

General Telegraphic News.

LOUISVILLE, Ky., April 20.—Seven attempts were made to burn the city last night. In four hours 15 buildings were destroyed, and a loss of \$35,000 was estimated. All of incendiary origin. On Saturday night there were five incendiary fires in the city. Two arrests have been made.

PARIS, April 20.—An official despatch from Porto Novo states that King Behansia, of Dahomey, has written a letter to the governor of Porto Novo, in which he declares he is quite prepared for any move France may make against him, and warns the French that if they touch any of his towns he will destroy Porto Novo and all French posts in the Right of Benin. If King Behansia should decide to take the initiative in opening the war, there is no question of the safety of French possessions would be seriously threatened. The French force is believed not to exceed 1000.

LOUISVILLE, April 20.—In his letter on the female suffrage bill Gladstone notes as an objection that the bill excludes married women who are equally or better qualified to exercise the franchise. He does not fear that women would encroach upon the power of man, but he does fear "that we unwittingly invite her to trespass the purity, delicacy and elevation of her own nature."

MONTREAL, April 20.—The first session of the prohibition commission appointed by the Dominion Government has been held here. It was decided to visit several U. S. cities and all the large cities in Canada with a view to examine in detail the local operation of the restrictive liquor laws.

WASHINGTON, April 20.—The President will issue a proclamation in a few days promulgating the modest vivendi and warning all citizens of the United States against its violation. It has been settled that the ratification of the treaty of arbitration shall be exchanged at Washington and the Secretary of State and British minister are now making arrangements for that formality.

THE "Myrtle Navy" pling correctly represents the whole plan upon which its manufacture is conducted. There is not a fractional part of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in fancy cases, nor subject to any kind of expense merely to please the eye or captivate the fancy. The manufacturers rightly believe that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public have testified in its case that they prefer paying their money for a high quality of article than for ornament out of place.

WASHINGTON, April 20.—By a vote of 5 to 3 to-day, the house fisheries committee decided to report favorably upon the bill authorizing fishing for menhaden and mackerel with purse seines in all United States waters, regardless of state laws and customs.

Parties using the Telephones would find

taking much more satisfactory if they would observe the following rules:— 1st. Speak with the mouth about four inches from the transmitter. 2nd. Speak in a moderate tone of voice, not too loud, and distinctly. 3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear. 4th. It is possible to talk and be heard when standing back two or three feet from the transmitter, if you speak loud enough, but it is not a pleasant mode of conversation, it is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice. WITH GLOVES ON.

The hands of the patient referred to below were so sore and offensive that he had to wear gloves continually to hide his hands, until he used PHOSPHOLEINE (Pronounced FOS-FO-LEEN), when they became smooth and soft. SCROFULA AND SALT RHEUM. Dear Mr. Editor, I have much pleasure in giving you a record of the effect produced by the use of your PHOSPHOLEINE. The following cases have come under my particular attention while visiting the sick and poor: A case of Hereditary Scrofula.—The patient had tried most of the blood purifying remedies and Sarsaparilla in use, but for the past 19 years obtained no relief. After taking three bottles of your PHOSPHOLEINE his flesh became smooth and healthy, and he is now completely cured. A case of severe cough in the last stages of Consumption: The cough was eased, and the patient regained flesh and strength. This case is past curing, and the patient was pronounced so by physicians; but had she obtained of your medicine sooner, would no doubt have been cured. A case in which patient had given up the use of alcohol: The craving was cured, and the patient was regaining health and strength. A case of loss of flesh, great weakness, and indisposition for exertion of any kind, has been restored to health and strength by using your PHOSPHOLEINE. I have also recommended it to many who have been suffering from Dyspepsia, loss of strength and flesh, and in every case it has effected a cure. I have derived much benefit from the use of it myself.—I remain yours, &c., E. C. NEWBERY. For Sale by all dealers at 50c. per bottle of 40 doses. For sale by Geo. E. Hughes and Reddin Bros., Charlottetown.
