THE DAILY EXAMINER.

APRIL 12, 1892.

The Mortgage Vote.

THE intelligence and justice of this Province are, unanimously, opposed to the attempt of Mr. Peters to recusitate "the mortgage vote." That vote was abolished two years ago, Liberals uniting with Conservatives to do so. In the Legislative Council, upon the occasion,—

HON. MR. DODD said: He did not believe in allowing non-residents who had mortgages to nullify the votes of the people who lived in the districts.

HON. MR. MCKENZIE said that he could not see what right a mortgagee had while the mortgagor paid his interest.

HON. MR. KICKHAM said that a mortgagee paid no taxes, and when he received his interest he had no right to cancel the vote of the occupier. . . . . He believed in one vote for one man, and this (abolition of the mortgage vote) was a step in the right direction. He would support a measure to prohibit special votes altogether.

HON. MR. MACNUTT voted in favor of the late government's proposition to strike off the mortgage vote.

Will these honorable gentlemen now unite with the Premier to restore the mortgage vote? We shall see!

The Land Office.

EVERYONE knows that the Hon. Donald Ferguson was defeated on the strength of a cry that his management of the Land Office was bad. Under the rose, it was stated that he had connived at the embezzlement of the Land Office money; openly, it was declared that he had neglected his duty as Commissioner. In view of these actions of the present Government, everyone must be convinced that there was nothing in this cry. The final report of Messrs. Carvell and Arnaud has been, officially, suppressed. It has not been submitted to the Legislature. It has not been published in the Journals—though it was printed and made ready for insertion therein by the late Government. A fact proving beyond a doubt that the late Assistant Commissioner's embezzlements were so ingeniously effected that the most careful supervision of the books would have been alike ineffectual to prevent them and to lead to his discovery, —*the* fact that, within the past year, subsequent to the elaborate audit of Messrs. Carvell and Arnaud, men came forward and produced receipts showing that the late assistant commissioner had been guilty of still undiscovered embezzlements, has been withheld from the public until this moment. Withheld, too, are all the returns demanded by the present Opposition in the House of Assembly. The Government know that their management of the Land Office will not bear comparison with that of the late Government as fully exposed in Messrs. Carvell's and Arnaud's reports. This is apparent from the fact that Mr. H. C. Macdonald was put up to ask for a return covering the period embraced by these reports, to the end that there might be an excuse that the officials "had not time" to prepare the return desired by the Opposition. The Government have done their best to burk enquiry into their own actions in respect to the Land Office, as well as to suppress Mr. Ferguson's vindication. Their conduct in this regard is disgraceful.

The Anti-Tobacco Bill.

MR. MOWAT'S bill prohibiting the sale of tobacco to minors in Ontario has become law, and Mr. Montgomery's bill prohibiting the sale of tobacco to minors in Prince Edward Island has been submitted to the Legislature. The necessity for bills such as these is at once a proof and an admission that home teaching and home discipline are not what they ought to be? Have Canadian fathers and mothers ceased to instruct their children to avoid the evil and cleave to the good? Or have they lost control over the boys? In either case, there is lamentable laxity.

That a law to prohibit the sale of cigars, cigarettes, and tobacco in other forms, to minors is needed in this Province appears by the petition of a large number of ladies and gentlemen, all of whom state, over their own signatures, that "they know from experience" the evil effects of tobacco and its deleterious influence over the health of our youths. It is presumed that on the strength of such unexceptional testimony the bill will pass. There is just one point to be considered. A large proportion of parents having admittedly ceased to control their minors, in respect to the use of tobacco, it becomes the duty of the Legislature to consider whether or not the use of tobacco by minors is such a public evil as to justify interference with individual liberty in respect to it. That the nicotine or narcotic principle in tobacco affects the action of the heart, and is hurtful, particularly to the young, was stated in the eloquent sermon preached in St. Paul's Church on Sunday last and is a fact vouched for by physicians of high standing. Is the injury resulting from its reception by the young a distinct injury to the State—to the Province? That is the test question for our legislators to consider in respect to Mr. Montgomery's bill. We are all more or less guilty—although we may not think so—of acts and practices which are injurious to ourselves; but it would be an intolerable tyranny for the power of the law to prevent us from buying all those little injurious things which minister to our folly in respect to our own persons. The evil must be a public evil affecting the Province before it can, properly, be put down by the power of the Legislature. But, on the other hand, private follies and vices which conflict with the public good may be suppressed by the State.

City Council.

THE regular monthly meeting of the City Council was held last evening. His Worship Mayor Haviland, His Honor Recorder Fitzgerald and Couns. Crabbe, Hogan, McKay, Beer, Hughes, Hooper, Robertson and Taylor were in attendance.

