THREE PERSONS KILLED IN ACCIDENT AT NEW PERTH

Series Of Plane Crashes Plague U.S. Air Force

Premier's Herd Makes Strong Showing In Holsteins Classes

AMHERST, Nov. 7.—(Special)—Judging of the livestock exhibits at the Maritime Winter Fair was practically completed here about one o'clock today when the judges placed the last classes of Holsteins and Guernseys in the dairy cattle show. All that remain to be judged are a number of horse classes. Honors for the two day shows in both the Holstein and Guernsey breeds were well divided among the various exhibitors. Premier J. Wal-

Coming Events

- Springvale W. I. Cake Sale, Miller Brothers, November 15th.

- Dancing 9-11. Mt. Stewart Legion Hall, Monday, November 10th. 4 piece orchestra. (One hour step dancing. Highland Fling. List names at wicket for competition. Prizes). Door prize.

ter Jones of Bunbury made the strongest showing of any of the Island breeders today. He had fairly large entry in the milk classes and herds and took a good number of high placings. There were few Island entries in any of the Guernsey classes judged this morning. Guy Rodd of Brackley had one entry; Ernest F. Coles and Sons of Milton had one; and Harold Palmer of Kensington two. Falconwood Farm had two entries in the Holstein classes. Courtney B. Lusby of Amherst won the grand and senior female championships in the Holsteins with Crestaine Fafout Posch, an aged cow in milk. The reserve grand and senior honors were won by Joseph Fell and Son of Stew-Lacke, N. S. The Courtney B. Lusby herd made one of its strongest showings here today the Luslys won five first with three of them being in the milk classes. They had two seconds, a third and a fourth. The Bunbury farm Holsteins of Premier Jones won one first in the two-year-old milk class. They had seconds in the aged cow class and in the senior herd along with a fourth, two fifths and a sixth. The Premier's total count for the show was five firsts, five seconds, two thirds, three fourths, three fifths, three sixths and all the reserves in the male classes. (Continued on page 15 col. 2)

Believe 33 Men Either Dead Or Missing

(By The Associated Press) A series of plane crashes within 24 hours plagued the United States Air Force Friday from one side of the world to the other. Thirty-three men were believed dead or missing. A plane with 19 aboard was missing in Alaska. Eleven died in a crash late Thursday in England. Three planes crashed in Italy and at least three persons were reported killed. In the U.S., however, seven crew members bailed out of a burning bomber in Arizona's Tucson mountains and were rescued. The bomber was guided safely to its base by the pilot. Four other men remained aboard. A navy blimp crew of 11 was equally fortunate. A freak accident caused the blimp, its helium dissipating, to settle into the Atlantic Ocean 55 miles off Brunswick, Ga., but the men were rescued in short order by a navy sub working in the area. The missing Alaskan plane was a C-119 Flying Packet, en route from Elmendorf Field Anchorage to Big Delta. Five Air Force men were aboard plus 14 army men based in Alaska. The crash of an American B-50 bomber in Britain occurred during a training mission. It was about 40 miles from its base when it hit the ground near Dunmow and burst apart in a blaze of exploding ammunition.

21,049 Acres Passed In Certified Seed Inspection

Seed potato inspectors this season passed 21,049 acres as certified for seed purposes. Last year the total was 19,500 acres and this represents an increase of slightly over 1,500 acres for the 1952 season. Although the total acreage planted this year is believed to be generally lower than a year ago, the yield is reported to be really tremendous with many growers stating they are getting a constant yield of around 600 bushels to the acre. A great majority of growers are receiving well over the 400 bushel mark per acre to produce a big crop in a year when prices are high. The Lauson firm submitted the lowest tender promising delivery on schedule. The department said that when in operation the new ship "will add considerable impetus to the interchange of traffic between Nova Scotia and the New England states and will attract tourist traffic to the Maritimes." The vessel will have an over-all length of 345 feet 10 inches and a service speed of 18 1/2 knots. It is designed to make one round trip a day in daylight hours with a capacity of 600 passengers. The ship will have two automobile decks having a daily capacity of 300 cars and will be arranged to handle trucks and buses on the lower car deck. (Continued on page 15 col. 1)

Report Truck Overturned On Highway

Three persons were killed early today in an accident at New Perth. A half-ton Dodge truck left the highway and overturned. Killed were: Cecil Naddy, 23, son of William Naddy, Greenfield. Gerald Dunn, 17, son of Eugene Dunn, Victoria Cross. Edith MacKinnon, 17, of Milltown Cross. A fourth person—Jean Jamieson, 17, of Gaspareaux, daughter of David Jamieson, is unconscious in the King's County Hospital at Montague. A fifth person—Wilbur Naddy—brother of Cecil, apparently escaped without serious injuries, but he was badly shaken up. The girls were reported to have worked together at the kitchen of the King's County Hospital. It was not learned immediately who was driving. The truck left the road near the east end of New Perth, and only a few hundred yards from the short cut to the foot of Bell's Hill. Coroner Dr. G. S. A. Inman of Montague and the members of the Montague Detachment of the Royal Canadian Mounted Police were called to the scene. The accident occurred shortly before 2 o'clock.

