St. Pius X. C. W. L. Met