The minutes of last meeting were read and approved and a number of bills were ordered to be paid.

Councillor Crabbe from the committee having in charge Daniel Weatherbie's claim for damages sustained by reason of a defective sidewalk, reported that they had settled with Weatherbie for $50. A bill for that amount was passed.

Councillor Crabbe submitted the estimates of the Fire Department for the year. The total amount is $2447 50, and includes a grant of $500 for the approaching tournament.

Councillor Crabbe reported on the application from the members of the police force for an increase of pay, recommending that the policemen be paid $400 a year and the sergeants $450. Report adopted.

Councillor Crabbe, at the request of the Clerk of the City Court, withdrew that gentleman's application for an increase of salary.

Councillor Hooper submitted the report of the Public Property Committee in the matter of the application of Edward Flynn for the renting of the old engine house on King Street, recommending that he be given the place at a yearly rental of $100, the city to make some necessary repairs. The report was adopted.

Councillor Hooper also submitted the report of the committee appointed to confer with the trustees of the Connolly estate in reference to the extending of Dorchester Street through their property to Haviland Street. The report showed that the trustees were willing to give the city the necessary land, providing the city gave them in exchange the old engine house property on Sidney Street. The report was adopted.

Councillor Hooper also reported on the tenders for making certain repairs to the Market House and the supplying of plank to the city. The report recommended that the tender of Walter Lowe for repairing that part of the market building occupied by Blake Bros., and tearing down and rebuilding the flues be accepted, it being the lowest; and that the tender of Michael Egan be accepted for the plank. Report adopted.

Councillor Crabbe the following moved resolution:

Resolved, That His Worship the Mayor is hereby authorized to draw a cheque in favor of the W. C. T. U. for the amount expended by them as per letter of Mrs. Johnson to this Council, under date of Oct. 15, 1890, said amount to be paid out of funds collected under the operation of the Canada Temperance Act.

Councillor Beer seconded the motion.

After some discussion and the reading of all correspondence, etc., in connection with the claim, the resolution was put and carried on the following division and the casting vote of the Mayor:

Ayes—Crabbe, Beer, Hughes, Hooper.
Nays—Hogan, McKay, Robertson, Taylor.

Councillor Crabbe submitted an application from the Provincial Rifle Association asking for a grant towards their prize list. The sum of $100 was voted.

Councillor Crabbe introduced a by-law providing for the licensing, regulating and in some cases prohibiting of billiard, pool and bagatelle tables, and bowling alleys in the city, which was read a first and second time and made the order of the day for a second reading to-morrow (Tuesday). The bill provides that from and after the first day of June next, the proprietor of every billiard room or bowling alley shall pay a license fee of $25 for each pool, bagatelle or billiard table on his premises and a similar amount for each bowling alley. The license must be taken out each year. Applications for license must be submitted to an open meeting of council, where also all petitions against the granting of licenses will be considered. Any ten or more electors of the ward in which the billiard room or bowling alley for which license is sought is located have the privilege of objecting by petition which must be filed with the city clerk. No liquor is to be sold on the premises where the billiard room or bowling alley is situated, and the proprietor must be a man of good repute. The place must not be located near a church or schoolhouse, and must not be frequented by boys under 16 years of age.

Councillor Hogan referred to the necessity there was for a slip at Queen's wharf, and the public property committee was instructed to have one made.

Mayor Haviland submitted a memorial from the Water Commissioners requesting the Council to join them in a petition to the Legislature asking that the Waterworks Act of 1887 be amended so as to make provision for the election of Water Commissioners in the manner contemplated by said act; also that with a view to the construction of a second main pipe from the pumping station to the city (or for other purposes consistent with the said act) the limited cost of construction of the said works be extended from $200,000 to $220,000. A draft of the bill which the Commissioners proposed to have submitted to the Legislature was attached to the petition.

Councillor McKay moved that the petition be not considered. Carried.

The petition of certain residents of Ward Five West, in reference to the extending of Douglass Street through to Lower Spring Park Road, was referred to the Street Committee.

The letter of John Williams, florist, complaining of unfair competition in the matter of selling flowers from Queen Square Gardens in the market, and asking the Board to take some action in the matter, was referred to the Finance Committee.

A petition from certain residents of Richmond Street and vicinity asking that the west end of said street be so extended as to provide for a driveway connecting with the southern end of West Street, was referred to the Street Committee, as was also the petition of certain residents of Rochford Street asking for a sewer.

Council adjourned until ten o'clock this morning.

The Council met this forenoon according to adjournment. Councillors McKay and Taylor were the only absentees.