Air Vice-Marshal Slemon To Succeed W. A. Curtis

OTTAWA, Nov. 7.—(CP)—Air Marshal Wilfred Austin Curtis, 59-year-old chief of the air staff and popular father of Canada's revitalized air force, is retiring Jan. 31, 1953, the Defence Department announced tonight. To meticulous Air Vice-Marshal C. Roy Slemon, a native of Winnipeg and 48 today, will go the job of bossing the \$2,000,000,000 three-year buildup of airpower as the bulwark of Canadian defence policy. With Air Marshal Curtis, a native of Havelock, Ont., goes an era. He is the last veteran of the First World War to sit as one of the Canadian chiefs of staff. Once Air Vice-Marshal Slemon takes over, all three forces and the Defence Research Board will be run by men too young to serve in that war. Air Marshal Curtis is possibly the only top military figure in the world who has served in all three armed forces. He won the (Continued on page 15 col. 3)

OTTAWA, Nov. 7.—(CP)—Air Marshal Wilfred Austin Curtis, 59-year-old chief of the air staff and popular father of Canada's revitalized air force, is retiring Jan. 31, 1953, the Defence Department announced tonight. Food Prices Sparked Slight Decline In Living Costs In Sept.

OTTAWA, Nov. 7.—(CP)—A drop in food prices, particularly beef, lamb and potatoes, caused a slight decline in living costs during September. This was reflected in both the new consumer price index and the old cost-of-living index, the Bureau of Statistics reported today. The new index, based on 1949 prices equalling 100, dropped one-tenth of a point to 116.0, from 116.1. It had increased by that amount in August. The old index, based on 1935-39 prices equalling 100, slipped for the third consecutive month, declining by 1.5 points to 185.0 from 186.5. This was a drop from the peak in living costs, reached last December, measured as 191.5 on the gauge and 118.2 on the new. (Continued on page 15 col. 1)

Auto Ferry Contract Is Awarded Quebec Firm

OTTAWA, Nov. 7.—(CP)—A contract for the construction of an automobile ferry to operate between Yarmouth, N.S., and Bar Harbor, Maine, has been awarded the Davie Shipbuilding and Repairing Company, Ltd., of Lauzon, Que., at a cost of \$3,926,000, the Transport Department announced today. Six bids were submitted to the department for construction of the vessel. An important factor in the decision on tenders was the date of delivery, specified at not later than 18 months from date of contract. The Lauson firm submitted the lowest tender promising delivery on schedule. The department said that when in operation the new ship "will add considerable impetus to the interchange of traffic between Nova Scotia and the New England states and will attract tourist traffic to the Maritimes." The vessel will have an over-all length of 345 feet 10 inches and a service speed of 18 1/2 knots. It is designed to make one round trip a day in daylight hours with a capacity of 600 passengers. The ship will have two automobile decks having a daily capacity of 300 cars and will be arranged to handle trucks and buses on the lower car deck. (Continued on page 15 col. 1)

Ch'town Dancing Team Victors In Square Dancing

The Charlottetown Y.M.C.A. Junior square dancers were acclaimed winners of the Maritime Winter Fair contest at Amherst last evening after their final opponents of the evening had been defeated on a point basis over the three evenings of competition. The Charlottetown adult group finished third, having been edged out by a team from Springhill, Moncton finished fourth. The prizes were, first, \$200.00, second, \$150.00, third, \$100.00, and fourth, \$50.00. The success of the Junior group was largely attributed to the special instructions given by George Andrew during the past two weeks. He was also the caller during the competition. Members are Alex. Horne, Allan MacKenzie, David MacDonald, Allan MacLeod, Ann Cerry, Connie Rogers, Elizabeth Atkinson and Madia Rogers. Members of the senior group are Mr. and Mrs. Arthur Duvar, Mr. and Mrs. Darrell MacGuire, Mr. and Mrs. Lemuel MacDougall and Dr. and Mrs. George Fisher.