The bill in reference to the licensing and regulating of billiard, pool and bagatelle tables and bowling alleys was referred back to the committee for amendment. The date when it shall become law was fixed at the 1st of July instead of the 1st of June, and the license fee for bowling alleys was changed from $25 to $50. The bill was then read a third time, passed, ordered to be engrossed and published.

Councillor Crabbe moved that the by-law be published for two weeks in the Guardian and Patriot. Councillor Beer seconded the motion.

Councillor Hogan moved in amendment that the by-law be published in THE EXAMINER and Patriot for two weeks. Councillor Robertson seconded the motion.

The amendment on being put was lost on the casting vote of the Mayor and the following division:—

Ayes—Hogan, Robertson, Hughes.
Nays—Crabbe, Beer, Hooper.

The main resolution was then put and carried.

Councillor Crabbe gave notice that at the next meeting he would introduce the assessment by-laws, and a by-law for allowing a rate of discount on amounts paid within a certain date.

Mayor Haviland submitted the letter of John Drake in reference to the action he proposes taking against the city (already referred to by THE EXAMINER) which was laid on the table.

Councillor Crabbe reported that the committee appointed to investigate the Harris claim for damages to a horse, did not think he was entitled to damages.

Council adjourned sine die.

LETTERS TO THE EDITOR.

The Medical Act.

SIR,—Over a year ago the medical men of P. E. I. had a bill passed that gave them almost unlimited power—so much so, in fact, that it took me six months to get registered and cost me $125, although ostensibly the fee was only $5. Not satisfied with this power to ruin a man, they again come before the people's representatives with an amended act asking for more power. In this case it is not specific, but the powers asked for are so broad that almost any absurdity might entitle an offensive confrere to be punished by the Council. It reads thus: "Where any medical practitioner, &c., &c., has been guilty of any infamous or disgraceful conduct in a *professional respect*, such practitioner shall be liable to have his name erased from the register, and if such a practitioner applies for registration the Council shall have power to refuse such registration." Now, anyone can see the object of such a clause. It leaves the Medical Council sole judges of another man's conduct. The aggrieved party must submit (for the present) however unjust, and appeal to the Supreme Court, (you know how often it meets) in the meantime he may be starved out fighting his case or ruined by lawyers' fees to finally hear that the Supreme Court folow the precedent of the English courts and decides that the Council (Medical) are the best judges of what is professional or not. This is not exaggerated in any respect, as the legal luminaries of our local legislature can substantiate from their law books of cases on record. What was the case of Sir Morell McKenzie? a man whom our Queen delighted to honor by knighthood. His medical council decided that he acted unprofessionally and struck his name from their roll, just on such a clause as this. But look at the other side. A medical practitioner may lie drunk in the gutter for months, as some here have done, may seduce his neighbor's wife, or even elope with her, but that is not unprofessional. Why? Because it does not take fees from the enlightened Medical Council et al. But let the same man break any of the unwritten code of medical ethics and behold he is guilty of "infamous conduct in a professional respect." I feel strongly on this point, for I have been the victim of this very clause. In Halifax, I applied for registration and was refused, because I ran my profession on a business basis. I appealed to the law courts, and after six months I was registered at a cost of $110. At the next meeting of the medical council I was struck off again on the above grounds, and I appealed again. In various ways, only known to the legal profession, my case has been hanging fire since last August; cost to date, $60; result feared English precedent. In New Brunswick it is the same story, and here the petifogging council are aping their neighbors and endeavoring to get a similar clause in their act. What, I should like to know, would our dry goods merchants or hardware men say if a clique got a bill passed to compel them to carry on their business in such-and-such a manner, and asked the Legislature to give power to refuse license to competitors—to those whom a council thought unbusiness-like? The whole thing is a farce, a travesty on common sense. Given: a man who has passed his examinations and received a degree from a university with a royal charter, by what right has a local House to pass a law to compel this graduate, to submit to the badgering of a two penny ha'penny local medical council of a province. Do not mistake me, Mr. Editor. I think a medical act a wise precaution. The public *should* be protected against the charletan and unqualified. Life is too sacred to be entrusted to the ignorant. But I maintain that a man having a degree from a recognized university and being qualified by experience, travel and education and gentlemanly conduct to practice his profession, should not be subjected to the caprice of a local board to say yea or nay whether he is fit to practice his profession, or how he is to do it, always provided he does not infringe the general law of the land. The whole clause will lead to expensive litigation and serve no good purpose. If a man is qualified by his university degree to practice medicine and surgery, he should be allowed to do so without molestation or hindrance. If I have written strongly or bitterly in the foregoing I cannot help it, for I have suffered deeply, not only on the plea of legal grounds, but through the mean undercurrent of slander that I have had to endure. I can now see the wisdom of an Upper House and appeal to them to strike out the obnoxious clause and thus emasculate an iniquitous bill—or better still, throw it out, their present powers being quite sufficient for public protection and persecution.