Heavy Season For Cold Storage Plant

For the first seven months of the present fiscal year the Cold Storage Plant on Esler Street, operated by the P.E.I. Industrial Corporation, took in a total of 2,921,018 pounds of various types foods for storage. The biggest single food stored from April 1 to October 31 this year was cheese with 7,037 boxes in the plant weighing 568,876 pounds. Next heaviest commodity handled was fish with 547,302 pounds, while 18th behind were fruits and vegetables, other than strawberries and blueberries, with 543,230 pounds. Other products in the plant during the period under review, with their weights, were: fox food, 35,729; miscellaneous, 4,403; meats, 26,579; poultry, 155,821; butter, 471,536; strawberries, 335,804; blueberries, 201,988; eggs, 29,700 pounds. Last month saw a heavy influx of fish into the storage plant, and both poultry and cheese arrivals were also heavy. For October the products received for storage, with their weights in pounds, were: fox food, 4,713; miscellaneous, 1,880; fish, 145,309; meats, 930; poultry, 65,024; cheese, 889 boxes weighing 64,193 pounds; fruits and vegetables, 28,439. The total weight of receipts for October was 308,439 pounds.

Biggest Percentage Vote In U. S. History

WASHINGTON, Nov. 7.—(AP)—About 61 per cent of the adult population turned out to vote in Tuesday's election—the biggest percentage in history—a survey indicated today. With about 4,000 polling places still to be counted, an unofficial tabulation showed a combined total of 59,545,569 votes for Dwight D. Eisenhower and Adlai Stevenson. Counting minor party candidates and the remaining precincts, the total outpouring of ballots might reach 60,000,000. The Census Bureau estimates the total population at voting age as 98,400,000. That compares with 59 per cent in the Roosevelt-Wilkie race of 1940, the previous record.

Mayor & Councillors To Inspect N.B. High Schools

Mayor J. D. Stewart and a majority of the members of the City Council expect to leave early next Wednesday morning on a tour of inspection of New Brunswick High Schools, with a view to securing first hand information on the subject of building and operating such institutions. City Clerk J. A. Follerton has been in touch with all concerned and in some cases the probability of attending has been left open. The group will be augmented by a substantial representation from the City School Board as well as the Home and School Association according to information received from Frederic A. Large, Q.C., chairman of West Kent School Association, who developed the move with the aid of securing definite and authentic material with which to approach the High School situation which has developed in the city. "Mr. B. Earl MacDonald, when Mayor, visited mainland schools about five years ago, with members of the School Board and City Councillors at the request of Mrs. Gordon MacDonald and representatives of the School Improvement League," said Mr. Large. "The trip we are arranging to the High Schools at Port Elgin, Sackville and Moncton, should prove of value in the discussion which soon must be forthcoming as a result of the recent report of the School Board to the City Council. "Arrangements have been made whereby every opportunity to discuss relative matters at the High Schools visited," Mr. Large said. "Representatives from each city school organization will be urged to attend."

Quebec Plans To Tighten Law Against Margarine

QUEBEC, Nov. 7.—(CP)—Confiscation of vehicles transporting margarine will be proposed in government legislation to be introduced at the session of the Quebec Legislature starting Nov. 12. Premier Duplessis announced today. New steps to curb illegal sale of margarine will be in the form of amendments to anti-margarine legislation adopted in 1949. Seized vehicles would become crown property. "The government intends to stand pat on its margarine policy, in spite of the fact that it is unpopular in some quarters," Mr. Duplessis said. During the afternoon the Commanding Officers of the Air Cadet Squadrons in the Province, Flight Lieutenant G. B. Raynor (No. 60 Charlottetown Squadron) and Squadron Leader M. A. Shanks (No. 53 Summerside Squadron) presented their annual reports. It was noted that the present strength of both Squadrons is approximately 150 cadets, 75 for each centre. A dinner meeting at the Charlottetown Hotel climaxed the annual function. Group Captain (Continued on page 15 col. 3)

Cattle Sold At Winter Fair

AMHERST, Nov. 7.—(Special)—Thirty one head of Holstein cattle and twenty head of Guernsey were sold here this afternoon in a consignment sale at the Maritime Winter Fair. The Holsteins brought a total of \$11,000.00 for an average price of \$356.75. The Guernsey totalled \$4,595.00 and averaged \$22.75. Guy Rodd of Brackley sold four young heifers in the Guernsey sale. He received a total of \$970.00 and an average price of \$242.50. The highest individual Holstein brought \$550.00 and the highest Guernsey \$500. Moe McNeil of Windsor, N.S. sold the Guernsey and Dickie Bros., Truro, sold the Holstein.