GEO. A. BAYNES, M. D., etc., etc.

To-morrow.—Jas. Paton & Co's. grand show.

Easter Market.

THE attendance at the market to-day was fair, with business brisk for a while. Eggs were in extra large supply at 11 to 12 cents per dozen. Butter, fresh and in firkin, was scarce, and brought from 26 to 28 cents per pound. Hay was scarce at 60 cents per 100 pounds. Lettuce was in to-day for the first time in any quantity, and sold at 10 cents per bunch.

The display of fat cattle on the square was excellent. Blake Bros., as usual, had the leading display—and grand it was, especially one heifer and steer, pure-bred Shorthorns, 4 years old, fed by the owners, which weighed 4,225 lbs. These are the heaviest, fattest and handsomest cattle ever fed or bred on the Island. Also a pure-bred Shorthorn heifer, three years old, remarkably handsome and fat, weighing 1,552 lbs., and a Hereford heifer, weighing 1,528 lbs., which was imported by Charles Palmer, Esq., from Ontario. For quality and beauty these cattle could not be surpassed in any city in Canada. The display of Saunders & Campbell, Geo. Thorne, John Drake and others of the city and country butchers was highly creditable. The Stock Farm also had two fat cattle—a cow and bull—weighed at the city scales, the combined weight being 3025 lbs. The cow was sold to Henry Balls, city, for $71. Below we give a list of the cattle weighed at the city scales by the different butchers, for which we are indebted to Mr. Seller:—

Owned and fed by Blake Bros—Heifer and steer, 4,225 lbs, ages, 4 yrs; heifer, 2,125 lbs; steer, 2,100 lbs; heifer, 1,562 lbs, 3 yrs; heifer, 1,528 lbs; do, 1,395 lbs.

Owned by Saunders & Campbell—Cow, 1,282 lbs, fed by J McCallum; cow, 1,030 lbs, fed by A McLean; ox, 1,160 lbs, fed by F Darke; cow, 1,140 lbs, fed by E McMillan; cow, 1,486 lbs, fed by A Mutch; ox, 1,285 lbs, fed by G Lowther; cow, 1,295 lbs, fed by John West.

Owned by G Thorne—Ox, 955, fed by G White; heifer, 777, fed by J Smith.

Owned by John Drake—Cow, 1585, fed by C Mutch; cow, 1370, fed by A Irving.

Owned by W Seller—Ox, 1210; cow, 1170; heifer, 1130, fed by D McKinley; heifer, 1235, fed by R Jones; heifer, 1060, fed by S Hyde.

Owned by Henry Balls—Cow, 1485, ox, 1306, fed by R Longworth; cow, 1440, fed by A. Miller; cow, 1245, fed by D McKenzie.

Owned by John McNeill—Heifer, 1230, ox, 1193, fed by John Dewar.

Owned and fed by Stock Farm—Cow, 1450, bull, 1575.

Owned and fed by B. Bunting—Cow, 1277.

Personal.

Queen Victoria's health is improving rapidly at Hyeres.

Councillor McKay left this morning on a six weeks trip to the Northwest.

Mr. Chas. Sterns, of Souris, returned home Saturday evening. He has been on a business trip to Halifax.

Mr. Geo. E. McFarlane leaves Souris tomorrow morning for Halifax to attend to the shipping interests of Matthew, McLean & Co.

Mr. Martin McLean, son of Wm. McLean, Esq., cashier of the Merchant's Bank of P. E. Island, left this morning to take a position in the National Bank of Davenport, Washington. Mr. McLean is a young man of excellent parts and we have no doubt will have the success which steady habits and perseverence deserve. THE EXAMINER wishes him prosperity in the far west.

AGENTS! Our "Spurgeon" book, by the celebrated Baptist Divine, Dr. Russell H. Conwell, commonly called the Spurgeon of America, contains 625 pages, also "Spurgeon's Golden Sermons and others. Splendid testimonials from the highest authorities. Rev Cameron Cobern says: "The story of this brave life ought to come like a cup of the Water of Life into every home in America. I believe Dr. Conwell to be a fit man for his task." See what agents are doing. One reports 53 orders sold in three days, another 114 in four days, and another 40 in one day. Act quick. Send 3i cents for outfit and big terms to EARLE PUBLISHING HOUSE, St. John, N. B. mch28