New Commissioner Of Yukon Territory

OTTAWA, Nov. 7.—(CP)—W. G. Brown, 46-year-old native of Regina, has been appointed commissioner of the Yukon Territory, the Resources Department announced today. He succeeds Fred Fraser, who becomes chief of the northern administration here. The Yukon commissioner is the chief executive officer of the territory, administering its government under instructions from the Federal Government.

Nootka To Leave Korean Waters For Home Shortly

OTTAWA, Nov. 7.—(CP)—Fresh from effective action, the Canadian destroyer Nootka is returning home to her Halifax base and will be there by Christmas. Naval Headquarters announced today that the Nootka, after a year on her second tour of duty in Korea, is due in Halifax Dec. 17. Under Cmdr. R. N. Steele of Rogers Bay, N.B., she will return by the Suez Canal, thus becoming the second Canadian warship to circumnavigate the globe. The first was the cruiser Quebec. The Nootka has been relieved by H.M.C.S. Haida, which will keep the Canadian naval complement in the Korean theatre to

British Reject Offer of Cheese

LONDON, Nov. 7.—(CP)—Britain's Food Ministry disclosed tonight it has reluctantly rejected an Ontario offer of 10,000,000 pounds of cheese. The Ministry spokesman said Food Minister Cwylwyn Lloyd-George had decided it was impossible to accept the Canadian offer for the usual reason—not enough dollars.

Manslaughter Verdict In Shooting Case

ANDOVER, N. B., Nov. 7.—(CP)—Basil Wright, 49, charged with murdering Joseph Ferdinand Soucie, 28, was convicted tonight on the lesser count of manslaughter and sentenced by Mr. Justice C. T. Richard to seven years in penitentiary. Soucie was shot July 27 following a quarrel in the home of Mrs. Eugenie Benoit at Senechal Mills. R. C. M. P. Constable J. R. Dubois today quoted Wright, a woods worker, as having said at the time of his arrest: "Well, here I am boys. Hang me if you want to. He fired at me and I fired at him. I was the lucky one and he is upstairs. As far as I know, he is dead."

Enemy Guns Fall Silent Under Heavy Shelling

SEOUL, Nov. 8.—(Saturday)—(AP)—Massed Chinese Communist guns on the central front were falling silent Friday in a storm of Allied counter-battery fire unmatched in violence in the Korean war. Allied artillery reasserted the mastery it had lost in the three-weeks battle of Triangle Hill and Sniper Ridge as infantry of both sides crouched in bunkers. Farther west, Allied raider teams struck a vicious blow at Chinese atop Big Nori Hill, near Yonchon. Farther south, another raiding party cut to pieces a 25-man Chinese force near Korangpo. Russian-trained Chinese artillery men on the central front fired only about 2,100 rounds Friday, AP correspondent John Randolph reported. Tuesday the Reds threw in 23,000 rounds. Red Guns Destroyed Artillery officers estimated the barrage and air strikes destroyed 38 Communist field guns in four days and had damaged at least 61 more. This would account for nearly half the 200 or so guns that the Communists massed on this narrow sector. However, Allied officers were sure the enemy was keeping many of its guns hidden in tunnels and formidable emplacements of earth and logs. In the early stages of the Triangle-Sniper struggle, Red guns had a superiority estimated at times at almost three to one. But the Allies wheeled up an undisclosed number of their own, called off infantry attacks, and began reaching out for the hidden Red batteries. The Allied raid on Big Nori was the only sizeable ground action attempted in the freezing weather. The raiders hit the hill at dawn and fought on through the morning. The Eighth Army had no late reports on the battle, but presumably the raiders withdrew after inflicting considerable casualties. High tide today at Charlottetown at 1:38 A. M. and 3:43 P. M. High tide on the North Shore at 10:42 A. M. and 9:36 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7:01 A. M. and sets at 4:52 P. M.

HALIFAX, Nov. 7.—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Sunday. Synopsis: There were showers in the Southern Maritimes today and a few snowflurries farther north. Afternoon temperatures ranged from the low 50s in Nova Scotia to the low 30s in Northern New Brunswick and Eastern Quebec. The colder air over the northern regions will reach the Southern Maritimes Saturday, but otherwise little change is expected in the weather. Indications are that the weather Sunday will be fine as slighter drier air reaches the Maritimes. Regional forecasts, with an outlook for Sunday: Prince Edward Island: Variable cloudiness. A few widely scattered showers or snowflurries. West winds 15. Low and high Saturday at Charlottetown 30 and 40. Outlook for Sunday—Sunny and milder. High tide today at Charlottetown at 1:38 A. M. and 3:43 P. M. High tide on the North Shore at 10:42 A. M. and 9:36 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7:01 A. M. and sets at 4:52 P. M.
